I managed to sit down, with my legs dangling over the edge of the ledge; but was afraid to sleep for fear of failing off. An owl perched near me, hooting in great enjoyment of my predicament.

The night seemed years in duration. And there surely never was a slower dawn than that inpon which I looked from my open-air prison. By this time I was weak with hunger and wild with thirst. A little after suurise I was startled by a gunshot from the valley far below, and the vicious "spat" of a bullet upon the rock near iny left ankie. It made me fling fay legs up so suddenly that I came near toppling off my perch. "That, now." I said to myself. "is no doubt Jim Arney who has discovered me, and is popping away at me in safety; the cowardly assassin." But, as I learned afterward, I wronged him. THRICE BROUGHT TO LIFE. A Lady Who Was Three Times Apparently Ready for Burial Alive To-Day

The question of being buried alive was a matter discussed by a party of gentleman at the San Francisco Bohemian Club the other night. ournalist who was present told the folowing story:

"Living in San Francisco to-day are wo persons whose strange experie have long been a mystery to me. Two years ago a Boston gentleman came out to the coast. He brought with him his companion, a young woman in the last stages of consumption. She was pretty and talented, and ten years unger then her escort. I am of the vinion that a sort of platonic love xisted between them.

"Three times to my knowledge the young woman has apparently passed out of this life into the other world, and twice preparations had been made of course, I went along. At least I for her burial. On one occasion her companion was out of the city. During his absence she was taken sud-denly with a sinking spell, and the landlady became greatly alarmed. In two hours the invalid was pronou dead by the ladies in the dead by the names in attendance upo boarding her. As the day advanced the la lady, seeing no signs of the gentle-man's return, visited an undertaker's near by, and preparations were made

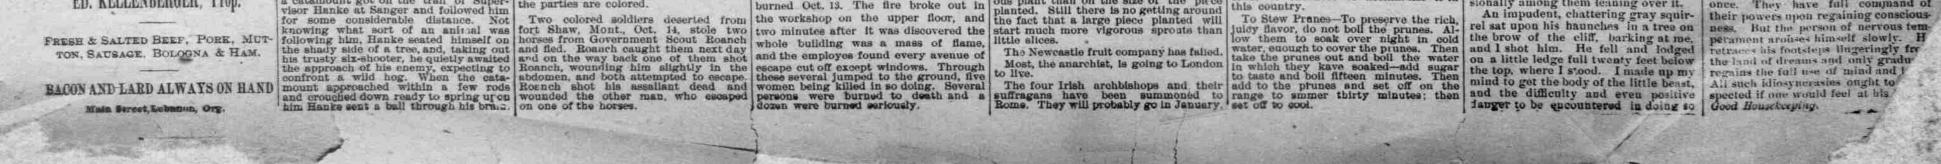

for laying out the corpse. "The body was cold and still when the undertaker arrived.
