Dr. Matchett, wife and little daughter were the guests of Mrs. James McDaniel, Saturday and Sunday.

It is understood that Mr. Matchett of Lebanon, contemplates moving on his farm soon. Mr. Lee Matchett is climbing nearer Sugar Home.

Mr. James Besham the photographer did not leave for Eastern Oregon as was reported, on account of having more calls for photographs.

Mr. Samuel Harris left a few days ago for the Mohawk valley to improve his farm.

The merry whistle of the new saw mill is heard morning noon and night.

Mr. Minter, the gentleman that bought the Skelton ranch is expecting the rest of his folks the last of this week.

Messrs Harris, Brammar and Kirk, have gone to the mountains on a hunting trip.

There was a party of Californians camped at the place of E. M. Dow, and while there caught two foxes and one coon.

Mr. Harris was drawing a pull of water and let the window slip out of his hand. It hit him in the face and broke his false teeth to pieces and he came near swallowing them.

There was a load of people interviewed the steam fruit dryer at Santiam Post office.  
James McDaniel moves next week on his own place by the new mill.

Mr. Wm. Skelton has purchased a place near Sugar Home, concluding this country is good enough for him yet.

Mr. James Benham starts next Monday for Eastern Oregon. Good luck to him.

There will be preaching at Liberty next Sunday, October the 19th, at eleven o'clock and at half past seven in the evening.

## PARENTS.

## MOUNTAIN ECHOES.

Quite showery weather at present.  
H. S. Wooden has been working for Mr. Fruit on his new house the past week.

T. B. Wright and Sam Hawker spent a few days at the old logging camp on the Calapoota last week, they captured seven nice deer while there.

Mr. Tom Arnold has a Pet which troubles him considerably, in the shape of a carbuncle on his hand which keeps him from his work on the Lebanon canal.

The writer visited Jordan Valley there I found a flourishing town located on Thomas Creek, with a population not quite as large as Portland. It has more than doubled its size in the last two years. They have good water power and good prospects of making a large city, the town is filled with enterprising people all of whom are working in the interest of the city. I stopped over night while there with a gentleman who resides on Mount Avenue and was treated in a gentlemanly manner, who showed me through the city and explained all the principal products.  
Mr. Jerry Hooks visited Brownsville on last Friday, returning Sunday.  
Mr. George Smith is finishing up his new house which looks splendid as like he might be thinking of getting a companion.  
The writer visited Lebanon this week and while there called at the Express office and through the kindness of the Editor was shown their new cylinder press and explained its merits.

## A Family Feud.

One brother killed another last Friday at a late hour in the vicinity of Tangent, and at the farm of Frank Ingram, the victor of the feud. It seems there had been some trouble between the two regarding the estate and will of their mother. The Sheriff and Coroner from Albany visited the scene last night. The verdict of the coroner's jury was that Henry Ingram came to his death by the hands of his brother, that it was a deliberate murder and that Ingram be held for murder. CHINA MEDICINE, Texas, June 5, 1891.—From my own personal knowledge, I can recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy for troubles in the stomach, also for flatulency and flux. It is the best medicine I have ever seen and the best selling because it always gives satisfaction. A. S. SHERMAN, 25 and 50 cent bottles for sale by M. A. Miller.  
For cholera or summer complaint in any form, there is nothing better than Chamberlain's Colic, Cholera and Diarrhoea Remedy. When reduced with water it is pleasant to take. 25 & 50c bottles sold by M. A. Miller.
