

LOCAL AND GENERAL.

Concert this evening. F. N. French, Jeweler, Albany, Ore. Holiday Books at Miller's drug store. Six lots sold in Wasson's addition this week. A fresh milk cow for sale. Inquire of this office. Headquarters for holiday goods at Beard & Holt's. Pure blood Wyandotte chickens for sale by R. S. Roberts. Our merchants are making extensive preparations for the holidays. In this week's issue we furnish as a supplement the president's message. A building boom has struck the city and houses are springing up in every direction. W. C. Peterson is doing a rushing real estate business. Give him your patronage. One good four-year-old horse for sale cheap—well broke—apply at this office and get a bargain. R. S. Roberts brought into this office one day this week an egg that measured 6 1/2 x 7 1/2 inches. Another interesting feature of the concert to-night will be the splendid music furnished by the "Magic Spell Orchestra." If you want to make money fast and easy, invest in property in Lebanon. It will double in value in less than six months. Now that the paper mill is an assured fact, our citizens should build the Lebanon ditch. Who will make the first move in that direction? Several of our citizens have this week invested in property in Seattle, Portland and Astoria—and a great many have invested right here in Lebanon. Rev. J. R. Kirkpatrick was to have made the address on the 4th at the anniversary of the grange gathering, near Rowland, but was too unwell to be present. If you want to buy city property, either in Lebanon, Seattle, or Astoria, the three booming cities of the Pacific coast, apply at this office. The best of property on the best of terms. A. R. Cyrus has temporarily moved his office to THE EXPRESS' sanctum. He leaves in a few days for Astoria, where he will open a real estate office. May success attend him. Mr. Phil Smith, of the St. Charles, has purchased and closed the restaurant. This enterprise should receive the patronage of the citizens of Lebanon and others coming to our town. Dr. E. R. Barker, who is interested to a considerable extent in the Dry Gulch mines, is in town this week visiting his mother, and blowing up the mines. He thinks he has struck a bonanza. Hon. R. A. Irvine is favorably mentioned as the democratic candidate for governor of Oregon. Bob has the rustle and go in him, and if he gets the nomination he will make the fellow "hump it" that beats him. W. Dunston, a representative of the Dry Gulch mining company, was in town this week. This company, by the way, is a very extensive one, and proposes to create considerable stir in the spring. The capital stock is \$300,000, divided into 3,000,000 shares at ten cents a share. A quartz mill will be put in next spring. Everybody attend the concert at the M. E. Church to-night. Miss Hallie M. Parrish, of Salem, who is conceded to be the sweetest singer in the state, will render some of her choice selections. The Magic Spell Orchestra will assist in making the concert a grand success by the rendition of their splendid music. We are reliably informed that Rev. Geo. W. Giboney has received a unanimous call to the Oregon City Presbyterian church, and that he has the matter under serious advisement. We would deeply regret to lose so excellent and courtous a Christian minister, his people here would find it hard to fill his place, and they would do well to keep him. The city election at Albany resulted as follows: J. L. Cowan, Mayor; N. G. Henton, Recorder; F. L. Kanton, Treasurer; John N. Huffman, Marshal; B. F. Table, W. H. Garrett and G. W. Smith new Councilmen. We congratulate our fellow townsman, G. W. Smith, as one of the city fathers. George is a fine business man, a public spirited and liberal hearted man.

THE ADMISSION OF STATES.

MR. EDITOR:—I send "The Admission of States" to have it published, if you will. It will enable pupils who happen to get a copy to fix the dates better, when in such a form. W. L. MAYBERRY. When the admission of States to the Union was begun, Vermont came first in 1791; The next year Kentucky to the Union was fixed, And Tennessee followed in 1796; Ohio joined next in 1803, And nine years later Louisiana we see; Hoosier Indiana is next to be seen As it comes up smiling in 1816. Mississippi came next, and Illinois one year later, While the next year Alabama made the Union one greater; The next year came Maine the Union to assist, And one later Missouri came into the list; Next, in 1836, Arkansas joined her hand; The next year came Michigan to strengthen the band, Then Texas and Florida with settlers alive, Were promptly admitted in 1845. The next year Iowa took her place in the ring, And two years still later Wisconsin we bring; Then two years later, if I'm rightly told, California came in with her vast stores of gold. Minnesota joined surely in 1858, While the next year Oregon came in as a state; In 1861 Kansas in a similar manner Added a star to the National Banner; West Virginia and Nevada in yearly succession In '63 and '4 were given admission. In 1867, says the maker of rhyme, Nebraska was admitted in Andrew Johnson's time. Colorado, when added makes the number 38, And in 1876 was the Centennial State. Montana, North and South Dakota, whose prairies are fine, Came into the Union in 1889; Washington, the same year, whose harbors are blue, Was the last one admitted and is called 42.

Berg's Cherry Cure

Is giving splendid satisfaction to the trade and the sales are positively marvelous, which can be accounted for in no other way except that it is without doubt the best in the market. Ask for and be sure you get the genuine. We keep it. M. A. Miller, Druggist.

In a recent article in the Youth's Companion, on "How to cure a cold," the writer advises a hot lemonade to be taken at bed time. It is a dangerous treatment, especially during the severe cold weather of the winter months, as it opens the pores of the skin and leaves the system in such condition that another and much more severe cold is almost certain to be contracted. Many years constant use and the experience of thousands of persons of all ages, has fully demonstrated that there is nothing better for a severe cold than Chamberlain's Cough Remedy. It acts in perfect harmony with nature, relieves the lungs, liquefies the tough tenacious mucus, making it easier to expectorate, and restores the system to a strong and healthy condition. Fifty cent bottles for sale by M. A. Miller.

All parties knowing themselves indebted to me will please call and settle as I must balance my books by Jan. 1st. M. A. MILLER.

The work is done by the Express.
