

EYES AND EARS!

T. C. Peebler's groceries. Eugene is to have a street railway. Go to T. C. Peebler's for glassware.

Two cigars for 5c. at T. C. Peebler's. A gardener would do well in Lebanon.

Oregon City had a \$10,000 fire on the 28th. Lebanon has one livery and two feed stables.

Go to T. C. Peebler's and get 17 lbs. E. C. sugar for \$1. Chester Harris drove the Sweet Home stage Wednesday.

F. M. French, the jeweler, Albany, keeps railroad time. Remember T. C. Peebler pays cash for eggs and chickens.

All goods delivered free of charge from T. C. Peebler's store. About twelve inches of snow fell here Saturday night and Sunday.

Had you noticed that the snow is lying on an unusual length of time? Two companies of immigrants arrived in Lebanon from the East this week.

S. P. Bach sells good Brownsville roller process flour for \$1.10 per sack. The sections hands are putting the switch in good condition at the Junction.

Fireman's election next Monday evening. A general attendance is desired. S. P. Bach keeps a line of boots and shoes as well as Brownsville woolen goods.

For reasons easy to give, garden seeds were not in demand the first day of spring. A gentleman is canvassing our town with a view to establishing a circulating library.

John A. Baker and Wm. Elkins are painting Mr. Miller's house in Halston's addition. Dr. Dudley contemplates spending two or three weeks in Junction, doing dental work.

At the school election Monday, C. H. Ralston was elected director and Dr. L. Foley clerk. Junction City was visited with fire last week, for the third time within thirteen months.

G. W. Wheeler has sold his mill, but not his lumber; call on him for building lumber. S. P. Bach will give you a good bargain in Brownsville soap of \$9.00, notwithstanding the governor's veto.

Samuel Case is building an addition to his house. There is room here for at least one or two desirable inferences. The public school was dismissed at noon Monday and election of a school board was held in the afternoon.

Dr. J. A. Lamberson is making arrangements to duplicate last year's trade in casaca bark and Oregon grape root. George Eskens is taking the census of our juvenile population with a view of drawing our proportion of the school funds.

Ladies, do not fail to see the stock of fine S. P. Bach's, coming from the East at Montague's. Satisfaction guaranteed. The miners in this part of the country are praying for the snow to pass off so that they can commence work early in the season.

Ten acres of land soon to sorghum will make more and better forage than twice that amount of either cheat or timothy. A man in town wants about twenty acres of land on which he proposes to set to hops and the other half to prunes.

The little son of Mr. and Mrs. E. G. Carr died Wednesday afternoon. The bereaved have the sympathy of the entire community. The Albany Herald of last week reported a Leadville man in the city, looking for mining property in the Santiam district.

Bran and chop seems to be scarce articles in this part of the country, consequently some of our people have to import from Salem. L. O. Morgan of Albany moved into H. C. Hardison's house last week. Mr. Morgan will team for Jennings & Co. the coming season.

Rev. Lamar of the Baptist church will begin a series of revival meetings next Monday evening, to be protracted for ten days or two weeks. A gentleman from Seattle was figuring on a certain business in our town last week, but whether negotiations will mature is yet uncertain.

Two passenger coaches on the road between Lebanon and Albany and two trains daily; this argues some business for the Lebanon branch road. The rich soil and the numerous coal deposits in Canada, or the Forks of the Santiam, will make that one of the richest sections of the Willamette Valley.

The Brownsville Times says Wm. Role, Supt. of the Calapooia and Blue River Mining Co., went to Portland last week in the interest of that company. Halsey wants a flourmill and that end of a meeting of the citizens was called last week when the inquiry there was taken to secure that enterprise.

J. Chandler, who lives eighteen miles up the Calapooia, tells us that the snow is deeper on his farm than he ever saw it since he has been in the country. Coughs and colds come uninvited, but you can quickly get rid of these, with a few doses of Dr. J. H. McLean's Tar Wine Lung Balm. For sale by J. A. Beard.

Section foreman Skelly was busy opening up the water courses along the track in Lebanon Monday; it threatened to interfere seriously with the turp tale. There are several feet of snow (perhaps more than there has been for years), in the mountains and we are concerned about the manner of its passing off.

Eat good things and enjoy yourself while you live. You will be a long time dead. If you buy your groceries of T. C. Peebler you could not be otherwise than happy.

A barrel of old bourbon whiskey was shipped to Lebanon this week and was returned forthwith. Was it a mistake or is the "original package" law in force in this country?

It is a shame and disgrace to any railroad, to let narrow or wide gauge, that will connect its passengers to stand in the snow as they are forced to do at the Lebanon Junction.

