The pupils of the Lebanon public school will observe Washington's birthday in an appropriate manner. The exercises, consisting of songs, essays and declamations, will be held in the forenoon. Parents and friends are cordially invited to be present.

BUY YOUR HARDWARE, STOVES AND RANGES FROM MATTHEWS & WASHBURN, Albany, Ore.

C. A. Zahn has recently commenced making fine cream candies himself, instead of buying, as he knows they are absolutely pure then. Try them and you will say they are the best you ever bought. Boys, treat your best girls with these candies, and you will never get left. Actually these candies are superior to factory made candies.

The bill creating Lincoln county passed both houses of the legislature and will become a law. Toledo will be the temporary county seat. This means a great deal for the Bay country; besides an increase in population, including new lawyers, there will be new papers, and a live strife to be the county seat at the next election in 1895. Already the woods are full of candidates for office under the new government to be appointed by Governor Penoyer.

Robt. Montague had quite a serious accident on last Friday. He was leading a cow into the stall to tie up, and as Robt. was leaning over, the cow threw up her head running one horn up his nose, tearing it considerably. Dr. Foley was called and dressed the wound, but owing to Robt. being one of those few people whose blood lacks the clotting properties, in spite of all that could be done the bleeding could not be entirely stopped for about 70 hours, which was very weakening, but at this writing Robt. is getting along nicely.

Mr. C. F. Davis, editor of the Boomfield, Iowa, Farmer, says: "I can recommend Chamberlain's Cough Remedy to all sufferers with colds and croup. I have used it in my family for the past two years and have found it the best I ever used for the purposes for which it is intended." 30 cent bottles for sale by M. A. Miller.

Rev. May C. Jones, the lady evangelist, and her daughter closed their meeting at this place on last Monday night. These meetings have resulted in much good at this place. Their stereopticon entertainment that was given on the last night was a success, and was very entertaining and instructive to all who attended. Mrs. Jones is a well posted lady and a fine speaker.

The Military Band boys, of Albany, came out to Lebanon last Tuesday evening to give an entertainment. They secured the Band hall and city license, but as the crowd failed to arrive as they expected they only played a few pieces and then refunded back the money to those that were there and then quit. They gave some first-class music on the streets. We are sorry that our people did not turn out better. But come again boys and may be that you will have better luck next time.

A mocking bird in Pasadena sits in an orange tree not far away, and about the time he thinks the letter carrier should appear gives a trilled whistle, so much an imitation of that official's signal that I have been called out to get the mail more than once. The carrier says that this charming song bird has bothered people on Orange Grove avenue in the same way, and, thinking to spoil his little joke, he changed his whistle, but only a day or two afterwards the feathered rogue had caught on to the new sound and was singing the new song to the folks along the avenue that their mail was ready.—Pasadena Star.

An interesting experiment was tried here a short time ago, says the National Builder. A green six-inch cedar shingle, fresh from the saw, was measured and weighed, care being taken to get both exact. It was found that it weighed seven ounces. It was then dried and again weighed and measured. It had shrunk nearly one-eighth of an inch, while the weight had decreased from seven ounces to three. It was then submerged in water twenty-four hours, and the size had not changed a particle, while the weight had increased about an ounce, demonstrating the superiority of cedar shingles over others, as when once dry they will neither shrink with excessive heat nor pry one another off the roof in wet weather.

In giving an account of the burning of Mr. Alex McDonald's barn near Seio two weeks ago, the cause of the fire was given as unknown. A dispatch in Tuesday's Oregonian from West Seio clears up the mystery. It says that Andrew L. Arnold, living near Seio, was arrested for firing Alex McDonald's barn two weeks ago, and confessed to the deed, saying he did so because, Tillie, McDonald's daughter, would not accept him as a suitor for her hand. Tracks in the snow, leading to the barn, first caused Arnold to be suspected. Arnold is a man of property and has given McDonald a note secured by a mortgage for \$3500 to reimburse him for the loss. The community do not attach so much blame to Arnold as they otherwise would, as he is regarded as being a little off, and many are disposed to regard his barn-burning freak as that of a crazy man. Arnold is in the custody of Deputy Sheriff J. A. Blyden.

Engine No. 26, southbound met with a serious accident, says the Roseburg Review, just as she was about to enter tunnel 6, Sunday morning. A tree came down from the mountain side, striking the smoke stack, mashing it flat, and smashing things generally. Engineer Waite immediately applied the air brakes and the train stopped dead still. Brakesman A. T. Morlan, was sitting in the smoking car and says he thought they had run into a slide sure when the train came to such a sudden stop and the sound of the escaping steam from the engine sounded like a slide coming down the mountain side, and he lost no time in getting outside and wading through the snow to the engine. Had the tree struck a little further back, Engineer Waite and Fireman Everton could not have escaped injury. Conductor Kearney went to Glendale for the extra engine there and the train was pulled out after a delay of five hours. The battered engine was taken to East Portland car shops on Friday's freight.—Herald.

