Hon. R. C. Miller received a dip patch last Wednesday evening stating that Rev. Samuel Miller had died at Amity while he was going to McMinnville to attend the Oregon Presbytery. He is well known in this county and has many warm friends in Lebanon, who will be sorry to hear of his death.

Gardening is all the go now. That's right, plant all the vegetables you need for yourselves and a good large quantity for the emigrants; they are coming, and don't you forget it, right to Lebanon. The tide of emigration is heading right this way from all over the east, and Linn county must and will have her share.

We are reliably informed that there were three gentlemen in Lebanon this week, two of them among our most substantial farmers, who said that they would buy property and move here if the town would only vote to build a school house sufficient to accommodate the children, and one in which a good graded school could be taught. The demand is on us and we must meet it "if we would arise and build the city."

Two weeks ago yesterday, which was March 28, Mrs. N. J. Sippy, Mr. Hearn's mother-in-law, fell from off the sidewalk near the depot, about the same place where Watkins fell a short time ago. This makes three that have fallen off at that place lately, but Mrs. Sippy is probably worse than any of them. Lebanon should see that such places are fixed if it is the railroad's business to fix it. The town should make a complaint.

Teacher's Institute.

The Teacher's Institute held at Albany, Or., April 3, 4 and 5, was attended by about one hundred teachers. State Supt. McElroy was present most of the time, also Co. Supt. Bryan of Benton. Prof. W. N. Hull, of State Agricultural college, took part in the institute work and gave some very suggestive and interesting illustrations in drawing. The lectures during the institute were given by Prof. Van Scoy, of Willamette University, Salem; Pres. Stanley of State Normal School, Prof. W. W. Hull and Prof. Condon of the State University. The lectures were very instructive and interesting and were well attended by the Albany people as well as the teachers. The music was excellent during the evening sessions. Most of the teachers went home well pleased with the work of the institute, but there was of course the usual number of croakers. The institute was certainly a step in advance of last year's, showing that the teachers of Linn county had not been sleeping at their posts. Co. Supt. Curl is a man fully awake to the interest of the teachers and patrons of the schools, and does his work well. He is at present interested in the subject school libraries, and intends to work the matter up. C. S. H.

DIED.

KLUM.—On Monday, April 8, 1889, Charlie Klum, in the 22nd year of his age.

It is with sadness that we chronicle the death of Charles Klum, of Sodaville. He had just entered upon man's estate, and gave promise of a life of honor to himself and profit to the community in which he lived. He spent last summer in the Cascades and the winter in eastern Washington in the hope of restoring his shattered health, but in vain. Consumption, that fell destroyer, had laid his hand upon him and he is gone. A large concourse of relatives and friends followed him on Wednesday to his last resting place in the Nye cemetery. A FRIEND.

We Want the World Posted!

ON OUR METHOD OF DOING BUSINESS!

They are not common, they are unique, but they are founded on strict business philosophy. Most merchants take care of No. One, and their care stops there.

WE TAKE NUMBER TWO INTO PARTNERSHIP WITH NO. 1,

And we make the interest of No. 2 of equal importance with our own. With all this we aim to be leaders in low prices, and we are ready to

Paint the Earth Red

With the statement that we will not be undersold. We shall continue to sell the best goods at the best prices (best for No. 2, remember) and we invite you to test us and see if our word is not good right down to the dotlet on the I.

C. C. HACKLEMAN.

A Traveling Man's Experience.

Mr. C. J. Smith, travelling sales-man for Belford, Clark & Co., Chicago, had the misfortune to sprain his wrist most severely. "I was suffering great pain," he says, "and my wrist was badly swollen; a few applications of Chamberlain's Pain Balm relieved the pain and reduced the swelling in one night, and in consequence my work and business was not interrupted, for which I am very grateful. I can recommend Chamberlain's Pain Balm from personal experience." Sold by M. A. Miller.

Too Many Sweatments.

Rich food, and lack of exercise, during the winter months, causes the system to become torpid and the blood impure. A dose or two of St. Patrick's Pills will cleanse and invigorate the system, purify the blood and do more good than a dollar bottle of blood purifier. Sold by M. A. Miller.

How Can Parents

Allow their children to cough and strain and cough and eatily say, "Oh! it is only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S CHERRY COUGH SYRUP! It has no superior and few equals.

M. A. MILLER, Druggist.

The gushing reporter who wrote, with reference to a well known belle, "Her dainty feet were incased in shoes that might have been taken for fairy boots," tied his ward robe up in his handkerchief and left for parts unknown when it appeared the next morning: "Her dirty feet were incased in shoes that might have been taken for ferry-boats."

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Take Their Word for It.
