The Fire and Hammer, a paper published at Eugene by W. T. Ellis, is on our table this week. It is a daisy. Wonder what the Brownsville Times will have to say now?

A petition is being circulated for the pardon of W. A. Hill, who is now in penitentiary for wrecking the overland train. It is said a great many people are signing it.

Fourteen lots sold in the Wasson addition this week. The price of these desirable lots will soon be advanced. Parties contemplating buying would do well to close at once.

R. R. Humphrey now has his sawmill running and is turning out a great deal of first-class lumber. He has started a lumber yard in town. Notice his ad. in another column.

M. E. Hearn sold his dwelling last week near the depot to Mr. Casey, the engineer, who is now occupying it. Mr. Hearn has moved into the house with R. S. Roberts and the office near the house.

Mr. McDonald, editor of the Brownsville times, was in town last Saturday evening and made THE EXPRESS a pleasant call. It was his first visit to our little city, and he was very favorably impressed with it.

Miss Hela Gilbert has accepted the position as teacher of the music class at the academy. We know that every one who wants to take music lessons will be glad to learn this, as Miss Gilbert has always given perfect satisfaction.

Last Tuesday A. P. Blackburn sold his interest in the livery stable to John Nichols and has gone back to his farm. Then on Wednesday Mr. Nichols sold a fourth interest to Mr. Kirkendall, which, gives Kirkendall an interest in both stables.

School opened at the academy Tuesday with as large an attendance as could be expected at this season of the year. Prof. Wright, who has charge of this institution, is a graduate of the college at Selo, Ohio, and has had several years' successful experience as a teacher. He comes highly recommended from both the college and the school of which he had charge. The Professor has added much new material, such as charts, globes, etc., to the academy, and has taken hold in dead earnest. All who have the interest of this work, and of the town, at heart, should give him their hearty cooperation.

A \$55,000 Paper Mill. Lebanon to the Front.

A Bonus of Five Thousand Dollars Raised in Two and One-Half Days.

This is no party rooster, but a genuine Lebanon game-cock, crowing for Lebanon and vicinity, and for nobody else. O'Neil Brothers, of California, bonded themselves to put in a fifty thousand dollar paper mill, if we would raise a five thousand dollar subsidy, and the undersigned are the gallant fellows who did the work. All honor to one and all who gave a dollar. This enterprise assures not only the success of our town, but is of vast interest to the entire county, as it will consume hundreds of dollars worth of straw, material that has heretofore been fed to the flames. It opens a market for more country produce and gives employment, regular and constant, to at least sixty hands. The pay rolls of the paper mill, we are assured, will not be less than four thousand dollars per month, which will swell our volume of trade very materially. The real estate of Lebanon will not only be greatly enhanced, but also that of the entire surrounding country. Already property is rapidly changing hands, and just now is the time to buy if you want to save or make money.

OBITUARY.

Died, in Happy Home district, at the residence of Mr. and Mrs. J. W. Gee, on the morning of the 19th of November, 1889, at half past three o'clock, little Ida Morris, daughter of I. J. Morris, of Hillsboro, Washington county, passed to the higher life after many weeks of severe suffering.

Little Ida, thou hast left us,
And thy loss we deeply feel,
But 'tis God who has bereft us,
He will all our sorrows heal.

Mr. and Mrs. Gee have watched over the little girl confided to their keeping with tenderest care, and could not have done more for a child of their own. They have the sympathy of the entire community in their sad bereavement.

O weep not for Ida, all is well. Her pure spirit has passed the portal called death, and now in soul land dwell.

Begg's Cherry Cough Syrup

Is giving splendid satisfaction to trade and the sales are positively marvelous, which can be accounted for no other way except that it is without doubt the best in the market. And be sure you get the genuine. Keep it. M. A. Miller, Druggist.

In a recent article in the Youth Companion, on "How to cure a cold," the writer advises a hot lemonade taken at bed time. It is a good treatment, especially during cold weather of the winter. It opens the pores of the body, leaves the system in such a condition that another and much more severe cold is almost certain to be avoided. Many years constant use and experience of thousands of persons of all ages, has fully demonstrated that there is nothing better for a severe cold than Chamberlain's Cough Remedy in perfect harmony with nature. It soothes the inflamed mucous membrane, making it easier to expectorate, and restores the system to its normal and healthy condition. Cent bottles for sale by M. A. Miller.

M. A. Miller returned from Brownsville last Saturday, where he had purchased a stock of holiday goods. He will open about the 1st of December the largest and most complete stock of holiday goods ever seen in this city.
