They were the finest we have ever seen, the largest measuring 9 1/2 inches in circumference. A man with as big a heart as finley McRae has a right to grow the largest strawberries in Oregon.
The A. F. & A. M. cemetery, one-half mile north of town, has been lately renovated and put in fine condition. It is a beautiful location, just the right kind of soil, and well adapted in every respect as the silent city of the dead. These lots can be bought now on very reasonable terms, and here the loved dead can secretly sleep until the last trump shall sound.
A new theory about Bannon, the escaped prisoner, is that he is in the vicinity of Lebanon trying to make certain parties there pay him for the time he spent in trying to rob the Lebanon bank for them. As this is a shocking world we give this one for our readers to digest. It may be doubted, though, if he is within several hundred miles of Lebanon.—Albany Democrat.
Memorial Day will be observed in Lebanon as usual with the customary display of flowers, music and speaking, on the 30th. If we mistake not, this beautiful custom originated at Augusta, Ga., in 1866. Lebanon has only "one of the boys that wore the blue" reposing in her cemetery; that grave is unmarked by anything that deserves the name, and it does seem to us that it would be more patriotic to erect a monument to mark his resting place than so many flowers. Who will pass around the hat?

There will be a union service in the M. E. Church next Sunday, and no service in the other churches in the morning. The Memorial sermon will be preached by Rev. Martin Hickman, by request of the Lebanon Post. It would be well if the Post, or some other organization, would turn out and clean off the Lebanon cemetery before Decoration day. The present condition is a serious reflection on our people, discreditable to our civilization, and uninviting to strangers and emigrants. The old cemetery is right here in town; it cannot be moved, and willing hands and loving hearts should keep it neat and nice.

Overflows the faces of our customers when
They Get A Taste

Of our method of doing business. At first they are astonished and look on in amazement at the way we dispose of bargains, but when they catch on the fact that we give

THE BEST QUALITY

As well as the biggest quantity ever offered for like low prices, well, then they smile, and walk right up to the counter and call for their share, and spend money until the purse is empty but

"Old Times."

The Reminiscences of an Old Timer by Capt. George Hunter is a very readable book, brim full of thrilling incidents in the life and history of an old pioneer of this coast. The hero is a son of Wm. Hunter, of Brownsville, who has the book for sale. Father Hunter is one of the oldest and best citizens of Linn county, and may well feel proud of the important part played by his son in the great drama of settling up this coast. We heartily commend this book to the reading public, and bespeak for Father Hunter a kind reception and a liberal patronage.

Sunday-School Picnic.

At a meeting at the First Presbyterian church last Sunday evening of the committee, one from each Sabbath school, it was decided to have a union Sunday-school picnic on the 6th of June. Committees were appointed to attend to different parts. We understand that the committee appointed to select a place for the picnic have decided on the ground across the canal, opposite Wheeler's sawmill, the same used before. This promises to be a grand time. Everybody invited.
