A young gentleman from the his-
toric hills of Juniper registered at the
Golden Rule last evening, and procur-
ed a bed in the dormitory. After
brushing the hayseed from his flowing
locks, loosening his "galluses," and
otherwise preparing for bed, he pro-
ceeded to blow out the electric light.
After expending enough wind to fill
the sails of a whole brain-ful of politi-
cal aspirations without succeeding in
"blowing the glim," he seized his hat
and wildly waved it about the "gosh-
burned thing." This also failing to
reduce the light to darkness, he
caught on to the fact that something
was wrong, as the other lodgers in the
dormitory were having a good laugh
at his expense, and retired much dis-
comfitted.—Pandleton E. O.

Parents should be careful that their
children do not contract colds during
the fall or early winter months. Such
colds weaken the lungs and air pass-
ages, making the child much more likely
to contract other colds during the
winter. It is this succession of colds
that causes catarrh and bronchitis or
leaves the way for consumption. Should
a cold be contracted, lose no time but
cure it as quickly as possible. A fifty
cent bottle of Chamberlain's Cough
Remedy will cure any cold in a few
days and leave the respiratory organs
strong and healthy. For sale by M.
A. Miller.

The mammoth furniture establish-

tion.

When you desire a pleasant phys-
ic, try St. Patrick's Pills. They can al-
ways be depended upon, and do not
nauseate the stomach nor gripe the
bowels. For sale by M. A. Miller.

Lay down a method for everything
and stick to it inviolably.

A little girl spent the afternoon
with her grandmother. When she
came home her mother asked: "Have
you been a good girl, dear?" "Not so
very," answered the truthful little
one, "but oh! I've had lots of fun."
