HAPPY HOME.

Kellie Popplewell is boarding at Grandpa Cummings.
J. S. Caldwell called on friends in Waterloo one day last week.
Mr. Brown had a fine sheep to die a few days ago, and now has a sick horse on his hands.
On Sunday's weather is frosty and cold with bracing air and bright sunshine.
Monday morning Mrs. J. S. Caldwell received a pleasant call from old-time friends, Mr. and Mrs. I. D. Broce. They are also visiting friends and relatives in Waterloo Lebanon and the surrounding country.

Born, to the wife of W. G. Brown, two miles north of Waterloo, on Dec. 28, 1892, a girl of 9 lbs weight. Mother and child doing well.

A change of weather Monday night and now the gentle rain is heard pattering on the roof and window pane.

At last the neighborhood has become so thoroughly ashamed of the neglected appearance of its cemetery that the men turned out Monday in mass, some 25 or 30 in number and began repairing the same.

We of this district are in need of a post office and might have one just as well as not if some of the energetic persons of our Burg would only start the ball rolling by circulating a petition for it. The P. M.'s position is not a coveted one, but there are two or three who would accept it in order to get the mail nearer home without going so far for it.

Mrs. Jennie Caldwell and daughter are spending a few weeks at the Gap.

Mr. L. Dinsmore and wife are spending the winter with the latter's parents.

Uncle Jake Newman has quite an acquisition to his family in the person of his grandson Cornelius Kinder and his young bride.

Messrs. Bellinger and Kinder killed a fine fox on the mountain view ranche one day this week.

General health in this neighborhood is good. Mrs. Grant Lindley's health remains about the same as last week. She is with her husband's parents. We hope to hear of her speedy recovery.

Willie Cummings is still at Spring Farm, and says he isn't going to Albany any more, but is always going to take care of Grandpa and Grandma. Rax.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. A Little Girl's Experience in A Lighthouse.

Mr. and Mrs. Loren Treccott are keepers of the Gov. Lighthouse at Sand Beach, Mich. and are blessed with a daughter, four years old. Last April she was taken down with Measles, followed with a dreadful Cough and turning into a fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "handful of bones". Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you can get a trial bottle free at Miller's Drug Store.

To be Investigated.

Reports have been rife for several days, both in print and in the channels of personal gossip, to the effect that crimes have been committed upon the female inmates of the insane asylum, among both the patients and the attendants. If there is truth in what is said it would hardly be more than poetic justice that there should be organized hanging done as an atonement for the organized atrocities that have been perpetrated. Regarding this the Statesman, after having hitherto scoffed the reports with vehement denials, now says that the state board of charities and corrections has taken cognizance of scandalous rumor about the management of the insane asylum, and its asylum committee has set a day for a formal investigation. This committee is composed of Dr W E Carl, of Oregon City, Dr W E Rinehart, of The Dalles, and J S White, of Salem. The committee will meet at the asylum, Tuesday, Jan. 10, to take testimony and give public notice to all who have complaints to make or who know anything prejudicial to the management of the institution to appear at that time.—Herald.

With few exceptions the reports of the road supervisors of Linn county presented to the county court show that good and efficient road work has been done. Among the few exceptions is the report from district No. 43, in the southern part of the county, which shows out of 103 days' work due only four days' work has actually been done. The supervisor, who was down for two and a half days work had returned himself delinquent one and a half days. The board debated for some time whether they would accept the report or in impose a fine upon the supervisor. They finally decided to continue the matter. One or two other districts were remiss in the road work, but generally good work has been done.—Herald.

The Oregon Pacific railroad is to be sold again on the 18th. It is rumored that the road will be purchased by S. Case, a millionaire hotel man of Newport who will extend the line from Yaquina to that city. The men who are employed on the road have not been paid for the last ten months, but a great deal of work has been done on the line in the way of putting in new ties, ballasting, etc., and in repairing the bulk-heads at Yaquina—Oregonian.
