

PERSONAL AND OTHERWISE

Mr. J. G. Gross of Waterloo, passed through town on Friday last, on his way to the county seat.

E. Boies returned from the Sound on Friday evening last. He reports times very dull where he has been.

Rev. Walton Skipworth has taken his child that has been so very sick for some time, to Salem, for medical treatment.

A Mr. McArthur who deals in hides etc., in Salem, has been in Lebanon in the past few days working in the line of business.

Born, near Lebanon, Linn county, on Saturday, March 24, 1888, to a wife Sam. Gentry, a daughter, eight 12 pounds.

Mr. Simms of Mehamah has been here around with a view to locating our midst. We would be pleased to Mr. Simms locate here.

farred, at the Russ house in Albany on county Or. March 28, 1888, by J. Humphrey J. P. Mr. F. H. Moreland and Mrs. Emma L. Charlton of Albany, Or.

Mr. Wm. Strong and wife arrived yesterday on the noon train from W. Mr. S. is a son-in-law of B. Cleaver of Lebanon, and was one of Albany's first bakery men.

We acknowledge a pleasant call from Mr. J. W. Bell of Spicer on Tuesday last. Mr. Bell is the accommodating postmaster at that place, and is also proprietor of the store there.

The Spiritualists in and around Lebanon held another one of their large meetings at the residence of Jesse Parvill's, above Sodaville, on Wednesday evening. Quite a large number attended.

The Ladies Aid Society of the M. E. church, will give an entertainment at the Old Fellows hall, (this) Friday evening. Admission, including supper 25 cts. A cordial invitation is extended to all.

Next Monday will be the last day of Prof. Langsford's class, when he will return to Salem. The new class will go on as usual; class days being Wednesday and Saturdays. He will return from Salem in time to take up his new class next Wednesday.

Mr. L. J. Peterson left on Wednesday morning for Grant county. The object of his going is the illness of his brother child, who is stopping with his grandpa Dr. A. H. Peterson of this place. He intends to make the trip and bring his brother with him in four days.

Our enterprising merchant, A. C. Churchill has bought out the interest of F. H. Roscoe some time since in the hardware business. He has greatly enlarged the stock of wagons and farming implements, and in a few days will have on a car load of mowers and hoes.

The Star service has been ordered continued on route 4410 between Salem and Lebanon, and is to take effect April 1, and instructions has been received to forward the mail after that date by the O. & C. R. R. Bids for carrying the mail between the postoffice and depot will be received by the P. M. up to Saturday, April 1.

Mr. J. J. Swan, of Emporia, Kansas, arrived in our town Monday the 20th, in search of a home and investments. He is a brother of T. A. Swan who arrived in January. They have certainly come to the right place, and we cordially welcome just such a class of citizens and sincerely hope they may be pleased with our country.

We certainly appreciate kindness, but when the fair ones, anticipate our wants, and unsolicited supply our needs we have not words to express in the EXPRESS, our heart-felt thanks. Printers need care like other boys, and we hope our unsold garments, will show our appreciation, but ladies there are two of us, and to prevent jealousy, we will appreciate another garment of the same kind.

The Oregon Presbytery of the Cumberland Presbyterian church met at Woodburn on the 23rd. Five ministers and one licentiate present, and seven delegates from the different churches. Rev. T. H. Small, perhaps the oldest living minister in Oregon, moderated. He presided with dignity, and to the entire satisfaction of all. The next meeting of this body will be in Lebanon on Thursday before the 4th Sunday in October next.

In the near future we expect to write up, as best we may, all the local manufacturers of every description, in and around Lebanon, also to give extended notices of all our advertisers. These who may wish to take advantage of our advertising columns, had best speak in time, for we only have space for a few more. In addition to the above, we expect to add to the above notice of our various enterprises in an extra advertisement for the special benefit of an advertisement of our local land agent.

Our esteemed friend Dr. T. J. Winter who was a guest at the St. Charles last winter, is now lying sick at Pendleton, he has our sincere sympathy. We remember well his smiling face and genial manners, that captivated and entertained the boys so generous last winter. The Dr. made himself not only agreeable and pleasant but filled a space in our hearts that will be hard to supplant. Good companionship is the cheer of life and we sincerely hope the Dr. may find his wanted health and again show his smiling face in Lebanon.

