A Common Cold

Is often the beginning of serious affections tions of the Throat, Bronchial Tubes, and Lungs. Therefore, the importance of early and effective treatment cannot be overestimated. Aver's Cherry Pectoral may always be relied upon for the speedy cure of a Cold or Cough.

Last January I was attacked with a severe Cold, which, by neglect and frequent exposures, became worse, finally settling on my lungs. A terrible cough soon followed, accompanied by pains in the chest, from which I suffered intensely. Some time ago I took a slight Cold, which, being neglected, grew worse, and settled on my Lungs. I had a hacking cough, and was very weak.
