

—So unconstructive by wear or decay is the African teakwood that vessels built of it have lasted fully 100 years, to be then broken up only on account of their poor sailing qualities on account of faulty models. The wood, in fact, is one of the most remarkable employed in human industries on the score of its great weight, hardness and durability, its weight varying from some forty-two to fifty-two pounds per cubic foot. It works easily, but because of the large quantity of silic contained in it the tools employed in its manipulation are in a short time worn away. It, however, possesses the advantage of containing an oil which prevents the spikes and other iron work with which it may come in contact from rusting.

—At no time in the history of this country did true Christian manhood weigh more, and a merely nominal church membership less, than now in the estimate of the business world.

BEECHER ON ADVERTISING DOCTORS

"I am glad that the doctor cured him; I am glad that the doctor put it into the paper that he could cure him. And if any doctor is certain he can cure such diseases and don't put it into the paper, I am sorry. What a pity it would have been had this doctor come to town with his wealth of science and experience and gone away leaving him unwept! What a pity it would have been if he had been so prejudiced against advertising as to read the responsible certificates of the doctor and give him the go-by as a quack! What are newspapers for, if not to circulate information? What more valuable information can a newspaper give than to tell a sick man where he can be cured? If a man has devoted his life and labor to the study of a special class of disease the necessity of saying so becomes all the more pressing. His duty to advertise becomes imperative. A really able man, whatever be his gifts, makes a great mistake if he fails to use those gifts through want of advertising."

The above extract from an able article by the Rev. Mr. Beecher embodies a sound view of the subject of advertising. Suppose Dr. Darrin had come to this city and not advertised who would know of his presence? Who would know of the following almost miraculous cure he performed in 1872, had not Mr. Dibble put it in the paper?

Mr. Editor: In 1872 my daughter was taken with the membranous croup, and upon her recovery, was left totally deaf. I called on two eminent physicians, who said they could do nothing for her. As a last resort I took her to Dr. Darrin, who cured her, and she has never been troubled with deafness since. I consider it one of the greatest cures of Ele-tro-magnetic treatment on record, and with great satisfaction give this testimonial. I reside in Berkeley, California, and will take great pleasure in answering any inquiries concerning this most remarkable cure.

Yours respectfully,
WILLIAM S. DIBBLE.

Out of Sorts

If a feeling peculiar to persons of dyspeptic tendency, or it may be caused by change of climate, season or life. The stomach is out of order, the head aches or does not feel right, appetite is capricious, the nerves seem overworked, the mind is confused and irritable. This condition finds and excellent corrective in Hood's Sarsaparilla, which, by its regulating and toning powers, soon restores harmony to the system, and gives that strength of mind, nerves, and body, which makes one feel perfectly well.

"I have used Hood's Sarsaparilla in my family for three years, and have taken it personally with great success. It has always built up my system, by giving me a good appetite, has cleared my skin, and has made me sleep. I have suffered from nervous prostration, and have been cured by nothing but Hood's Sarsaparilla and occasionally a few of Hood's Pills." G. F. JONKEMANN, Supt. of Music of Public Schools, Cincinnati, O.

A New Departure

From ordinary business methods is made by the manufacturers of Dr. Pierce's Golden Medical Discovery. In guaranteeing this world-famed remedy cures all diseases arising from derangements of the liver or stomach, as indigestion, or dyspepsia, biliousness or "liver complaint," or from impure blood, as boils, blotches, pimples, eruptions, scap disease, salt rheum, scrofulous sores and swellings and kindred ailments. Money paid for "Discovery" promptly returned if, on fair trial, it don't cure.

Don't hawk, hawk, blow, spit, and disgust everybody with your offensive breath, but use Dr. Sage's Catarrh Remedy and end it.

One ungrateful man does an injury to all who stand in need of aid.

This is the age of wonders, and the average American citizen is no longer surprised at anything. If you want to experience that sensation, however, just write to B. F. Johnson & Co., 1009 Main St., Richmond, Va., and hear what they have got to say of the success of some of their agents. They have got the goods that sell, and any one out of employment will consult their own interests by applying to them.

