

FRIDAY, OCTOBER 4, 1889.

It is astonishing how capital flows into the new western industries that come in the shape of manufactories, such as paper mills, woolen mills, blast furnaces, boiler factories, etc., hundreds of which are being planted in the west. Factories in the Willamette valley have a decided advantage over those in the east, as they seldom ever freeze up in winter, while eastern factories freeze every winter, and sometimes for months at a time stand idle. It is not so in the Willamette valley.

The governor of North Carolina being questioned as to the proposed negro exodus from that state, said that he believed that it would be beneficial to the state for them to leave, as the state would then fill up with men from the northern states that are kept away on account of having to compete with negro labor, and the resources of the state, to be developed, were not such as the negro liked. Its mountains were full of ore, and it required white men to develop these resources.

HOW TO MAKE A TOWN.

Don't fret.
Talk about it.
Write about it.
Beautify the streets.
Patronize the merchants.
Be friendly with everybody.
Advertise in your newspaper.
Elect good men to all the offices.
Don't grumble about hard times.
Avoid gossip about your neighbors.
Keep your sidewalks in good repair.
Sell all you can and buy all you can at home.

Do your trading with your home merchants.

If you are rich invest nothing; employ somebody to be a "rustler."

Remember that every dollar invested in permanent improvement is so much on interest.

Be courteous to strangers that come among you; so that they may go away with good impressions.

Always cheer on the men who go in for improvements, your portion of the costs will be nothing only what is just and right.

Don't kick at any proposed improvement because it is not at your own door, or for fear your taxes will raise 50 cents.

Never condemn the local paper until it has misused you. If it has dealt unjustly, write to it or go into the office and tell the editor about your case; if he is wrong he will lose no time in telling the public about it.

Remember that no man does so much for your town as the local newspaper. Every paper sent out is an advertisement of the business, the resources and enterprises of the place, and the people get a better idea of it from the local paper than from any other source.—Blanco Star-Vindicator.

THIRTY-ONE YEARS AGO.

In cleaning up the rubbish at the old Party building one day this week a small weather-stained scrap of paper was found, on which was printed an invitation to a Masonic ball in Roseburg thirty-one years ago. It reads as follows: "Masonic Ball. Your company is respectfully solicited at a ball, to be given at the Masonic hall, Roseburg, Oregon, on Thursday evening, 6 o'clock, June 25th, 1858. Managers: L. F. Mosher, A. E. Rogers, William Hochkiss, James M. Pyle, Richard Botkin, William Muns, Samuel Gordon, James A. Odle, S. F. Chadwick, Matthew Neaves, A. J. Burnett, William J. Martin. Floor managers: F. R. King, T. L. Grant, F. Robinson, W. R. Ellis, director of music." We would like to see those old pioneers now tripping the "light fantastic toe."

Fegg's Cherry Cough Syrup.

Is giving splendid satisfaction to the trade and the sales are positively marvelous, which can be accounted for in no other way except that it is without doubt the best in the market. Ask for and be sure you get the genuine. We keep it. H. A. Miller, Druggist.

Cruson & Menzies will furnish your "dinner" cheap.

HOW TO GET ALONG WELL.

Pay as you go.
Never "fool" in business matters.
Do not kick every one in your path.
Learn to think and act for yourself.
Keep ahead rather than behind the times.
Don't stop to tell stories during business hours.
Have order, system, regularity and promptness.
Use your own brains rather than those of others.
Do not meddle with business you know nothing about.
A man of honor respects his word as he does his bond.
No man can get rich by sitting around stores and saloons.
If you have a place of business, be found there when wanted.
Learn to say no. No necessity of snapping it out dog fashion, but say it firmly and respectfully.
Help others when you can, but never give what you can not afford to simply because it is fashionable.—Ex.

GOLDEN CITY.

Sept. 19, 1889.

EDITOR LEBANON EXPRESS:—
I will again catch the quill and send you a few lines regarding the prosperity of the mines in Golden City. John Austin, secretary of the hydraulic company, in company with Rogers, of Salem, arrived here Saturday and stayed over Sunday. From him I learned that he had bought the charter of this wagon road from Mr. Smith, of Mehma, and will start men to work fixing it up in first-rate shape. While here he also bought of Hiram Giddings a placer mine for which he paid \$2000. He will be back here in a few days with engineers to commence operations. While he is gone Mr. Jordan is left here in charge of some men, putting up a house, which will be another improvement to our city.

E. O. Smith came in here last week in company with Mr. Fisher J. Bowen, expert, he was well pleased with the mines. They have returned to Portland, Fisher going to San Francisco. From what I could learn they will start work in a few days.

Campbell and Smith left for Portland yesterday to be gone two weeks.

The Golden City Mining company is at work on the "G. B." ledge which shows a fine body of quartz. They are at present running a cross cut, which will strike the ledge about forty feet down from where they first were at work. They have some very fine specimens showing gold, which they have taken out of this ledge.

The Albany Mining company is at work on their ledge and have at present tunneled 60 feet. This ledge shows some very fine galena.

Campbell and Smith have a tunnel run on the Black Bear, from which they have got some very fine specimens of gold.

Wishing your paper all the prosperity in the world, I remain
Your humble
PROSPECTOR.

OBITUARY.

KEENEY—At Albany, Oregon, on Friday, Sept. 27, 1889, Edward E. Keeney, aged 29 years.

On last Friday Edward E. Keeney departed this life at his sister's residence in Albany, and his remains were interred at Brownsville on the Sunday following. He was a young man of promising abilities and fine standing both morally and religiously. He was formerly a student at the academy at this place, having spent most of his life in the school room preparing for high aims in life. He has many warm friends at this place who extend to the bereaved parents their heartfelt sympathy.

BIRTH OF SIXTEENS.

Mrs. Hiram Mell, of Madad, Idaho, has given birth to sixteen children, three boys and three girls. All are quite hearty and promise to live, and their weight altogether is eighteen pounds, says an exchange.

Since 1849 the British government has paid in marine subsidies more than £40,000,000 sterling, and is now paying out over £1,000,000 a year. It has agreed to pay the Canadian Pacific railway a subsidy of £45,000 a year for the establishment of a line of steamers from Vancouver to Hong Kong, to which the Canadian government adds \$15,000 more. Already there is a British line of steamers from London to Hong Kong by way of the Suez canal that receives an annual subsidy of

NOTICE AS TO MONEY!

Persons who owe me MUST PAY UP NOW.

I do not propose to waste much time in dunning. In fact there are some who imagine they should not be dunned at all, but it takes money to do business. Do not be surprised if you find the note or account you may happen to owe me in the hands of an officer for Very Prompt Payment.

The long, weary credit business is a thing of the past in Lebanon.
