We always keep a bottle in the house." For sale by M. A. Miller, druggist.

He wants it known—Mr. J. H. Straub, a well known German citizen of Port Madison, Iowa, was terribly afflicted with inflammatory rheumatism when Mr. J. F. Salmon, a prominent druggist there, advised him to use Chamberlain's Pain Balm. One bottle of it cured him. His case was a very severe one. He suffered a great deal and now wants others similarly afflicted to know the value of this medicine. 50 cent bottles for sale by M. A. Miller, druggist.

There is an old adage that "what everybody says must be true." Henry Cook, the leading merchant of New Knoxville, Ohio, says: "Chamberlain's Cough Remedy has taken well here, everybody likes it. They say it gives immediate relief. That is what I mean by the word prompt. It is relieving a cough or cold and can always be depended upon. There is nothing that will loosen and relieve a severe cold so quickly. For sale by M. A. Miller, druggist.

The young man who left Lebanon a few months ago for the avowed purpose of securing a bride, delayed his return so long that the boys laid aside the horse fiddle, the tin can and other musical instruments and it is more than doubtful if he is honored with a serenade after so long and painful a suspense.

We believe that Lebanon has furnished as many school teachers, in proportion to our population, as any portion of the State, and so far as we have heard they have without an exception proved a credit to the profession. The inference to be drawn from this is that our schools are ably managed.

The entertainment given by the public school Wednesday evening drew a full house. A very pleasing program was rendered, in which the pupils both large and small acquitted themselves in good style. Hagen, of Brownville, and A. J. Langworthy, of Portland, located twenty claims in the Calajocota district last summer, some of which are very rich in silver. We are told that the company will erect a mill on their mines this summer.

The "Greys" acknowledge that they were badly beaten in the ball game last Saturday. Their defeat is attributed to nine different causes. To hear the players, individually, recite their exploits on this occasion you would conclude that the "Greys" were invincible. The men played well considering the limited practice they have had. Skill can only acquire by long and patient practice and not having had this they allowed the Albany club a long score and had to content themselves with one much less satisfactory.

Ruff Hiatt has just returned from Fairmount, Indiana. While in that city the proprietors of the glass works, which are located there, presented him two glass cases which he prizes very highly. He also left at the EXPRESS office a sample of sand from which the company manufacture their glassware. The sand used at this factory is shipped from Michigan, the nearest point at which it can be obtained. Mr. Hiatt says the proprietors are coming to this coast and if sand of the quality of sample can be found in this section they will locate their glass factory here. A number of men have examined the sample already and are confident that we have the same article near town. Let every farmer call and see the sample, for if we have anything like it an industry which means several thousand dollars annually to this town, will be the result.

Our Crop Bulletin. With the beginning of the week, our garden-crop bulletin read as follows: Ten rows of potatoes, fifteen rows of turnips; two beds of onions, four beds of dog fennel; fifty cabbage plants, one hundred and fifty cut worms; two square rods of turnips, one rod of "jumping jacks"; two squares of corn, twice that amount of dandelion, a small amount of beans, a large amount of peas. A consultation was held with our chief gardener, we decided to hang up the hoe, petition the Weather Bureau for an occasional shower and at the same, furnish the State Board of Immigration an unpublished crop report which is to be published in pamphlet form and scattered broadcast in the hope of stimulating immigration.

Badly Cut. E. H. Bahr had a horse badly cut with barbed wire on Monday. Mr. Bahr was driving a span of horses, one of which became frightened and made a bound forward breaking the tongue wrench, the double tree striking the horses heels but added to their fright. The team ran straight for the fence which had a barbed wire on top. One horse jumped the fence and had several ugly wounds inflicted which will give him a rest of several weeks, if indeed he recovers at all.

Exhibition. A school exhibition will be given at the Santiam Academy, Friday evening, May 15. The exercises throughout promise to be of high order. The proceeds will be expended in providing suitable school apparatus. Admission, students, free; their parents, ministers and teachers 10 cents; all others 25 cents.

Crayon Portraits. Alma Morris, the crayon artist, will be in Lebanon on and after May 18. His paintings are of a high order and of the latest styles, in either gilt or florentine frames. No one can give a single good reason why this kind of work should be done back East, but, on the contrary, many good reasons can be urged in favor of home talent. Mr. Morris is not an amateur, as anyone can see by examining his work. Prices low and uniform.

THE BALL GAME.

"Play ball" was heard Saturday at 2:30, and heard elsewhere in the city, and stopped in the plate. He fanned the air three times, but got to rest on Renick's fumble, stole second and third and scored on a passed ball. Stouffer couldn't find Larimore's curves and went out on three strikes. Marshall out at first. Bostke batted one to right, but Nickerson dropped it, stole second, but Lewis got him to third. Wilson rapped out to left, but Shaw got under it. Bostke went out at first. Monfore out on strikes. Nickerson batted to center, but Washburn was there and he was out.

Young smacked the ball to first. Wright smacked the stick, made a two-bagger, stole third and came home on Galway's hit. Bostke hit to left, Bostke fumbled, but was forced out at second. Washburn's fumble, stole second and third and came home on Galway's hit. Bostke hit to left, which threw Marshall. Marshall out at first. Bostke couldn't get it. Welch came in. Lehner hit to left and scored on Washburn's hit. Marshall hit and scored. Wilson hit to left, but Shaw made error. Welch out on strike. Bostke hit to left, but Shaw couldn't get it, but Renick went out at home by base. Washburn went to first on balls, stole second and third, made third and scored on Renick's hit. Wilson out at first.

Nickerson struck the air, but out at first. Wright hit safe to right, stole second and third and scored. Klepper out on fly to short. Shaw out at first.

Young out at first and Welch between bases. Larimore took base on balls. Renick missed it three times; Galway fumbled. Lehner out at short. Lewis out at first by Marshall. Galway hit safe to left, but went out between bases. Brush out at first.

Brush and Bostke gave way to Wright and Galway, which showed how much they had in mind. Washburn, Marshall and Bostke struck out in one-two-three order.

Board won first leg on Welch's fumble. Monfore struck out. Board out at third by Young. Nickerson out at first by Marshall.

Wilson never hit it and went out. Young got first on Renick's fumble. Welch hit to first on Renick's fumble, stole second and third and came home on Larimore's safe hit to right. Bostke struck out. Lehner out to Klepper by long hit in center.

Washburn struck three times, but got to first on passed ball and scored on passed ball. Bostke fumbled. Wilson got to first on Galway's bad throw. Young out at first. Welch out on fly by Lewis. Larimore couldn't find the ball and Galway had him out.

Hope was thrown out at first. Monfore run out between bases, and the Lebanon boys were badly beaten, the score standing 11 to 7.

NOTE OF THE GAME. Larimore is a first-class pitcher. Klepper had on his batting clothes. Cupple Marshall's decisions were fair. Wright and Galway struck out ten men in four innings.

The Lebanon club did no good until Wright went into the box. The Albany club is a good one, and if Lebanon ever hopes to beat them they must play ball.

Happy Hoosiers. Win. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for I have been suffering arising from Kidney and Liver trouble." John Leslie, farmer and stockman of same place, says: "Five of Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W.
