

PERSONAL AND OTHERWISE

Circus August 27. The State fair begins September 17. Read the circus advertisement in this paper. J. S. Courtney, M. D., physician and surgeon. We learn that Mrs. Frank Smith is quite sick. A. R. Cyrus made a business trip to Salem this week. Exchanges can be had at this office at your own price. The dusty time of the year is in the fullness of its glory. Remember the lawn party to-morrow night and be on hand. Watches and jewelry at Pillsbury's, Brownsville. Bed-rock prices. Dr. Mark Hayter and wife returned yesterday from a visit to Dallas. You Bet paced a mile recently at Cleveland, Ohio, in 2:03 1/2, the fastest on record.

Married, in Seio, August 8, by James Williams, J. P., M. D. Wheeler to Miss Lucy Miller.

J. W. Scandland expects soon to open his distillery. His principal product will be fruit brandies.

A farmer near Pendleton claims he can make money raising wheat and selling it at 2 1/2 cents per bushel.

Mr. J. A. Beard and family returned from the mountains last Wednesday. They report having had a good time.

F. M. Miller, near Miller's Station, threshed 1240 bushels of wheat from 40 acres, being over 31 bushels to the acre.

A large amount of plums have been shipped from this place. The crop is abundant and a great many will go to waste.

Help your town paper and the paper will help you. Every dollar you expend in this direction, is a dollar well invested.

A Miss Leg of Montana has just married a man named Hand. She thought she would rather be a right hand than a left leg.

Mr. Mark Hayter has purchased Dr. Mason's dental office at Dallas and will move to that place about the 15th of this month.

Dr. Powell, formerly of Lebanon, is now located at Spokane falls, where, it is said, he has made several rich strikes in real estate.

Two brothers named Theimer, aged 20 and 17 years, were drowned while bathing in the Willamette river at Eugene last Sunday.

Don't you forget Joe Harbin sets wagon tires. He has a first-class shrinker; no cutting and welding. All work warranted.

New comb honey from S. A. Nickerson's apiary at G. T. Cotton's and T. C. Peebler's, 20 cents per pound or three pounds for 50 cents.

Rev. Mell, of the Evangelical church, preached in Lebanon last Sunday, and made appointment to preach here twice a month hereafter.

Mr. Tharion Taylor, who got his leg broken last April, was to be seen on our streets yesterday, the first time since the accident occurred.

Prof. Hunt returned from San Francisco last week. He made this office a pleasant call and informed us that he had a pleasant and profitable trip.

The narrow gauge is to be placed in first-class condition this summer. A contract for furnishing about 125,000 ties has been let to J. M. Leavens and Moses Langtree.

A. R. Cyrus sold last Monday to F. H. Ogil of Marion county 200 acres of land four and a half miles east of Lebanon, the property of Mrs. T. W. Davenport. Consideration, \$2700.

Judge Bean has decided the Lane county judgeship contest in favor of Rodney Scott. Mr. Fenton says that he will appeal the case to the supreme court, to be heard at the October term.

When used according to directions, Ayer's Ague Cure is warranted to eradicate, from the system, Fever and Ague, Intermittent, Remittent, and Bilious Fevers, and all malarial diseases. Try it.

There will be a lawn party under the auspices of the M. E. church given on Mrs. C. C. Hackleman's lawn Saturday evening, Aug. 11. Refreshments will consist of ice cream, cake and lemonade. Everybody cordially invited.

Word reached yesterday that work had commenced on the branch line of the narrow gauge to Seio. It will be pushed through as soon as possible, and the citizens of Seio will soon welcome the voice of the locomotive to their town.

Negotiations are under way with a California manufacturer for the construction of the Lebanon ditch, and it is probable that it will be put through. Should the project succeed we have the assurance that the water power will be fully used for manufacturing purposes.

On last Saturday Rev. G. W. Giboney and wife, Misses Edie and Ada Miller and Messrs. Charles and Robert Montague started for the mountains. They intend to go up as far as Matolas and will be gone three or four weeks. This is a lively crowd and we are sure they will have a good time.

"Why don't you run a newspaper like that?" a groceryman said to a reporter the other day, throwing out a Chicago daily. "For the same reason that you don't run a grocery store like that," the reporter replied, turning to an advertisement of a Chicago house, showing a twelve-story building. The groceryman looked attentively at the picture a moment and said: "I never looked at it in that way before."—Ex.

