Fact Everythin: Belonging to the Trade at Prices that Daty Competition

The above bright and benevolent face, is Dr celebrated Acker's English Remedy for Consumption and other popular preparations. Dr. Acker practised in his younger tays among the middle classes of London, and was the means of doing great good, but his health failed and he found himself in the grasp of consumption, with a wife and child depending upon him for support. While in this condition, he discovered the celebrated English Remedy, saved his own life and has since saved the lives of thousands who were on the sure road to death. Any man or woman who feeds a tickling in the threat, who coughs, especially in the morning, who raises or has a tight feeling across the chest, who has sharp shooting pains through the lungs or difficulty in breathing, should realize that these are the ard symptoms of consumption which, if neglected, are sure to result fatally. Dr. Acker's English Remedy has cured more than one thousand persons who unquestionably had consumption and who were given up by their friends. It merits its popularity and is sold by reputable druggists in every city and town in America. For can't afford to be without it. While in this condition, he discovered the cele-
