Found Dead in His Room.

[From Albany Herald.]

C. E. Conley, foreman of the sewer
contractors, Bays, Seffries & Co., was
found dead in his room at the Re-
vere House yesterday, his death having
occurred in a peculiar manner.

About 8 o'clock in the morning not
having made his appearance, the door
of his room, No. 24, was broken open.
The unfortunate man was found lying
dead upon the carpet with his face
down. He was attired in his night
shirt and had been dead several hours.
His face was black, leading at once to
the belief that he had died of strangulation.

Dr. W. H. Davis was called and Cor-
oner Farrell summoned a jury. It was
found that in a fit of vomiting he had
aspirated a piece of food into the lar-
ynx, producing a spasm of the glottis,
resulting in asphyxia, causing death.

A noise had been heard in his room
about 1 o'clock, but little attention was
paid to it at the time.

The deceased was a sober, industri-
ous young man of steady habits and
had not been ill. He was aged 28, and
had formerly resided in the home of
Chief of Police Parrish in Portland.

His parents are supposed to reside in
San Francisco. He had a small amount
of money in his possession.

It is not known what disposition
will be made of the body.

Mrs. S. H. Cowan's oldest little girl
has been seriously ill for the past
week but we are glad to report her
better.

Mr. J. A. Roberts has bought Jas.
Matchett's residence and will move in-
to it next week. Consideration \$1200.
Mr. Matchett will move on his farm.

Mrs. S. H. Cowan returned home
last Saturday from San Francisco
where she has been visiting for the
past three weeks and selecting her fall
and winter stock of millinery goods.

Institute is specially devoted to the

these troubles as well as all chronic
diseases has made for the Institute a

HARVEST IS OVER.

How The Crops of Oregon Have
Yielded.

Following is Crop Weather Bul-
letin, No. 29. For the week Saturday,
September, 16th, 1891.

In Western Oregon harvesting of
cereals is over. There are a few small
amounts of wheat and oats to thrash.
There was no appreciable damage
done by the rains. The buckwheat
crops of Clackamas county is very
good, small portions of it were dam-
aged by the rain. Hops are about all
baled. Experiments show that sugar
beets and sorghum do very well in
Washington county. The rains soft-
ened the earth sufficient to allow of
plowing in many counties. In por-
tions of Linn county the corn is not
ripening well. In Douglas county
the wheat was not over an average in
quantity per acre and quality, oats
however are above the average. In
Jackson county grapes are ripening
and wine making will begin next
week. In Curry county a 200 acre
field of barley, oats and wheat aver-
aged 50.51 and 35 bushels per acre re-
spectively. Reports indicate that
every one is well satisfied with the re-
sult of the harvest.

In Eastern Oregon harvesting and
threshing is generally over except
in Union, Wallawa and Baker coun-
ties where threshing is being finished
up. Crops have been secured with-
out any damage from climatic con-
ditions, as is the rule. Large yields
are reported from every county, vary-
ing from 10 to 60 bushels per acre in
some localities to 30 and 40 bushels
per acre in others. In Union county
for example one field of 600 acres av-
eraged a fraction over 40 bushels per
acre. The corn in Umatilla county
is unusually good. The fruit along
the Snake river was never so good and
plentiful, in Wasco, Umatilla and
Union counties the orchards are filled
with fruit, and the smaller orchards
of the other counties have done re-
markably well. The harvest has
been one of plenty, and the quality of
cereals and fruit a good average.

campaign.

Dr. Courtney has the contract to
supply the brick for the new bank
building.

Everything was quite lively in town
this week.

Dr. Courtney has decided to build
his brick buildings two-story height.
This will add very much to the ap-
pearance of the buildings and town
both. It is to be hoped that Mr.
Cowan will decide to do the same
thing.

Prof. U. G. Hurley will deliver a
lecture at the Band Hall to-night on

CRABTREE.

Owing to the indisposition of your
correspondent, the Crabtree items failed
to materialize last week.

We note this week the very serious
illness of Mr. Abe Young, of typhoid
fever. Mr. Ed Young has been strong-
ly threatened with the same disease,
but careful treatment has so far suc-
ceeded in preventing its development
into anything alarming.

Frank Smith is also on the sick list.
Dr. Booth is the attending physician to
all the above cases.

Mrs. Jasper Crabtree and family are
so far recovered as to need no further
attendance of doctor or nurse, and are
all happy in the consciousness of re-
turning health.

Mrs. Crabtree has lately purchased a
farm of Mr. William Elliott near the
Sautiam Grange Hall, and will short-
ly move on to it.

