The happy event was made doubly enjoyable by the presentation of a beautiful cut glass tray, exquisitely mounted in silver, to the Rev. Le Roy and wife, who in a most eloquent manner returned thanks for the expression of good will and friendship shown them by their many friends. T. S. P.

NO PUFF

Is necessary to keep the sale of our goods; those who see are satisfied by sight and touch that they are, in all respects superior to competing lines. Our stronghold is to get buyers to look at our goods. Their own judgment makes them purchase.

No Bluff

On prices is made by us. We don't put in all the price they can carry on our goods, but right at the start make the smallest price possible. We point with pride to our prices as phenomenal in price, making for their extreme reasonableness

NO GUFF

Goes with us. Good wine needs no blush. Honest trading needs no taffy. Ours is no soft soap establishment. We don't talk customers into buying. We don't have to. The goods talk and the customers take them on their own sound judgment, but remember to get our goods.

We Take the Stuff.
