**ACADEMY NOTES.**  
School is again in a flourishing condition after the holidays, with all scholars present.  
A class in book-keeping has been organized, which meets Tuesday and Thursday evenings.  
One of our students, Herbert Jordan, was quite sick a few days last week, but we are glad to see him able to be in school again.  
The names of new students entered on the list this week are Misses Lillie Edwards, Maggie Sutton, Irene An-  
... Elta Settle and George Edwards.  
Frank Marks has taken the contract of publishing the Gleaner, and asks that correspondence be handed in early before the space is all engaged. Write on all subjects except politics, as he proposes to run a first-class neutral paper.  
At the meeting of the E. L. S. Monday night the following named officers were elected for the ensuing term of office: Pres., J. B. Marks; Vice Pres., Miss May Hardy; Sec., Miss Lizette Reid; Treas., Miss Edith McKinney; sergeant-at-arms, Geo. Walton; critic, Miss Maggie Sutton. "STUDENT."  
G. A. R. and W. E. C. Installation.  
On last Saturday evening the officers of John F. Miller Post G. A. R. and W. E. C. were publicly installed, after which the audience was entertained with music and short addresses. At a given signal, a detail of the W. E. C. went out foraging, and returned with a well-supplied commissary, and proceeded at once to issue rations to the willing audience, who felt to with a will and partook of the many good things provided by the W. E. C. The printers were remembered with a generous plate of cake. Below we print a poem written expressly for the occasion by Comrade C. A. McDonald:  
**KEEP YOUR CAMP FIRE BURNING.**  
Keep your camp fire burning, boys—  
Some comrades, on life's dreary wild,  
In wandering homeless through the world  
As helpless as a little child.  
The nation that he fought to save,  
For which he gave his better days,  
Heeds not his suffering and want,  
Not notes his weary, wandering ways.  
Keep your camp fire burning, boys,  
Our ranks are growing less and less;  
Soon the last comrade will be free  
From want and all unhappiness.  
But while we live and bear a name  
We'll cherish one another,  
And give extent a helping hand  
To our afflicted, suffering brother.  
Keep your camp fire burning, boys,  
Nor stay the hand that feeds the flame,  
The deeds that win, in time of need,—  
These deeds that give our lives a name.  
And as we struggle in the past,  
To keep the old flag floating free,  
So let us leave this glorious name  
Unpolluted to posterity.  
**Suit for Damages.**  
Elva Christian, of Eugene City, has brought suit in the U. S. circuit court against C. N. Scott, receiver of the Oregonian railway, to recover \$5000 for the loss of her husband, who was run over and killed by the cars at Brownsville about a year ago. The case is now on trial at Portland. The complaint alleges that Christian, who was a brakeman, was ordered to get on the engine to pull a coupling pin in order that a flying switch might be made, and that while engaged in doing this he fell off and was run over and killed. The accident happened in the evening when it was quite dark, and therefore it is very difficult to prove just how it was brought about. The defense offer testimony to show that Christian did not obey the order given him, but got on the end of a car instead of on the engine, and on this account was thrown off and killed.  
**LATER.**—The case was decided Wednesday, the jury returning a verdict for the plaintiff for \$3000.  
**How Moody is Paid.**  
A great many people wonder how Rev. D. L. Moody is paid. The Portland Telegram says: "It is a question which few can answer, because the reverend gentleman refuses absolutely to talk on matters with representatives of the press. 'The Lord leads me, He feeds me and He clothes me,' said he, when questioned upon the subject, 'and He will give me all the money I want, and at any time.' One of the committee said to a reporter: 'We are not going to pay him a cent. He never takes pay for his work. He will not permit a collection to be taken up from his audience. However, his expenses are paid by us, and we intend to present him with a purse when he leaves, probably \$500. But he will not use it for himself. He has numerous charitable institutions which he constantly feeds, besides a boys' and girls' school in his native New Hampshire village.'  
**How to Boon Your Town.**  
Talk about it.  
Write about it.  
Keep your sidewalks in good repair.  
Always cheer up the men that go in for improvements. Your portion of the cost will be nothing that is not right.  
Don't kick at any proposed improvement because it is not at your own door or for fear that your taxes will be raised fifty cents.  
Encourage strangers by making them feel welcome and at home, and when they want to buy property don't ask them twice as much as you would a resident.  
**A Weather Forecast.**  
Prof. Blake, the great Kansas weather prophet, gives special forecasts of weather for Oregon and the coast. He says our temperature for January will be normal and the rainfall much larger than usual; for February, colder than usual and moderate rainfall; March, rather cool and wet in more northern parts. He says for the whole United States January will witness the greatest fall of snow known for many years. Paste these predictions in your hat and see if Prof. Blake knows anything about it.  
**Change in Business.**  
All parties to the firm of Thompson & Waters, either by note or account, must come forward and settle the same within thirty days, as there is going to be a change in their business.

Mrs. L. V. Lousway, of Seattle, is visiting her mother, Mrs. Dr. Martin.  
Prof. L. M. Curl, County School Superintendent, is visiting the schools at this place.  
It is reported that there will be two weddings in town soon. There are several others who are half married, that is they have their own consent.  
Miss Belle Myers and Ella Carey, who have been home spending the holidays here have returned to McMinnville where they are attending College.  
Henry Shelton is the happy possessor of a 13 lb. daughter. He said he thought some one had to improve the stock and it might as well be he as anyone.  
The Scio city duals who were elected on the low license platform, for the ensuing year, held a meeting Jan. 7th and reduced the license for saloons from \$500 to \$250. Also elected a night watch, so look out for your light-fingered night gentry, lest they find a shelter some of these cool nights.—Albany Democrat.  
**Change of School Books.**  
The vote on the change of school books resulted in several changes being made, as follows: The New National Series of Readers in place of the Independent Series; Fish's arithmetics in place of Brooks'; Robinson's algebra and geometry and trigonometry in place of Brooks'; Bryant & Stratton's Common School Book-keeping instead of Lyte's. Exchange rates: Readers, free; arithmetics, 15 and 50 cents; algebra's and geometries, 60 and 90 cents; book-keeping, 50 cents.  
Several additional text books were adopted which have heretofore not been in use, to-wit: Language Lessons—"Short Studies in English;" Number Work—"Piper's Seat Work;" Spelling—Blakes—"Manson's System;" Physical Geography—"Guyot's Revised;" Advanced Grammar—"Clark's Normal;" Primary History—"Barne's Primary History of the United States;" Elementary Natural History—"Tenney's;" Astronomy—"Steele's;" Geology—"Steele's;" Drawing—"White's Industrial Drawing;" Composition—"Bardens's Sentence Making."  
**How Moody Was Pictured.**  
The great evangelist, Dwight L. Moody, is opposed to having his likeness taken. He said that he was in receipt almost daily of invitations to sit for celebrated artists, but had always refused. "One New York firm," he said, "offered me the handsome sum of \$5000 if I would let them photograph me, but I refused." F. J. Catterlin, an lively artist, yesterday sought the noted divine and met with no success, but at the afternoon meeting Prof. Krumbin, the great crayon artist, was present and succeeded in making a perfect sketch all unknown to the great Moody. The likeness is faultless and will at once be photographed and put on sale by Mr. Catterlin. Call and see the perfect crayon sketch.—Salem Journal.

**HOW DOCTORS CONQUER DEATH.**  
Doctor Walter K. Hammond says: "After a long experience I have come to the conclusion that two-thirds of all deaths from constipation, pneumonia and consumption, might be avoided if Dr. Acker's English Remedy for Consumption were only carefully used in time." This wonderful Remedy is sold under a positive guarantee by J. A. Beard.
