

Speaking from experience, we say that the material idea set off with fancies of earthen bowls tables under trees, and appetites that are satiated with bread and milk, or crushed berries and sugar, and with the kindred fancies of rural swains, who can do a good day's work and keep their linen clean, is all a most wretched phantasm.

THE OTHER SIDE.

The Duke of Wellington is reported to have said that the art of war largely consists in correctly guessing "what is on the other side." Perhaps he was thinking of the configuration of the country, or of the number and disposition of the forces commanded by the intervening elevation, or both.

BROWNSVILLE BREEZES.

Fourth of July. At Brownsville. Grand celebration. Grand eulogy. Come every one.

INDUSTRY.

It is true that the appointment, "in the sweat of thy face shalt thou eat bread," was part of the original malediction which apostasy caused to be breathed over this creation.

John Seeger is building an addition to his dwelling. Born, June 9, to the wife of G. C. Deason, a daughter. Kipe cherries have been plentiful during the past week.

Peter Hume, who for the past week has been in Crawfordsville in the business of Mr. Hume, of Kansas, who has property which is being throughly repaired and put in running order for the fall season, on Friday returned to Brownsville.

George Warrum and wife on Friday started for the mountains to go the entire summer months; they will visit upper and lower Soda springs on the Scioto river, Fish and Clear lakes, and also the hot springs at the head of the McKenzie river.

The residence of Luther White, in South Brownsville, during the past week barely escaped destruction by fire, which caught in the moss upon the roof, presumably from falling sparks, and had gained considerable headway before it was discovered and extinguished.

The so-called McKanlass Minstrel Co., on Wednesday evening at the North Brownsville City Hall, gave to a very small attendance an equally small performance, as regards merit and originality.

On Saturday afternoon at the farm of W. T. Cochran, Leola, the 8 year old daughter of J. M. Howe, was killed by a cow.

MARTIN'S RANCH, June 5.—We left Brownsville for the mines on the Blue and Calapooia river mines on the 4th of June.

June 6.—We traveled to-day about thirty miles and camped at the Martin Ranch. The roads are splendid—never saw them better.

June 7.—To-day we have come about thirteen miles. We stopped at Hickson's and Wycoff's, and went to see the famous Emma and Golden Eagle mines, two very promising mines, but they, like the rest, are waiting for someone with capital to take hold of them and make them paying property.

June 8.—To-day we have come about six miles. We will have to do some good work on the trail as we go in. My next letter will tell you the news.

Notice of Dissolution. NOTICE IS HEREBY GIVEN THAT THE CO-PARTNERSHIP heretofore existing between JOHN W. WILSON and J. W. WILSON, known as the firm of "JOHN W. WILSON & CO.," has been dissolved.
