NOTICE FOR PUBLICATION.

United States Land Office, Oregon City, Oregon, Nov. 5, 1893.
NOTICE is hereby given that in compliance with the provisions of the act of Congress of June 2, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon Nevada and Washington Territory."

DUNCAN SHAW, of Seattle, county of King, territory of Washington, has this day filed in this office his sworn statement No. 1346, for the purchase of the S. W. 1/4 of Section No. 4, in Township No. 11 South, Range No. 2 East, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office, at Oregon City, Or., on Friday, the 15th day of March, 1894.
His names as witnesses C. M. Smart, A. Buxell, Wm. McAdams and J. Stockard, all of Seattle, King county, W. T.
Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 15th day of March, 1894.
J. T. ANDERSON, Register.

WHAT IS GOOD FOR THE EYE.
One of the best of the world. Our lenses are unexcelled, and in introducing our superior eyeglasses we will warrant to give PERSONS in each locality, a chance. Only those who write to us at our own risk, can we be sure of the chance. All you have to do is return to us our good books to those who call your attention to this advertisement and these good books. The beginning of this advertisement shows the small end of the telescope. The following cut gives the appearance of it folded in about the fifth part of its length. It is a grand, double telescope, as large as is easy to carry. We will also show you how you can make from \$2 to \$10 a day at least, from the start, of the experience. Enter visit at once. We pay all express charges. Address, H. HALLETT & CO., Box 689, Portland, Maine.

SEATTLE
THE WORLD'S NEXT GREAT CENTER!

TEN MILLIONS Of dollars in solid brick and stone buildings going up. Already a city of 50,000 population.

WHY ALL THIS?

BECAUSE the Winds of Commerce "Let in the shoulder of our sails." Every ship crossing the Pacific "sights" our shores even when bound for San Francisco. What New York is on the Atlantic, Seattle is on the Pacific. Nature has made it so, not man.

BECAUSE There is more iron deposits in King County than in the State of Pennsylvania, more than 60,000 acres of coal beds, 350,000 acres of finest agricultural land in the world tributary. Center of great fishing, canning, lumbering, logging and mining industries, and with a harbor equal to any in the world her ships find their way into every sea and her commerce to every shore.

BECAUSE Five transcontinental railroads will soon have their Pacific terminus in Seattle.

BECAUSE the favorable opinions of MEN that DEVELOP things and the philosophy of the history of the past make it so. Read what Senator Hoar said in a speech before the "Massachusetts Club" on Puget Sound recently: "It is difficult to imagine what is to be the destiny of that wonderful region, unsurpassed on this earth for the fertility of its soil and the great variety of its natural resources, with a salubrious climate, where it seems impossible that human life should come to an end if the ordinary laws of health are observed, a stimulating atmosphere, when brain and body are at their best; the wonderful ornament of snow-clad mountains, lofty cataracts, and forests that attained their huge size when the cedars of Lebanon were as a seed—all these things are a part of America, are ours, are mine, are yours. Then our brethren and children and kinsmen have carried the principles of New England, which are prevailing, and which dominate from Southern California to the British line, and then, on the shores of the placid inland sea, they are to repeat on a larger scale, with grander results, the wonderful drama which we and our fathers have enacted here. These are to be the streets of a wealthier New York, the homes of a more cultured Boston, the halls of a more learned Harvard, and the workshops of a busier Worcester. All this your eyes and mine may not see in its full fruition and perfection, but the eyes of our children who are already born will see it." Stronger words from a wiser source never were uttered.

This is YOUR opportunity. A few hundreds or thousands invested in Seattle now will make your independent living—solve the Bread and Raiment question forever.

Lindley Addition

Is on the very top of Merced Island, East Seattle, in full view of eternal snows, the whole city, the sound and mountain ranges on every side—absolutely the most beautiful spot on this earth for a home, the place where culture and refinement will center—

Is On Sale

This property has never been on the market, and were it not for pressing necessity to build a church it would not be on it to-day, and whenever the amount required is secured it will be withdrawn from the market.

Ravenna Park

Around this "marvel of nature" man never wearies. Mineral springs, winding walks, rippling fountains, dash of waterfalls, ruggedness of cliffs, smooth calmness of lakelets, fish all sizes and hues, darting from bank to bank in the clear water—these and countless other things make this park the pride of Seattle and the resting place for man. Here the INVESTOR will make the quickest money on investments. \$20,000 of improvements are going in immediately and this park is in a belt of country that has outstripped in development anything in the history of Seattle, and has a most wonderful future.

Acre property from \$20 to \$1,500 per acre on sale, mining interests, etc., etc. Seize the present opportunity, come at once to see