At a meeting of the stockholders of the Calapooia and Blue River mining company in Brownsville Monday evening, it was decided to put a mill on the property early in the spring.

Rev. C. A. McDonald is agent for family pianos and organs, which for tone, durability and finish, are unequalled. Inquire at Express office for prices and terms.

If your eye is suffering with weak or inflamed eye, or granulated eyelids, you can be quickly cured by using Dr. J. H. McLean's Strengthening Eye Salve. 25 cents a box, at J. A. Beard's.

J. A. Beard sold his drug store last week to Messrs. J. A. Roberts and Charley Miller of this place. Although John will retire from the business, we are assured that he will continue to assist us.

Now that immigrants are coming into our town, it may be well for our people to remember that their impressions and every man has been found very much depends upon our manner of receiving strangers.

Phil Smith makes good time as assessor; having assessed the county several times, he knows where to find every man, and every man has been found and what he is worth when he is found. You can't dodge Phil.

A gentleman is canvassing our town with a view to establishing a circulating library. By the close of the week membership will have been enrolled sufficient to guarantee to our town a valuable circulating library.

One of our citizens who has resided in Lebanon but a few months, has returned after a month's travel in different parts of the country, satisfied that Lebanon and this particular part of the county is unequalled.

A total abstainer, seventy-five years of age, challenged any man who used tobacco to wrestle with him last Saturday and not a single level-headed, narcotic plant dared grapple with this advocate of temperance.

The weather on Saturday night and Sunday last, left a congelation of ice, snow, mud, etc., on our streets that was not a pleasant mixture by any means, and we don't know whether it is a blessing or a curse, perhaps both are to blame.

The two towns of Brownsville are to be united under one charter, says the Times. It is much better to have the two towns under one government. Such a union will keep down petty jealousies which are sure to arise in the absence of such a compact.

Rev. E. E. Thompson, of the C. P. church, arrived in Lebanon Wednesday and will hold services in the C. P. church each evening this week; also an evening service in McManisville. Thompson is a new-comer to this country and bears the best of credentials.

There are about twenty-five families in Lebanon, the majority of them new comers, who do not read the Express, and if they do not want their names to appear in our forthcoming table setting forth the hierarchy of the town, they would better take up their line of march in time to avoid notoriety.

Reduced rates at the photograph gallery one week longer. Having run short of material lately, we are unable to accommodate my patrons, but I now have the materials and the reduced rates will obtain one week longer. \$2.00 per dozen for cabinet photos.

W. D. MESERVEY. The following is the most comical piece of grave-yard literature we ever remember to have read. It appears as an epitaph in an English cemetery and reads as follows:

Here lie the remains of Albert Gordon, who died on the 12th of March, 1890, at the age of 21 years. He was a native of Sweden, and his father, who was a very good man, had a very high opinion of him. He was a very good man, and his father, who was a very good man, had a very high opinion of him.

We wonder that the Grangers as a body do not take hold of the sugar beet industry. If there is a state in the Union that can excel Oregon in growing this vegetable we do not know it, and why our people should be so slow in inaugurating the beet-sugar industry, has puzzled wisest heads in the country.

Among the government sinecures in this part of the Union we may mention that of carrying the mail between Lebanon and Lacombs. The latter town is a village of 100 inhabitants, which costs the government two dollars a week for fifty-two weeks in the year, making an annual expenditure of \$104.

F. H. Roscoe of Albany was in town this week with a view to feeling the public pulse with reference to the Albany branch. Let us regard Linn county as "one and indivisible" and build up the interests of the whole by strengthening the individual parts. "Let there be no strife between thee and us."

Why not incorporate a gas and oil company and commence boring for "reservoirs better than" a Kansas company is boring for natural gas. It covered a salt mine as valuable as anything of the kind outside of England. In order to further the cause of oil, perhaps we shall find something better.

At a meeting of Lebanon Lodge I. O. O. F. on last Saturday night it was decided to celebrate the forthcoming anniversary of the order. The regular committees were appointed and will report progress at the next regular meeting. As the anniversary falls on Sunday the celebration will be held on Friday or Saturday preceding, notice of which will be given in due time.

The Oregonian has the largest circulation of any daily, Sunday or weekly paper of the Rocky mountain. Its circulation there has increased with great care, a large list of valuable books and other useful articles, and any offering them as premiums to each new subscriber, to any of its several issues for yearly subscriptions. The Oregonian is read in every household. Send for premium list.

OREGONIAN PUBLISHING CO., Portland, Oregon.

