They seemed to enjoy their supper and then kept on playing until 4 o'clock A. M., and then departed for their homes. The names of those who attended the party are as follows: Emma Myers, Eda Garroust, Green Wolford, Hindson, Effie and Oscar Newquist, Olive Lala and Orval Morgan, Del Hillinger, Arthur and John Burrell, Cornelius and Clara Kinder, Degrise and Bertha Hindelson, Will and Alice Bishop, Luke Jennings, Sol Lindley, L. A. J. Nichols is about on the sick list with a bad cold.
We think Fanch Billie and Andy got pretty wet on their hunting trip.
We have heard that one of our fair sex at the mountains will soon make Lebanon her home. The mountains are nice for the gentle one, but there will be no one to sweep, wash and lay out for her.
School is going on at Willow Springs with Prof. DeVaney as teacher.

Little Salt Lake is steadily improving.

The school at this place is progressing nicely under the management of Robert Michael. 34 pupils are enrolled and all are in attendance. Several more will come next week.
Miss May Ross has a full school in the Happy Home district, about 25 pupils. This is the third term she has taught at Happy Home, and she is well liked.

We are glad to report that the stock mentioned in our last are improving.

We learn Mr. Riley is worse. He has been sick for four or five weeks with kidney troubles.
We learn that Mr. George Miller is going to own the stage line from here to Lebanon, as he has bought the contract from Mr. Carothers.
Certain parties from McDowell Creek who owed a store bill here undertook to pass through town Tuesday without settling. Mr. A. Hamilton, the merchant, got a horse and overtook them, informed them of their bill, and they kindly settled the bill by handing Mr. H. a double eagle, and went on their way rejoicing.
This is a very unlucky place for doctors. Most of them for some cause get into a ditch when they come here. One doctor and his wife, while walking along when they supposed was a street, walked into a ditch and got a complete dunking, and the other night Dr. Lambergen was prowling round a resident's back yard, who raises a great many chickens, and walked into a ditch and got wet all over. He went out into the woods, built a fire to dry his clothes. It being late at night, and he being very tired or—went to sleep and was only awakened by the fire, which had come in contact with his coat tails, and it began to get too tropical for him. Poor fellow, he better have gone to the station house and given himself up and paid his fine and saved his coat tails.