Mr. Elliott and family will leave us
in two weeks for their future home in
Eastern Oregon. Report hath it, that
one of the family at least will return
here in the not far distant future.

Mr. John Young and family have
recently moved into the house vacated
by Mr. Milt Morris and family.

The school house of district 6 was re-
moved last week from its old site near
D. F. Crabtree's, to a point about one
mile south, on land purchased by the
district from Frank Smith. Geo. Tay-
lor, of Seio, had the contract for doing
the work.

The hardest wind and rain storm of
the season visited us Monday after-
noon.

Saturday night was the first frost we
have noticed this Fall.

The subscription list for the erection
of a church is in circulation. About
half of the necessary amount has been
subscribed. Let all help, and we will
have a handsome church.

died of pneumonia, and a borrowed
horse completed the journey.

in the city to-day looking after the in-
terest of his addition to the city.

Mrs. Haurahan and Miss Booth were
in Albany Wednesday.

Miss Ole Smith and Nona Miller
were stopping in Albany this week.

Charlie Miller is down with typhoid
fever.

The following dispatch from Pitts-
burg, Penn., dated Sept. 27th brings
into prominence a former resident of
Albany and Lebanon, who left here
about six weeks ago. "Dr. W. C. Ne-
gus, of Binghamton, N. Y., came to
Homestead, this county, about ten
days ago and recovered his 7-year old
son from C. C. Long. The doctor told
a story that the lad was a son of a
wealthy Portland, Or., man and had
been kidnapped six years ago. He
(Negus) was a government detective
and had recaptured the boy after a
long search and would get \$5,000 for
his trouble. Long has got tired of the
unpleasant notoriety it gave him and
now tells his side of the case. Long
says that some years ago, while living
at Richburg, N. Y., he employed Mrs.
Negus to care for his parents, who were
very old. She brought her boy along,
having been divorced from the doctor.
Long and the woman fell in love and
were married. After the death of the
elder Mrs. Long they removed to this
county. Last March Long's wife died,
and when Dr. Negus heard of it he be-
came anxious to have his boy back so
he came on to Homestead, saw Long,
and without any difficulty recovered
the little fellow, and Long is at a loss
to understand the father's motive for
telling of the abduction case."—Democrat.

Silver Salmon are very plentiful
at present in the bay. From morning
till night her waters are dotted with
boats trolling for them and it is but an
ordinary two hours to catch a score or
seven weighing from ten to twenty-five
pounds. What would some of our
summer tourists say, at this season, were
they here now?—Newport Times.

J. C. Frey & Son, now in old post of-
fice, make collars and other harness.

When in need of books or stationery
remember that Smith & Miller have
the finest lot ever brought to Lebanon.

TO THE LADIES

I will have my fall and winter open-
ing of millinery goods on Friday and
Saturday, October, the 2nd and 3d.
I have just returned from San Fran-
cisco where I bought a select stock of the
latest styles and fashions. All are
most cordially invited to come and
examine them. Yours Resp't.

Mrs. S. H. COWAN.

LACOMB.

A pleasant meeting was held at the
Fern Ridge school house by the Pri-
mative Baptists last Sunday. Services
were conducted by P. B. Tucker and
G. R. Girard.

The Fern Ridge school is progressing
nicely under the management of Pro-
fessor Granville Colavaan.

J. M. South and family will move to
Eastern Oregon or Washington in the
near future. Also P. B. and J. C.
Tucker and families will start about
the 30th inst. to Eastern Oregon, where
P. B. Tucker has a fine farm and stock
ranch. Although we will miss our
friends from among us, we wish them
success and prosperity.

We understand that Messrs. Layton
and Haleman have bought the distil-
lery formerly owned by Mr. Scandlin,
and have set up on the premises of J.
D. Layton. So the rum loving public
of Canada and surrounding country
can be supplied on short notice with
Plum-Jack, Apple-Jack and High,
Low, Jack and the game.

We passed through the principal
street of Salt Lake a few days ago on
our way to Lebanon. We were great-
ly surprised at the improvements going
on there. In proportion it has exceed-
ed the growth of Lebanon. For with-
in six months it has more than doubled
in size if not in population.

It is rumored that Salt Lake Cap-
italists will put in a pipe line connect-
ing the distillery with the city, so the
proprietors of the still can have an
outlet for their product.

J. O. Boyd hauled Mr. M. L. Tuck-
er's hops to Lebanon on Monday, five
bales being the product of three acres.
