Mr. Hansard has commenced work removing his saloon and tearing down the shoe shop, to make room for G. T. Cotton, who will build there as soon as suitable material can be obtained.

The boys have secured the most of their instruments for the cornet band, and soon the "Pied the Piper" scene will be re-enacted. It is hard on the ears of the adult, facing to the small boy, but banishment in rats.

THE EXPRESS is strong for the new school house; in fact, it is for every thing that is for the advancement of Lebanon, and we are sure this is. The first thing to decide is, do we want a school house, and then where to build it.

An English Prince in a fit of rage at his shoemaker made him eat a pair of shoes which had failed to fit to his highness' satisfaction. Rather a tough diet even for a man whose motto is, "Nothing like leather." But when one looks at the deformities caused by ill fitting shoes, the punishment seems to fit the crime as well as any of those unique punishments devised by the Mikado. Those who buy their shoes of C. C. Hackleman will get the biggest smile out of this item, because they don't know where the shoe fits.

FOUND!—One hundred picture frames, and will give them to my customers next week. With every 1 doz. pictures (cabinet size or larger) ordered at my gallery before March 14th, I will frame an extra picture in a handsome gilt frame, making you a present of at least \$1.50. See sample frames at the gallery. Call early.

Formerly, when the car of Juggernaut was brought out, every man who could pull a pound was expected to pull that pound. A like spirit animates our citizens.

F. E. Gross, the obliging salesman in the store of R. N. Thompson, of Brownsville, called at THE EXPRESS office Tuesday. He has strong faith in the prosperity and growth of our neighbor town. He says the railroad corporation which was formed at that place a short time since is negotiating for the narrow gauge rolling stock, their object being to build and equip a line to the mines on the Calapoia. This is a step in the right direction.

What a Fortune

Is a good healthy, pearly skin. Few are aware of the short time it takes for a disordered liver to cause blotches on the face, and a dark greasy skin. One bottle of Begg's Blood Purifier and Blood Maker will restore this organ to its natural and healthy state, and cleanse the blood of all impurities. It is meeting with wonderful success. We guarantee every bottle. M. A. Miller, Druggist.

If your creditors do not hunt you up seek them out yourself and relieve the tight money market by paying your little bills and getting money circulation. Swan Bros. need what you owe them.

If there is a phrase that gives us a chill, makes our beer taste like coal tar, or causes us to jump off the bridge more than another, it is those two very short words, "back east." "Oh they do so and so back east." Well, for heaven's sake, let them do it. What in the Siwash and Puyallup do we care? We, with the rest of you, left "back east" for that reason. We came here because it was different than "back east." Don't talk about beans being cheaper back east in "Weesconsin," or how they do things in "Kentucky." You have one consolation—postage is no cheaper back east, if wages are. A "down homer" makes us weary.—Ex.
