The Charleston Ordered to Go to Honolulu.

A BREWERY FOR SPOKANE.

Another Break in the Colorado River Sends an Immense Body of

Water Into the Desert.

Tacoma will soon have its cable cars The Los Angeles city directory has 23,-

Spokane is to have a brewery, with \$10,000 capital.

The Charleston has received orders to to Honolulu.

A Spokane ordinance forbids cigarette amoking by minora. A disease creating blindness is among the catile along the Humboldt river in Nevada.

The Southern California Lawn Tennis Association meets at Santa Monica, Los Angeles county, Anguet 31. The contrast for the construction of the Chamber of Commerce building at Portland has been awarded. The luste has naid the 5500 frag. It is

Portland has been awarded. The Itata has paid the \$500 fine. It is said bonds will be given and the vessel go to San Francisco for repairs. The Bradstreet mercantile agency re-ports sixteen failures in the Pacific Coast States and Territories for the past week.

The work of improving the entrance of Humboldi Bay by extending a pro-tecting wall along the north spit has commenced.

The Lone Pine group of mines in the ipond district. Beaverhead county, lont., has been sold to an English syn-icate for \$725,000.

There is trouble between white settlers and Indians along the Kootenai river in British Columbia. The Indians are driv-ing the settlers off.

The trouble with the miners at New-tle, Wash., still wears a threatening k. Both sides keep armed, and eager-watch each other.

All but one of the six Superior Judges in Los Angeles are on a vacation. This involves an unwelcome delay in some important litigation.

important litigation. Reports from Frazer river and the Northern canneries are that the asimon pack will fall fully 50 per cent. behind that of the two previous years. Another break in the Colorado river is sending an immense body of water into the Colorado Desert. The break, it is throught, can easily be repaired or shut of the colorado the sender of the sender of the sender the colorado the sender of the sender of the sender the colorado the sender of the sender of the sender the sender of the sender of the sender of the sender of the sender the sender of the sender of

The art museum and picture gallery at the Leland Stantord University is rapid-ly approaching completion. A part of the roof is already on, and many of the iron girders are already in place.

The contenantial to try Colonel C E. compton of the Fourth Cavalry for heg-gence in permitting his men to leave amp the night A. J. Hunt was lynched as been convened at Walla Walla.

There is a runnor at Victoria, B. C., that the Wellington collisions have been hold to an English syndicate, and that experts are now an the ground taking an inventory of the stock, seams of coal, whares, bunkers and other property.

The Alaska travel is at its height. It preater than the accoromodations. A mileman who forgot to engage a pas-ge before he reached Tacoma offered a muss of \$175, but it would not command oything more than standing room in

The Southern Pacific alone has earned in freight on potatoes going East this seen from Los Angeles over \$200,000, his huxiness has all been built up film three years, previous to which me potatoes were received from Kansas al Missouri by the trainload. The bast of the Riveride organs, even

THE NATIONAL CAPITAL.

tate Department Busy Learning Detail of the Passamaquoddy Bay Affair.

Commissioner Carter of the general land office has directed the Register and Receiver of public lands at Lewiston, Mont., to receive mineral applications to allow microral entries in the abandoned Fort McGinnis military reservation in Montana under the same conditions as when made for other public lands. The same role will apply to the abandoned Fort McDermitt military reservation in Newada.

Nevada, Advices received by the Burean of American Republics state that a specific duty of 11 cents a kilogramme (2.2 pounds) has been imposed on all iard imported in the Republic of Peru. It has been decided that all packages shipped, discharged and re-embarked at ports of the Republic shall be marked with the gross weight. Cases, barrels and crates must also be marked with the measurement of their dimensions ac-cording to the metric system, and times are imposed for non-compliance with this law. The Siste Densettment is quite have

this law. The State Department is quite busy learning the details of the seizure of the Eastport fishermen, so as to be able to act intelligently when the time for ac-tion arrives. The United States Consul at the Canadian town next to Eastport is investigating things, and when he makes his report it will be quite comp-tent for the department to take some very interesting steps towards obtaining an explanation of the case form (freat Britain. There is no danger of a repeti-tion of the "outrage," as it is being called in heu of a more definite term, and the department feels that haste in such an event would be unwise. Several letters have been received by

and the department feels that hasis in such an event would be unwise. Several latters have been received by Postmaster-General Wanamaker from Measra. Brooks and Porter, delegates from the United States to the Fourth International Congress at Vienna. That bydy completed its labors on June 16. Perbaps the most important of its re-sults is the admission of the Australian colonies to the union, to take effect July 1, 1862. The only divilized countries one compares, making the postal more remaining outside the union are Cape Colony and the South African Re-public, which will probably come in at the next congress, making the postal union "universal" in fact as well as in mame. The other interesting changes noted are the proposed issue of postal cards with a paid reply for international service, in the reduction of the registry 4 continues (5 cents), in an increase in the maxitum-size package of a sample from 8x4x2 inches to 12x4x5, an inden-national cooperation in the prosecution of counterfeiters of postage stamps.
