

DRS. DARRIN'S NEW OFFICE.

The Doctors Will Move From 235 Fifth Street to the New Washington Building December First.

Owing to the increased patronage Dr. Darrin has received during his sojourn in Portland the past three years, he has been compelled to enlarge his quarters, and has secured four elegant rooms in the new Washington building, corner of Fourth and Washington streets. The building has an elevator, thus obviating the necessity of walking up stairs to the second floor where the doctor's offices are located. The elevator will direct any one asking for Dr. Darrin's office. Separate reception rooms for ladies and gentlemen, or any desiring private consultation. Remember the change, that after December first the offices will be at the Washington Block, until then at 235 Fifth street. Patients coming to the Doctor, will do well to come direct to the office before locating themselves, as it is necessary in many cases to have them near the office. Patients will guard against being influenced by any one directing them to other doctors. As a further proof of the doctor's ability to cure people by electricity, we mention the following names:

Ex-Sheriff A. T. Schoep's daughter, proprietor Northwestern hotel, corner Front and Clay streets, Portland, loss of appetite, liver complaint and rheumatic neuralgia for six months, cured.

Wm. M. Colwell, Skamokawa, Wash., sciatic rheumatism and liver complaint, restored to health; also his brother, Geo. L. Colwell, Skamokawa, Wash., was cured of a numbness of the arm.

Mrs. E. Ahlf, 160 North Fourteenth street, Portland, cured after nine doctors had failed, of painful menstruation and womb trouble in every conceivable way, general debility, pain through the heart and lungs.

Charles Christman, Portland, Oregon, scrofulous catarrh so bad that destruction of the nose was threatened and had become so offensive that it was sickening both to himself and friends, cured in two months.

C. McLaughlin, Portland—Catarrhal deafness, could scarcely hear a sound or the car bells and was in constant fear of being run over by wagons, cured so he can hear ordinary conversation.

Levi Bartmes, Stayton, Or., heart disease, dyspepsia, pain through the heart and lungs, and general nervous debility, many times he would fall as though dead, when everything seemed to turn black before his eyes; successfully treated.

D. Campbell, Fulton, Or., says he would not take \$10,000 for the cure he received by Dr. Darrin. His trouble originated by three small lumps or tumors coming on the arm, which rendered this arm and hand perfectly helpless for one year.

There will always be romance in the world as long as there are young hearts in it.—Bovee.

Why Electric-Light Wires Should Go Underground Everywhere.

The electric wire is fast becoming one of the greatest dangers engendered in our rushing civilization. Deaths through accidental contact with electric-light wires are alarmingly frequent, and soon there will be an irrepressible uprising against the overhead wire unless some effective method of insulation is discovered.

At an inquest in New York over the body of a man who had been literally roasted by an electric-light wire that he had accidentally grasped while making some repairs on the roof of his house, one of the officials of an electric-light company frankly admitted that all electric-light lines overhead are dangerous. Further than this he said:

"All wires are dangerous, whether thoroughly insulated or not, and my advice to people who have any desire to live is to let them alone." As the desire to live is general, and as it is not always possible to let electric-light wires alone, the safety of the public demands that all electric wires be placed in conduits or subways where there can be no possibility of accidental contact. With the overhead wire, injury has resulted through mere induction; and in Toledo recently a young man was instantly killed by a current of electricity which entered his body through a shutter which he had opened out against an electric wire.

The problem of insulation is one that the electric-lighting companies must grapple with all their energies; for if perfect insulation can not be established, all electric wires must go under ground.—Milwaukee Wisconsin.

ANOTHER FAMILY OUT OF TROUBLE AND, AS A RESULT, HAPPY.

Such a remark as this will always draw the attention of every good thinking man or woman. We all desire to be out of trouble and happy, and when we read as above, our hearts join in congratulations. This is one of the many cases that our heading meets exactly:

I, G. W. Mortley, 530 1/2 Howard St., have been a severe sufferer for years, and have had the best doctors in San Francisco attending me, without any results for the better. My trouble was severe attacks of pains in my back and chest; headache; loss of appetite, languid, tired feelings; skin rough and greasy, and in fact generally broken down in health. I purchased two bottles of your Great Sierra Kidney and Liver Cure, and after two weeks I find myself cured from all my ailments. My appetite is fine, my pains are gone, my skin is clear, and I can surely say I am well, and will ever thank your wonderful remedy for my health, and, in fact, my life. Very truly yours,

G. W. MORTLEY.

PHYSICIAN'S COMMENT.

Mrs. Emeline C. Hanna, missionary for First Baptist Church, Troy, N. Y., says: "I am only too glad to add my testimony to the great value of Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. It has permanently cured me of Kidney troubles, Catarrh of the Bladder, also constipation. I would state that I used Dr. Kennedy's Favorite Remedy with the full consent of my physician."

