OUR ORIGINATORS. THE SUNDAY SCHOOL. SOUTH POINT, N. C., JAN. 14. Some Lessons Express: I left Lebanon on the evening of the 18th of December, which was one of the best days man ever saw. On reaching Albany my trouble began; I had to wait till the evening of the 17th on account of a breakdown on the P. O., which was life line my ticket called for, and from that time on it was one breakdown or miss connection after another. I understood when I bought my ticket that there would be a few changes, but we did not expect at a place that we should. About the time we would get asleep we would be waked up to change cars. I cannot awake anyone to travel this road if it is always as it was when I came over.

On the evening of the 27th I arrived at my destination, High Point, N. C., which is a very nice town of about 2000 inhabitants, and contains a great many large factories, such as tobacco, shoe, and snuff and cigar factories. It is surrounded by farming lands, very good for this country, though not quite so good as Oregon. But if some of our Oregon sheepmen were to see the great ease with which they raise sheep in North Carolina they would go wild. It is the grandest sight for a sleepman that I ever saw. Grass can be seen just as far as the eye can reach, and is very cheap - from \$2.50 to \$30 per acre.
