The introduction of bills and resolutions occupied the most of the week... Twenty-five bills were introduced in the senate and 48 in the house... The most important, perhaps, are the ones by Harrington for the exemption of homestead of eighty acres from forced sale under any process of law, except for taxes or purchase money; and by Northrup for the amendment of registration laws... They are a very handsome and savory game bird, and in moderate numbers are a very valuable acquisition to the game of the country... One of the coaches turned over on its side and the passengers were well shaken up, though none sustained injuries... The other two cars remained upright... The derailment was caused by the spreading of the track... At the time the accident occurred the train was moving at a moderate rate of speed... Had it been moving rapidly the accident might have resulted much more seriously... As it was, all consider themselves very fortunate in escaping as they did, for, beyond a little jolting and a bad scare, no damage was done... Arrested for Bigamy... Last Monday R. H. Volrath entered a complaint in Justice Luckey's court charging W. L. Coshow with the crime of bigamy... On Wednesday Mr. Coshow appeared for examination, represented by attorneys J. F. Moore and J. Mr. Coshow is a former resident of Brownsville... They Lost... The potato market of San Francisco, which took a sudden drop about a month ago, is said to be looking up considerably... Some of the shipments actually rotted before a disposition could be made of them... The Iron Age, in speaking of the ship building interests along the Delaware, says: "Col. F. Eggerton Hogg, of the Oregon Pacific, also needs two iron ships for the trade between San Francisco and the Yaguina bay..." This shows that Col.