The Brownsville Wollen Mills Company are considering the matter of removing their mills on account of there not being sufficient water power at Brownsville. They have purchased the water power at Waterloo, and expect to either go there or to Albany. They have made a proposition to go there in case the citizens of that place offer sufficient inducements. It is proposed to close the mills about the first of next year.

Burn Up the straw. Yes, burn up your straw and throw away everything you can; it is of no use—you can't sell it and it is just in the way. Now we have been inquiring from the farmers and others well informed on the subject, and we find that within a radius of ten miles of Lebanon there is annually burned, wasted or rotted more than one thousand tons of straw. Now if we had a paper mill at Lebanon this would bring the farmers a yearly income of \$7000, besides give employment to many hands, and it would turn loose thousands of dollars monthly for labor, wood and other material. Lebanon alone would not be the gainer if a paper mill were here. Besides consuming the wood and straw it would open a ready market for fruit and vegetables; hundreds of bushels of fruit that is now rotting could be turned into ready cash. Chickens, eggs, butter and cheese would find cash sales at home. Fellow citizens, let us arise and build. If one man will not take hold of this, another will. "Let us not stand all the day idle," but take hold of this thing by the handle and keep on turning until we grind out a paper mill.

A Pet Coon Nearly Kills a Child. Following is from the Albany Herald: Saturday afternoon the five-month-old babe of James V. Pipe was placed asleep upon the bed in the room, from which a door opened into the sitting room, occupied by Mrs. Pipe and others. In the course of an hour or more a slight smothered noise was heard in the bed room, and the child's mother on going to the bed was horrified to see a half-grown pet coon upon the child's breast, with its mouth fastened over the child's lips. It had entered at the open window and finding the babe asleep had bitten it about the mouth, and was sucking away its blood and fast smothering it to death. The babe was so smothered and weakened from loss of blood that it could utter but a faint noise, and Mr. Pipe thinks in five minutes more would have been killed. Fortunately the child will not suffer any serious results. It is unnecessary to add that the coon is now dead.

Serious Accident. On Monday an eight-year-old daughter of Wm. Rodman, of Bear creek, was playing in a grain field where her brother was running a mower. Unobserved by her brother she got in front of the sickle, and before he could stop the team the sickle struck her left leg, inflicting about twenty gashes between the ankle and knee. All the tendons of the back part of the leg were severed and numerous flesh wounds were inflicted upon the sides. Dr. Gesner was summoned and arrived at Mr. Rodman's almost twelve hours after the accident occurred. The doctor found the injured limb very much swollen, though was able to dress the wounds, and is of the opinion that the little girl will recover and regain the use of the injured member.—Ochoco Review.

Sells Brothers' Circus and Menagerie. The advertisers of this justly celebrated show are "painting the town red" with splendidly executed pictorial announcements of its coming. No exhibition in the world is better, if as well advertised, and none so completely and to the letter fills the bill. Its reputation of being among the best tented displays on the road is cosmopolitan, and wherever its immense volume of mighty canvas is spread the patronage is sure to crowd it to its capacity. It comes to us this year with numberless added features, all strong drawing cards, and many of them never before presented to an American audience. Their team of equestrians, both male and female, are marvelous performers, and the hippodrome attractions are as exciting as they are realistic. The show will be in Albany August 27.

Excursion to G. A. E. National Encampment. An excursion train will leave Los Angeles, Cal., for Columbus, Ohio, September 1st, going East via the Mt. Shasta route, and will pass through Albany September 4. Excursion tickets will be sold at all towns along the line of the road. To accommodate those who will want to take train at non-coupon ticket offices, a ticket agent will accompany this particular train. The fare from Los Angeles and return is \$50. We do not know whether or not it will be any cheaper from this point. The excursion goes to the National Encampment of the G. A. R.

Took Sallpeter by Mistake. Henry Steinhansen, a bachelor residing about three miles west of Gervais, was working in his garden Monday morning. The coroner was called and an inquest held. It was found that he had taken a dose of sallpeter instead of salts. He was in Gervais the day before, and purchased what he supposed was salts, but by mistake called for sallpeter, of which he took an overdose. He was a German, about 45 years of age, and has no relatives in this country.