A person is entitled to one vote for every 50 cent purchase made until Saturday evening, March 18th, when the votes will be counted by the following Committee: Messrs. C. H. Ralston, F. M. Miller and Dr. W. H. Booth. The persons receiving the largest number of votes shall receive the prizes; and their name will be published in the Express with the number of votes given. Also the parties with the next largest number of votes. The names of the four leading candidates will be published every week with the number of votes each.

C. C. HACKLEMAN.

Water Works.

Pursuant to notice, the council met Tuesday night and gave a hearing to Messrs. Dubrulle and Rawlings in regard to the proposition to supply the city with water. There was a full attendance and a free interchange of opinions. Mr. Dubrulle made a clear and intellectual statement of his proposition. He read letters from various cities in this state and California giving the number of hydrants and their costs. He offers to furnish Lebanon with a first-class system at less than one-half the average price paid by the cities from whom he had letters and offers reasonable terms in which to pay the charges.

The proposition is now being generally discussed by the members of the council and the citizens at large. All admit that we have urgent need of waterworks. The only obstacle is the tax necessary to raise the money. The council will act in the matter after thorough deliberation, after they have ascertained the wishes of the people. The time has come when we should have a water supply for fires and for domestic use. We hope the council will finally decide to procure the works, and that without delay. We need them, and cannot risk the ever present danger of a general fire.

A Terrible Accident.

A terrible accident occurred on the City & Suburban street railway line in Upper Albina about 1:30 o'clock Wednesday afternoon, in which three persons were almost instantly killed, and a number of others seriously injured.

The car was crowded almost to suffocation with about 45 passengers aboard, among whom were 20 young people who constituted the graduating class of the Williams avenue grammar school. The car left the track at the turn, corner of McMillan and Larabee street, and by the time that point was reached the momentum of the car was so great that upon leaving the track it was simply dashed to pieces. In a twinkling the lives of two men and a child were crushed out, and 25 passengers, boys, girls and women, sustained injuries from a mere scratch to broken limbs and internal injuries.

On account of another lecture to the ladies, yesterday, Mrs. Cobb postponed her lecture until today (Friday) at 2:30 p. m., at the M. E. Church, South.

Chill Not In It.

SAN FRANCISCO, Feb. 13.—The Morning Call prints an interview with the Chilean consul-general at this port, N. Guerrero, relative to the telegraphic dispatch from Valparaiso, which stated that the Chilean warship Imperiale would soon leave Valparaiso for San Francisco with the exhibit for the world's fair.

Mr. Guerrero said he did not believe there was a word of truth in the statement. In the first place there was no warship of that name sailing under the Chilean flag. The South American Steamship Co. has a steamer by that name, and this was probably the vessel referred to in the dispatch. Mr. Guerrero said he thought that it would be a long time before any port in the United States would see a Chilean warship. "They have not forgotten," he continued, "either the Itata or the Baltimore incident. They have not forgotten how the Charleston steamed down there. Why could not a letter have been sent by the president of the U. S. to the Chilean authorities asking that the Itata return? They would have sent her back, and there would have been no exhibition of the attempt to humiliate the Chilean republic."

"There will be no exhibit from Chill at Chicago. That was settled some time ago. My government has declined to take any part in the world's fair. The correspondent at Valparaiso is unreliable. I have received advice there will be no exhibit of Chilean products at the world's fair."

EXECUTORS' SALE.

Notice is hereby given that the undersigned have been, by the County Court for Linn County Oregon, duly appointed Executors of the last will and testament of A. Dodge, late of Linn County, Oregon.

All persons having claims against said estate are hereby required to present them properly verified to the undersigned within six months from this date, at Lebanon Oregon.

GRANT DODGE, JOHN DODGE, Executors of the last will of A. Dodge, deceased.

WEATHERFORD & CHAMBERLAIN, Attorneys for Executors. January 4, 1893.

Albany is a fine place and has many attractions. Visitors must stop over only in the day time if they want to see said attractions. Nothing less than the optics of a night-owl could find the way along her streets at night—the electric lights having grown beautifully less. Always feeling a friendly interest in Albany's welfare, Lebanon has through her Mayor, tendered to the be-nighted citizens of Albany the use free of charge, of her old street lamps—the presence of several bright electric lights now adorning her streets following her of the necessity for such antiquated lights.