The weather for the past week has been remarkable good. We rejoice with our farmer friends in their ability and opportunity to reap their grain at winter carnival made bare and desolate. The spring grass is spreading anew her carpet of green and all nature is smiling. The soft moist rain of Wednesday will only hasten the opening buds and springing flowers. While our ice-bound neighbors across the Rockies are housed in, we are luxuriating in all the verdure and advantages of spring. Truly we know not how lavishly nature has opened her liberal hand and showered blessings on us "Webfoots."

LOCAL AND GENERAL.

CLOSING EXERCISES OF SANTIAM ACADEMY.—The present term of this excellent school was brought to a close on Friday the 23rd. Prof. Gilbert and Miss Gilbert have done themselves much credit, and conferred a lasting benefit on Lebanon and its surrounding country by their skillful and successful management of this institution of learning. The closing entertainment did credit to both their heads and hearts, and was a feast of season and a flow of soul, to all whose happy privilege it was to attend. The EXERCISES boys acknowledge thanks for a special invitation, and for courtesy shown them on their arrival. We take this occasion to commend this school to all the patrons of education. Prof. Gilbert has managed this school successfully now for ten years, and he and his assistants have thoroughly established themselves as competent and trustful educators. We bespeak for the school a continuation of patronage and support.

OUR FUTURE SCHOOL HOUSE.—We hope in the near future, to be able to give our readers something definite with regard to the new school building. The Hon. directors W. B. Donaca, C. B. Montague and R. C. Miller, have selected a block on the Ralston addition and have applied to the proper authorities for the same. If the good people of Lebanon would co-operate with our spirited directors, they would advertise this town better than all the circulars that could be printed. A first-class school building, with a regular graded school, would do more to advance the material interest of Lebanon than all our puffs and blows. We understand they contemplate erecting a six thousand dollar house; this may seem at first heavy on tax payers, but the general prosperity that would follow and aggregate enhancement of all property would more than compensate for the outlay.

DATE OF TOURNAMENT CHANGED.—At the request of the Volunteer Firemen's Association of this city, the firemen's tournament which had been set for September has been changed to June and will take place here about the 20th of June, the date not being definitely settled yet. The reason for the change is that the weather is liable to be wet in September. Great interest is felt in the tournament by the old fire ladders here, who although growing stout of waist and short of wind, are organizing a team to compete in the hose company races, climbing the ladder and pulling it up after them and all that sort of thing. —Oregonian.

ARLINGTON'S FIRE.—A fire broke out in Arlington, Or., on the 21, and a large portion of the business houses were destroyed. The fire first originated in Ralston's building in which was a small stock of drugs, and before any thought could be done, the flames rose beyond control. The fire then caught D. S. Sprinkles & Co's, store building and burned the whole block including the Arlington Times building. The losses will probably reach \$30,000.

A HUGE TAPE WORM.—Mr. E. J. Mills who has been a constant sufferer for the last four months, was by the aid of Dr. Courtney relieved of an enormous tape worm, about fifty feet long and one and one-half inches wide.

The Community's Loss.

In the death of W. B. Rice, which occurred Sunday morning, our city loses an honored, upright and influential citizen, and the Oregon Pacific railroad company an official whose place it will be hard to fill. For about 16 years Mr. Rice was passenger and freight agent and telegraph operator for the O. & C. R. railway at this place, and in that position became a universal favorite. No dissatisfaction ever grew out of his official action and no complaints was ever made, which is the highest meed of praise any man could receive. Always genial, pleasant and courteous, to know him was to like him, and no one will learn of his death who knew him but will feel a keen pang of regret that so early in life he has been called to pass over to the great majority on the other side of the dark river. A devoted wife and two little ones mourn with unconsoling grief, mingling their tears with the mother, sister and brother. Sunday evening a large concourse of citizens attended the brief funeral services at the late residence, conducted by Rev. E. R. Pritchard and Rev. S. G. Irvine, and accompanied the remains to the depot to be conveyed on the south bound train to Ashland, where the funeral obsequies will take place. Mr. and Mrs. A. D. Barker and Mr. T. J. Stites went to Ashland, the two gentlemen being a committee from the A. O. U. W., of which order Mr. Rice was a member. —Albany Herald.