Work to be Resumed on the O. P. The contract for completing the unfinished work begun on the O. P. by Contractors Hunt and Bennett was let last Saturday to Brink & West, and work will commence at once. This contract will take the road the present season about seventy miles beyond Albany. Next spring as early as possible it will be pushed through to Boise City. Five hundred Chinamen and a large number of white men have been engaged, and work will be commenced the first of next week.

Notice. I will only remain in Lebanon till about the 15th of this month, and those wishing work in the dental line will please take notice. MARK HAYTER.

Disorders of the stomach, liver, and kidneys, can be cured by restoring the blood to a healthy condition, through the vitalizing and cleansing action of Ayer's Sarsaparilla. It is the safest, most powerful, and most highly concentrated alterative available to the public.

D. B. Irvine of Corvallis, agent for the Vancouver nursery and the Farmer's Favorite lay press, was in town on Friday last.

Dr. Young and brother, who is reported to have made extensive purchases of mining stock in the Calapooia mining district, on Friday left for the Blue river mines.

Surgeon-Dentist Martin has for the past week been located at the Wilson hotel, extracting, filling and cleaning teeth and practicing dentistry in all its branches.

James Smith, of Prineville, accompanied by his children, who arrived from east of the mountains on Friday, are visiting at the residence of James Smith, Sr.

On the evening of July 30, at the North Brownsville City hall, C. B. Bradley commenced a series of three lectures, on the subject of "Free Thought, Universal Mutual Liberty," etc.

R. Bradley, brother-in-law of James Shays of this place, and Mr. Davis, both of Wood River, Idaho, where they are interested in mining matters, arrived in town on Friday, having accomplished the entire distance to this place on their buxwaird. They will visit the Calapooia mines, and if satisfied with the prospects will either locate claims or invest in some of the leads already recorded.

Wm. Robe, who for the past month has been at the Pioneer claim on the Calapooia, on Friday returned to town, suffering from a severe cold and attendant sickness. It is the intention of Mr. Robe, as soon as he recovers from his present illness, to again return to the mines, from which he brings the most flattering reports.

Waters & Morelock, in view of the large grain yield of this year, have made all necessary arrangements for the storage of wheat. They have built an additional granary at the flour mill with a capacity of 20,000 bushels, and have also leased the warehouse at the depot, the capacity of which is 70,000 bushels. Albany prices will be paid for all wheat delivered at the depot warehouse.

On Saturday, the day following the death of Thomas Cooper, Doctor I. W. Starr of Brownsville and Doctors Smith and Geary of Halsey held a post mortem, the examination being performed in compliance of a request of the deceased, made a short time previous to death. The post mortem substantiated the opinion of the attendant physician—that death was occasioned by a stricture of the intestines, which for the previous six weeks had failed to properly perform their functions.

Sunday, August 5th, at the Cumberland Presbyterian church, Rev. J. R. Kirkpatrick, at 11 A. M. and 7:30 P. M., delivered Sabbath sermons to a full attendance. Mrs. Kirkpatrick, who recently arrived from Texas, accompanied her husband on this appointment, and was most cordially welcomed by the many friends of the revered gentleman. At the M. E. church Rev. E. G. Givens was also favored with a large attendance at morning and evening services. Sabbath school exercises at the Baptist, M. E. and Presbyterian churches were largely attended.

The dwelling of Dr. J. L. Martin caught fire last night and was consumed. Most of the household goods were saved. It caught fire in the kitchen and it is supposed from the fire. The fire boys worked nobly, but were unable to save the building. The house lacked about fifty feet of reaching the burning building. No insurance.

SMON. BART ALLEN and brother reached this valley Sunday from Prineville. Mr. Allen informs an EXPRESS reporter that the hills around Prineville are green, and stock are fat. The farmers have about half a hay crop and are busy taking care of the same. Times are dull.

Edith Griffith, daughter of West Griffith of Heppner, writes to one of her friends here in the valley the following about their trip across the mountains: Left Sweet Home July 11th, stopped at Lower Soda three weeks on account of the rain; resumed our journey July 1st, spent July 4th fishing at Fish Lake; passed through Buttermilk canyon four miles in length. This place has been visited by a water spout and two miles of the road was washed out, so it is very rough and narrow. Hay, rye and barley crops in Crook county are tolerably good. The apple crop, wheat and other grain crops along the John Day country are very good. Gardens around Heppner are very good. Wheat and hay crops fair. The weather is dry and warm. We were six weeks on the road.

Dr. Mark Hayter, Dentist, Lebanon.
