City Council meets on the first and third Tuesday evenings of each month.

**ORDINANCE NO. 12.**

An ordinance relating to the removal of animals from within the limits of the City of Lebanon.

THE PEOPLE OF THE CITY OF LEBANON DO ENACT AS FOLLOWS:

**SECTION 1.** That any person or persons owning or having any animal of any description within the corporate limits of the city of Lebanon, such as cattle, horses, mules, hogs, sheep or dogs, the same or any of which shall die, the owner thereof, or person in the control or possession of which shall, at his own expense, cause the same to be at once removed so far beyond the corporate limits of said city that no foul or offensive smell or atmosphere will arise therefrom, so as to be in anywise offensive to any citizen or person within the limits of said city.

**Sec. 2.** Any person or persons neglecting or refusing to comply with the provisions of section 1 of this ordinance for the space of twenty-four hours after having been notified of the death of any such animal within the city limits, or after having personal knowledge thereof, shall be deemed guilty of a misdemeanor and committing a nuisance within the city limits, and upon conviction thereof before the Recorder's court shall be fined not less than \$10 nor more than \$25, or imprisoned in the city jail not less than 5 days nor more than 15 days.

**Sec. 3.** It shall be the duty of the City Marshal, upon the neglect or refusal of any person to comply with the requirements of this ordinance, to cause the said dead animal to be removed, by in section 1 of this ordinance provided, and at once prosecute or file complaint with the Recorder against such party so offending.

**Sec. 4.** This ordinance shall be in full force and effect from and after its approval by the Mayor.

Approved this 13th day of Oct., 1891.  
M. A. MILLER, Mayor.  
GEO. W. ROX, City Recorder.

**ORDINANCE NO. 13.**

An ordinance to protect the public health, and to prevent the spread of dangerous or contagious diseases within the corporate limits of the city of Lebanon.

THE PEOPLE OF THE CITY OF LEBANON DO ENACT AS FOLLOWS:

**SECTION 1.** There shall be kept at the Marshal's office, by the Marshal, and under his direction and supervision, a book in which shall be entered the name and place of residence of any person, within the said city, who is afflicted with any of the diseases mentioned in this ordinance.

**Sec. 2.** There is hereby created a Board of Health for the city, consisting of the Mayor, Marshal and standing committee of the council on health and police. The Marshal shall be ex officio health officer of the city.

**Sec. 3.** The Board of Health may, when found to be deemed necessary, employ a physician of skill and experience to visit and examine persons sick with any infectious or contagious disease in the city, or to certify the cause of death of any person, and to be heard in any matter relating to the health of the city. Each physician shall receive such compensation as the common Council may think reasonable for his said services.

**Sec. 4.** The health officer shall cause all cases of cholera or smallpox brought to his notice to be examined, and report the result of such examinations to the Board of Health. He shall be diligent and active in detecting and removing all causes of disease, and shall see that all persons violating any ordinance in relation to the preservation of public health in the city are duly prosecuted therefor.

**Sec. 5.** Every police officer or night-watchman having a regular beat shall be ex officio health inspector, but without extra pay therefor. Should such officer observe that any building, premises, or any street, alley or his beat is in a condition offensive to the public health, he shall immediately report the same to the health officer of the city.

**Sec. 6.** It shall be the duty of each physician in the city of Lebanon to report to the health officer, in writing, every patient shall have fastening upon cholera or any other disease, typhoid fever, measles, scarlet fever, or any other acute or contagious of any kind, in time likely to return to the health officer after the removal of the nature of the disease, and to the same officer every case of such nature which may be brought to his notice.

It shall be the duty of any

owner of every person boarding or lodging at his or her home, or living there, whom he or she shall have reason to believe to be sick of cholera, smallpox, variola, typhoid fever, diphtheria, scarlet fever, measles, or any other dangerous or contagious disease, and to report any death occurring at his or her house from any such disease.

**Sec. 8.** That it is hereby made the duty of the owner or occupant of any house, store building or tenement in said city, wherein any person may have the smallpox, diphtheria, cholera, scarlet fever, whooping cough, typhoid fever, glandular pox, measles, or any other dangerous or contagious disease, to give notice to the public immediately of the existence of such disease in such house, store, building or tenement by placing a green flag in case of diphtheria, a scarlet flag in case of scarlet fever, a yellow flag in case of smallpox or cholera, and in all other cases a white flag. In some conspicuous place on his or her premises where it may be seen by persons passing on the streets near said premises; and in case the owner or occupant of such house, building or tenement shall fail or neglect to place such flag as herein provided, it is hereby made the duty of the Marshal of the city to cause the flag to be placed by the marshal of the city, and upon conviction thereof such person shall have so far recovered that no danger from infection or contagious shall remain. Such flag shall be not less than one foot wide, by one and one-half feet long.