Dr. David Kennedy's Favorite Remedy is a sovereign remedy for Nervousness, Rheumatism, Kidney and Liver Complaint, and all the ills peculiar to women. It drives the poison from the blood and restores the patient to the bloom of youth.

Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y. \$1.50 per bottle.

Catarrh

Is a complaint which effects nearly everybody, more or less. It originates in impure blood, and is aggravated by taking cold. Disagreeable flow from the nose, tickling in the throat, offensive breath, pain over and between the eyes, ringing and burning noises in the ears, are the more common symptoms. Catarrh is cured by Hood's Sarsaparilla, which strikes directly at the cause by removing all impurities from the blood.

Can be Cured.

"I suffered with catarrh fifteen years; tried all the catarrh remedies without benefit, and was about to try a change of climate, when I took Hood's Sarsaparilla. I would not take any money consideration for the good one bottle did me. Now I am not troubled any with catarrh, and my general health is very much better than it has been for years."—I. W. LILLIS, Chicago, Ill.

Some years ago I was thrown from a horse in McLennan county, and received a frightful wound on one of my legs. For more than a year I was unable to walk. The wound ulcerated and refused to heal, and every day I thought I would have to amputate. S. S. S. was recommended, and I used it freely, and I shall never get through thanking S. S. S. for saving my leg, and restoring me to perfect health.

HOPE FOR THE SICK.

One Remedy for One Disease.
(From Medical Journal).

"The four greatest medical centres of the world are London, Paris, Berlin and Vienna. These cities have immense hospitals teeming with suffering humanity. Crowds of students throng the ward-study-lag under the Professors in charge. The most renowned physicians of the world teach and practice here, and the institutions are storehouses of medical knowledge and experience. With a view of making this experience available to the public the Hospital Remedy Co. at great expense secured the prescriptions of the hospitals, prepared the specifics, and although it would cost from \$25 to \$100 to secure the attention of their distinguished originators, yet in this way these valuable medicines are sold at the price of the cheap patent medicines that flood the market and absurdly claim to cure every ill from a single bottle. The want always felt for a reliable class of domestic remedies is now filled with perfect satisfaction. The Hospital Remedies make no unreasonable claims. The specific for Catarrh cures that and nothing else; so with the specific for Bronchitis, Consumption and Lung Troubles; Rheumatism is cured by No. 3, while troubles of Digestion, Stomach, Liver and Kidneys have their own cure. To these is added a specific for Fever and Ague, one for female weakness—a general tonic and blood-maker that makes blood and gives form and fullness, and an incomparable remedy for Nervous Debility." These remedies are all sold on an absolute guarantee to do what is claimed for them. A circular describing this new method of treating disease is sent free on application by Hospital Remedy Company, Toronto, Canada, Sole Proprietors.

A NEW TREATMENT.
Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been discovered which permanently cures the most aggravated cases of these distressing diseases by a few simple applications made (two weeks apart) by the patient at home. A pamphlet explaining this new treatment is sent free by A. H. DIXON & SON, 337 and 339 West King Street, Toronto, Canada.

The above Picture Represents
CAPTAIN S. GREENWOOD,
Master of the Steamship Kanawha.

About a year ago he observed a strange change in his feelings. He felt tired instead of vigorous; nervous instead of strong. His appetite became poor and his sleep broken. He tried to overcome these feelings, but they would not go. He then noticed pains and irritation in the water channels, and that the fluids passed were often thick and with a scum on top or a brick-dust sediment at the bottom. All these were the sure symptoms of that fearful disease, Catarrh of the Bladder, which has always been considered incurable, and they continued until the Captain was in a terrible condition. But he is the picture of health and vigor to-day, and he owes it entirely to that wonderful medicine, Hunt's Remedy. Capt. Greenwood says: "I am so certain of the great value of Hunt's Remedy, that I always carry a supply on shipboard for the use of my men, and I prescribe it whenever they are ailing. After curing me as it did, and restoring my wife, (whom the best physicians of New York said was dying of tumor), to perfect health, I swear by it."

This Great Remedy absolutely cures all Kidney, Liver and Urinary Diseases.

The Chamber of Torture

Is the apartment to which the unhappy sufferer from inflammatory rheumatism is confined. If, ere the crisis of pain is reached, that fine preventative, Hostetter's Stomach Bitters, is used by persons of a rheumatic tendency, much unnecessary suffering is avoided. Nervines, anodynes and sedatives, while having none but a specific effect, are yet very desirable at times. Yet they can produce no lasting effect upon rheumatism, because they have no power to eliminate from the blood the rheumatic virus. Hostetter's Stomach Bitters does this, and checks at the outset a disease which, if allowed to gain headway, is next to impossible to dislodge or to do more than relieve. Rheumatism, it should be remembered, is a disease with a fatal tendency from its proneness to attack the heart. A resort to the Bitters should, therefore, be prompt. Dyspepsia, kidney complaint, malaria and nervousness are relieved by it.
