FATIGUING.

The Alliance people are not the only ones that cause a feeling of weariness. This other extreme is holding them level. The eternal cant about "capital being timid" and about "driving capital from the state," almost forces one to the feeling that the Alliance men and the men called anarchists have some justice on their side.

A farmer's land is taxed the same whether it is mortgaged or clear of incumbrance. The law requires that money shall be taxed, but money can be hidden and land cannot. But let that capitalist loan that farmer \$2,000, at 12 per cent interest, his money is in shape where it is in sight.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around.

MYSTERY.

I want to give you the benefit of a few thoughts suggested by an editorial entitled "Mystery" in your last issue. Now I think the less we have of that commodity the better. Our position is the underlying principle or cause of all life, so do not be surprised if I oppose your article on mystery, for what we need is light, not darkness.

Lebanon, March 9, 1891.

The Brownsville Times is of the opinion that the county should aid in building a road up the Calapooia to the mines. Right again, Bro. Times. The results which are sure to follow the development of this source of wealth will be neither local nor circumscribed.

The newspapers are just now discussing the newly-elected Senator Pfeiffer's wearing apparel; later on they will be discussing the texture and convolutions of his brain.

SWEET HOME.

March 9, 1891. Elder Mulkey will hold meetings all this week. Andrew Gustafson starts for Albany tomorrow. Alonzo Ames is in better health than he has been for years.

There have been several children slightly affected with a disease somewhat of the nature of diphtheria. All are reported better. I heard that E. Harris went over Saturday to Peru Ridge. Some thought that he was going to Mr. Crockett's, yet I hardly think so.

There seems to be an awakening among the young people; a wedding each week for some time, with the prospect of a continuation in the future. The people are waiting with anxiety for the new proprietors of the grist mill on the "Wiley" creek.

Hamilton & Andrews continue to do a very lucrative business. They are the only business men in this community who have held the entire trade all seasons of the year. This speaks for their business as well as for their judgment and honorable dealing.

The church trouble is quiet in this vicinity, but the field of operation is extending to Albany. It is to be hoped that it will cease to cause irritation and strife. There is no doubt but that the general conference will settle it beyond a question for further trouble.

A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around.

"Gentleness: Altho' it is very unusual for me to use any lotions or washes, still, in answer to your request, I have tried 'Wisdom's' Violet Ointment and Lubricant. The former I consider especially efficacious in cases of eczema, itching, and I have been using it every day for the last fortnight. I have found the essence an excellent preparation in cases of eczema, itching, and I have been using it every day for the last fortnight.

Excitement runs high in Lebanon at Beard's drug store over Senator Pfeiffer's wearing apparel. The newspapers are just now discussing the newly-elected Senator Pfeiffer's wearing apparel; later on they will be discussing the texture and convolutions of his brain.

English Dandelion Tonic exerts a specific influence over the liver, excites it to healthy action, resolves its chronic engorgements, and promotes the secretions, causing indigestion and dyspepsia, with all of their accompanying horrors.