**Sec. 9.** No person who shall have any contagious disease as enumerated in this ordinance, shall go out in public or pass from house to house, or building to building, or appear in any street, alley or other public place in said city, until he or she shall have so far recovered therefrom as to preclude any and all danger of infection or the communicating of such disease to other persons. And if the Marshal of the city shall see or be informed of any person violating the provisions of this section, it shall be his duty to cause such person to be taken immediately to his or her residence if within the city, and if such residence be not within the city limits, then to such place as the Mayor and chairman of the committee on health and police may direct.

**Sec. 10.** The occupant of any store, house, building or tenement in said city wherein any person may have been sick of smallpox, diphtheria or cholera, shall, on the death or recovery of such person from such disease, forthwith destroy, by burning or burying the clothing worn by such person during such sickness, under the supervision of the health officer of the city, and thoroughly cleanse and purify the room and house, store, building or tenement in which such sick person was confined during such sickness; and the health officer shall see that the provisions of this section are strictly enforced. And if the occupant of any building in which there shall have been a case of smallpox, diphtheria or cholera shall vacate such building without having first cleaned and purified the same as herein provided, then it shall be unlawful for the owner, or the agent or agents of such owner to lease or rent such building, or any part thereof, to any person until after the same shall have been thoroughly cleaned and purified under the supervision of the board of health of the city.

**Sec. 11.** No person owning or having control thereof, shall knowingly drive or use any vehicle, or permit the same to be used or driven for the conveyance, transportation or removal of any person infected with the smallpox, diphtheria, cholera, or scarlet fever, or the body of any person who may have died of any such disease without the written consent and permission of the health officer of said city, and any vehicle so used under a permit, shall not be used for any other purpose whatever within the limits of said city without the written permit of the health officer of the city.

**Sec. 12.** No person owning or having control thereof shall use, or permit to be used within the limits of the city, any vehicle which is used for the purpose of carrying or transporting passengers, groceries, or any article or articles of food, for the purpose of carrying or placing therein, or allowing to be carried or placed therein, the body of any dead person.

**Sec. 13.** No person attending upon or otherwise coming in contact with any person afflicted with smallpox or diphtheria in such manner as to render him liable to communicate the disease, shall go upon any public street or alley, or other public place within the city, or in any way mingle with people not affected with such disease until all danger of infection shall have passed; provided, that nothing herein contained shall apply to practicing physicians. But all physicians within the limits of said city shall use the greatest care and precaution to prevent the spreading of any contagious or infectious disease therein.

**Sec. 14.** Where a case of smallpox shall exist in any house, store or building, or tenement, within the city, the board of health shall direct the health officer to place upon suitable persons in charge of such premises, whose duty it shall be to see that the provisions of section 9 of this ordinance are strictly enforced as long as may be deemed necessary for public safety.

**Sec. 15.** When a case of smallpox is detected in any house, store or building, the health officer shall cause a yellow flag to be placed in a conspicuous place upon said premises, and such flag shall remain during the continuance of the disease, and until the house or place where such disease existed has been thoroughly disinfected and cleaned.

**Sec. 16.** No person shall move any smallpox or diphtheria patient from any house or place within the city limits without the written consent of the board of health of the city.

**Sec. 17.** No person without a permit from the health officer shall knowingly carry or remove from one building to another, or from any railroad depot to any house, or from any railroad car to any house, or through the public streets or alleys within the city limits, any person sick of any contagious disease, or the body of any person who has died of any contagious or infectious disease.

**Sec. 18.** No person shall be permitted to pursue any business or occupation in the city that is dangerous or detrimental to life or health, and every such business shall be promptly discontinued.

**Sec. 19.** No person shall offer for sale, or deliver to any person in the city, any unwholesome, watered or diluted milk, or milk known as well milk, or milk from cows that are fed on stall, stagnant water, garbage, or other like substance, nor any butter or cheese made from such milk.

**Sec. 20.** No person shall sell, expose for sale, or offer for sale, or deliver for human food, any blown tainted, diseased or bad meat, poultry, fish or game, or the flesh of any calf less than two weeks old when slaughtered, or any unclean, decayed or unwholesome fruit, vegetables, or other market products within the city of Lebanon.

**Sec. 21.** Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof before the Recorder's court, shall be fined not less than \$5 nor more than \$100, or be imprisoned in the city jail not less than two days nor more than fifty days for each offense.

**Sec. 22.** All ordinances or parts of ordinances in conflict herewith are hereby repealed.

**Sec. 23.** This ordinance shall be in full force and effect from and after its approval by the Mayor.

Approved this 20th day of Oct., A.D. 1891.  
M. A. MILLER, Mayor.  
GEO. W. ROX, City Recorder.