Having for the past four or five years been troubled with pimples and blotches on my face and body, and finding no relief in any of the chemically prepared soaps and medicines prescribed for me by physicians, I concluded to try your S. S. S. remedy, and have found great relief in the same, four bottles clearing my skin entirely. I cheerfully recommend your medicine to all who are in the position that I have been in. You can use this letter and my name as a testimonial to the merits of the S. S. S. remedy.

WASHINGTON'S CAPITOL.

The question as to where the Capitol of the new State of Washington will be located, is one of the most important that is to be submitted to the voters of that commonwealth at the election of October 1st. If you are a voter you should not cast your ballot on this important question without due consideration. Olympia, the present Capitol of the territory, present her claims and asks for your vote. First, because she enjoys the best and most healthy climate of all the places that are seeking for Capitol honors. The thermometer never sinks below 2 degrees above zero in winter and rarely ever falls that low. In summer 90 degrees is the maximum heat. There are no high winds and the rainfall is the same as in many of the eastern Atlantic Coast States. The death rate in Olympia is lower than that of any other American city.

Second—Olympia is only twenty-three miles further from the geographical center of the State than either Ellensburg or North Yakima; she now has the same railroad facilities as they have, and will shortly be connected with the Union Pacific line running south from Port Townsend, while a new line from Tacoma to Gray's Harbor will connect Olympia with both these important points. You can reach Olympia from Tacoma by any one of half a dozen railroads by a short trip costing 50 cents. You can reach all the other Puget Sound points as easily from there and at comparatively as small a cost. No other candidate for the Capitol has any of these advantages.

Third—Olympia is the central point of the most populous and wealthy section of the new State. Take a circle the center of which is Olympia and the radius 100 miles and the population amounts in the aggregate to 116,824 while within a circle of a 100 miles of Ellensburg it amounts to 26,282, thus showing that Olympia is in a center of population more than four times that of Ellensburg and North Yakima. Then, too, the ratio of the acreage of the property within the same radius is about the same, being a little more than four times as much within the circle with Olympia for its center, as it is in the circle with Ellensburg or North Yakima for a center. The exact figures cannot be determined, as the returns have not all been received at the office of the Territorial Auditor, but enough is known to show that in the case of Olympia, with its 100 miles surrounding, it is between \$50,000,000 and \$60,000,000, and in the cases of the other two places named it is between \$12,000,000 and \$15,000,000.

Fourth—Olympia has as fine an hotel as any city in the West, and its general hotel accommodations are of the best. The new "Hotel Olympia" is 118x140 feet in size with four stories and an attic. It contains every modern convenience, is surrounded by spacious porches, is erected on a magnificent site commanding good views in every direction. It cost completed \$100,000 and will accommodate two hundred guests with the care of a first-class hotel. The new "Hotel Olympia" is 118x140 feet in size with four stories and an attic. Swept by the Tide of Popularity

To the topmost pinnacle of success, Hostetter's Stomach Bitters stands a shining proof of what genuine merit, backed by the living orce of proven facts, can attain. The North and South American continents—Europe, Australia, the West Indies, Guatemala and Mexico have all contributed wide patronage and testimony of the most favorable kind—but unsolicited—to swell the reputation of this sterling remedy. Among the maladies for which the most convincing public and professional testimony prove that it is a benign, curative, are chills and fever, bilious remittent, dumb ague and ague cake, dyspepsia, liver complaint, nervousness, debility, kidney and bladder complaints. It mitigates the infirmities of age, hastens convalescence, has a tendency to prevent ill consequences from exposure and exhaustion. Persons of sedentary habits and laborious occupations will find it an ever useful tonic.

G. C. Partholomew, Kalkaska, Mich., says: "I located in this place five years ago, having formerly resided in Troy, N. Y. I have been a great sufferer from what the physicians of Troy called Bright's disease. I used Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y. All the terrible symptoms of the disease are gone. I have no traces of any disorder of the kidneys, liver or bladder. Who would begrudge the cost of this medicine (one dollar a bottle) for such a blessing or refuse this simple though sincere token of gratitude for being perfectly cured?
