A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and used their treatment until he was not able to get around. He pronounced his case to be Consumption and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and is enjoying good health. If you have any Cough, Lung or Chest trouble, try it. We guarantee satisfaction. Trial bottle free at Roberts & Miller's drug store.

SODAVILLE NEWS.

The motor line will be built. Boat estate is still being sold. Pleasant weather and everything growing fine.

Camp-meeting closed after a very successful service of two weeks. Many souls were saved.

A young people's prayer meeting has been organized. It will be a success.

Rev. M. M. Bashor, who has been east attending the national conference of the Dunkard church, is expected home soon.

Sodaville probably has more new sidewalk than any town in Oregon, population considered.

Work will be commenced on the new addition to the school house soon. Part of the lumber is here for the church also.

Mrs. Yost wife of Rev. Jesse Yost of Sweet Home and daughter of Mr. Worl of this place, is a guest of the latter.

Rev. J. C. Brown and wife, are attending conference in Seattle and will probably be home in two weeks.

Sunday school and prayer meetings at this place, are well attended, and as much interest is taken in them they are doing a vast amount of good for the young people of our town.

Messrs. Hugh Perry, A. Parrish and Dennis Klum are sojourning in the mountains near Fish Lake catching fish and having a good time generally.

Prof. W. W. Crawford of Tallman has invested in real estate in our town of late and it is the intention of the Prof. to build a residence in the near future.

Mrs. N. M. Tunison bought two lots of Louis Barzee on Monday last, and will build a residence this fall, at which time she will be a resident of our town. Her object is to have access to the Sodaville public school. We know of several other families who will do the same.

Enough facts have been learned to enable us to say the motor line will be built and that soon. Yes we will have communication with the outside world by rail in a short time, and then we will be wanting, of course, street railways, electric light and in fact most anything. The motor line will be a great help to Lebanon as well as the Sodaville as all passengers and freight must be transported at that place.

Several young people of this place went to visit Mr. Everett Purri's school, about ten miles from here, on Monday last. This was a complete surprise to the latter, but we have no doubt it was an agreeable one.

We noticed Dr. Booth and Rev. T. P. Boyd, of Lebanon, on our streets one day this week. The former was on a professional visit and the latter on a soda-drinking expedition.

Sodaville is improving rapidly, with a better prospect for a boom than ever before. This is just what we said would happen, and so it has.

The Sodaville Cornet Band is making good progress under Prof. Crawford's management.

Mr. Chas. Stokes, of Lebanon, who has had charge of the work on the new business building, has it about ready for occupancy. The building would be a credit to most any town.

About eight new residences are sure to be built in the J. L. Hill addition during the summer and fall, and perhaps more. Louis Barzee has sold between 25 and 30 lots during the past two weeks.