Preventive services will be held each night this week in the C. P. church by Rev. Thompson, lately from the East. The meetings will be protracted by the Baptists for two or three weeks, beginning next Monday evening.

Owing to the above appointment, there will be no prayer meeting at the M. E. church, South, to-night, hereby giving us an opportunity to unite in the services at the C. P. church.

G. S. HANLEY, Pastor. Joseph W. Dory, of Warsaw, Ill., was troubled with rheumatism and tried a number of different remedies, but to none of those interested a fortune, if it does not prove a failure, is returned.

Some six months ago the Prospectors Mining and Milling company was organized with 10 stockholders and \$10,000 capital. It is now operating in the field of mining operations in the state of Oregon. A few weeks later another company was organized, the Blue Mountain Mining and Milling company, with a capital stock of \$50,000 and having numerous stockholders.

The enterprise which received a good deal of attention here last summer, the building of a flume from Jennings' mill, eighteen miles up the Santiam, to Lebanon, has lately been abandoned. The flume, which was to be built between these two points is impassable for about nine months in the year, and as a consequence Lebanon is without lumber during that season of the year. It is estimated that the flume would have cost \$1,000,000 to build and would have cost \$1,000,000 to operate.

A few days ago while sitting in Elder Bros' drug store at Tingley, Iowa, Mr. T. L. Dyer, a well known citizen, came in from the mountains of Oregon, and told which he had. Mr. Elder took down a bottle of Chamberlain's Cough Remedy, and after a few minutes' conversation, he said: "I can recommend it. It commands a large sale and gives genuine satisfaction. It is an excellent preparation and is well adapted for use in a bottle, and the next day when we saw him he said he was much better, and the day following appeared to be entirely restored. This is a specimen of the effectiveness of this preparation." Des Moines Mail and Times, M. A. Miller, writes, sells the above mentioned remedy.

T. L. Rice, of Waterloo, who was taken ill in Salem while serving as clerk at the late session of the Legislature, so far as is known, is able to return home last Monday. Mr. Rice's physique is considerably depleted, but we trust that he will regain his former robustness by a residence in Waterloo.

OBITUARY. Hazell, daughter of W. S. and Ida Swann, of Sweet Home, died on the 28th day of February, of diphtheritic croup, aged 2 years and nine months. Hazell has withered on earth, but bright in heaven. The Lord comfort the bereaved parents.

Funeral services were conducted by Thos. A. Yost. The funeral home Sunday school adopted the following resolutions of respect: Whereas, Hazell Swann has been called from our midst; therefore,

Resolved, that in this affliction we recognize the hand of our Father in Heaven, and his sovereign right to do with each of us as in his will; and that we will submit to his will, and be comforted by his promises. Resolved, that while we feel our loss and miss her, we will not forget that she is now in a better home, and that we will strive to be like her in her character and her life. Resolved, that our sympathies go out to the bereaved parents, and that we will comfort them by our prayers for them in the home which she now inhabits. Wanted to contest for one of these valuable prizes may start on their list at once, but they must be sent to the following address: W. G. WILSON, CANADIAN QUEEN, Toronto, Canada.

"The Jersey Lily." "ANGELINA COTTELY L. B., July 2. Gentlemen: Altho' it is very unusual for me to use any lotions or washes, still, in answer to your request, I have tried Watson's Violet Cream and Robotine. The former I consider especially efficacious in cases of roughness of the skin, and I have been using it every day for the last fortnight. I have found the Robotine an excellent preparation in cases of itching, caused by exposure to March winds and a July sun. Yours faithfully, MRS. WILSON."

Excitement. Runs high in Lebanon at Beard's drug store over System Builder, as everybody is using it for Catarrhs of the Stomach, Dyspepsia, Constipation and Impure Blood. Try it and tell your friends about it, as it must possess wonderful merits when all speak well of it.

God's Blessing to Humanity. So says an Oregonian, Oregon Or. FUGER GROVE, Or., March 19. I have used the OREGON KIDNEY TEA and I feel compelled to recommend it to humanity. I take pleasure in recommending it to all who are afflicted with kidney trouble. I came to Oregon in 1882 in the employ of the OREGON KIDNEY TEA and I have found it to be a most valuable medicine. DAVID MCNEUR.

MORTAL AND PAN. What Tacoma Men Think of the Calapooia and Blue River Mines. The following from the Tacoma Ledger, with reference to the Calapooia and Blue River mines, is pointed and readable:

So quietly has it gone about its work and so little stir has been made that few people are aware of the existence of the Blue Mountain Mining and Milling company, purely a Tacoma syndicate and one which promises to make a number of different fortunes, if it does not prove a failure, is returned.
