

OUR PUBLIC SCHOOL.

Prof. Hunt informs us that our public school has about the same number of pupils in attendance this year as last, and the school has now settled down to good work. We predict that this will be a successful and beneficial school year.

Every person, with or without a family or a business, should be interested in the education of the youth. If we wish our town and vicinity to prosper, let us keep up a good school, and to do this it is necessary that the parents in the district see that every person of school age attend school regularly and punctually, and to assist the teachers by encouraging the pupils to adhere closely to the regulations of the school.

A little more interest and attention given to the progress of our public schools by all parents, and a better idea of educational necessity inculcated in the minds of the youth, would produce wonderful results.

HARRISON'S LETTER OF ACCEPTANCE.

Following are extracts from Gen. Harrison's letter of acceptance:

It is a matter of congratulation that the declaration of the Chicago convention upon the question that now attracts the interest of our people are so clear. There is further cause of congratulation in the fact that the convention utterances of the Democratic party, if any degree of uncertainty can now be judged by executive acts and messages, and by definite propositions in legislation. This is especially true of what is popularly known as the tariff question.

It is a delusion detrimental to morals and virtue and subversive of the principles that underlie the purity of society. It is a delusion that has no foundation on facts; its pretended revelations are all in the dark-or in a hidden state. It is a delusion that has no foundation on facts; its pretended revelations are all in the dark-or in a hidden state.

What right has "Skeptic" or anyone else to question the goodness of God when He is crowding His mercies and blessings on them, both temporal and spiritual, every day. The man who cannot look up and see the goodness of God every day is like the hog that eats acorns under the tree.

Our workmen have the settlement of this question in their own hands. They now obtain higher wages and live more comfortably than those of any other country. They will make a choice of the substantial advantages they have in hand and the defective promises and forecasts of those theorizing reformers.

COMPLAINING.

What an immense amount of trouble people can bring upon themselves by crossing the bridge before they get to it. Half of our troubles in this world are but imaginary. Take persons in business as examples. They find the tide turning against them. In spite of all efforts to build themselves up and accumulate they find the tide running the other way. They at once perceive that the fault must be in the mean, underhanded workings of a competing neighbor, and as an act of retaliation they begin to play the same game. Feeling guilty, they exaggerate every action of friend and foe until they become like Ishmael, with their hand against every man and every man's hand against them.

Our little town is very lively at the present time, everybody busy, and room for more. G. F. Elliot has returned home from McMinnville, where he has been at work for some time. Some of the Indians that came in to pick hops have gone back into the mountains to hunt awhile.

Several families from near Halsey passed through here last Monday and Tuesday on their way to the soda springs.

Married, on the 16th inst., at the residence of Mrs. Johnson, by Rev. R. Robe, Mr. Abraham Crisp and Miss Belle Johnson.

Enos Whited and family started last Tuesday for the hot springs on the McKenzie. Their little daughter has been paralyzed for the past year, and they are trying different mineral waters for her benefit.

The Moyer Bros., of Brownsville, passed through here last Wednesday with an engine, which they are using on the river above here. They are hauling in logs off the bars, so the first raise in the river will take them on to Brownsville.

Clark Baker and family and John Baker arrived here last Friday from Nebraska. They came to this country four years ago, but only remained a year and a half, after which they returned to Nebraska, where they have been for the past two years. They say there is no place like Oregon.

James W. Gay invited all of his neighbors of 50 years of age and over to come in and eat water melons. Twenty-one accepted the invitation, and at 2 o'clock Wednesday the party gathered at the residence of Mr. Gay, where they enjoyed themselves for two hours or more.
