There will be no services in the Presbyterian church Sunday, April 9th. Sunday school and Christian Endeavor will meet in the S. M. E. church at the usual hours. The 1st meeting of the Presbytery will be held in the Presbyterian church, Tuesday evening at 7:30 p. m., April 11th.

County School Superintendent G. F. Russell has issued his annual report of the condition of the public schools of Lebanon county for the year ended March 31, 1893. From it the following statistics are obtained: Number of children in the county 7792; number of teachers employed 210; certificates 122; applicants failed to pass 28; teachers in private schools 19; pupils in private schools 344; value of school houses and grounds \$197,959; value of school furniture \$11,874; value of apparatus \$4,430; school houses built during the year 4; number of school districts 15; amount of money received for school purposes during the year \$53,912.43.

As spring begins to open up it seems that it would be a good idea to have the Lebanon cemetery fixed up and cleaned out. The Express thinks that if this was looked after it could be easily done by subscription. We know that there are at least 25 persons in and around Lebanon who would readily give \$1 per month for three months to hire a good man to go there and work for the next three months and get the grave yard in first-class condition. Who will take hold of this matter and see what can be done, it is a shame the way the cemetery has been kept. There are some who try and keep up the graves of their relatives and friends, but there are many who don't. We also need a pump in the cemetery. Who will start it.

Train Wreckers.

On last Thursday night there was an attempt to wreck the Southern Pacific overland passenger train, near Rice Hill, in Douglas county, 172 miles south of Portland, by removing a rail on a trestle.

It was discovered by Geo. E. Richardson, who claimed he had been stabbed and beaten by the would-be wreckers, and thrown off of the trestle, where he lay unconscious for several hours, but became conscious in time to crawl up the track about a half-mile and flag the approaching train, and between gasps said, "For God's sake, don't go any further—they're there—the train robbers—they're well heeled and they'll kill you—they've done me up."

After the rail had been replaced Richardson was taken on board the train and taken to Portland, and was praised by all for his heroic action, and the passengers passed resolutions of praise for him and made up a purse for his "heroic action."

The S. P. company then offered \$3000 reward for the conviction of each one of the guilty parties and detectives at once commenced work on it, which resulted in Richardson's arrest.

They claim that they have evidence enough for his conviction, and that he did the work expecting to get a big reward. Richardson has virtually confessed to the whole business.

Elegant Monument.

One of the neatest monuments ever placed in Lebanon's cemetery was set up last Friday at the grave of the late Prof. Stubblefield. It is one of the latest designs in use in the east, made of the beautiful extra dark mottled blue marble, with a vase for the reception of flowers. If you want to see an entirely new design inspect it and then place your order with the firm who put it up, E. W. Achison & Co., Albany, Oregon.

Messrs. Lawrence and Thatcher, managers of the Oregon Telephone and Telegraph Co., were in town Thursday. They have decided to put in a telephone line from Albany to Lebanon, and also to Brownsville. In another column will be found their advertisement for bids on cedar poles. Hon. M. A. Miller is their agent at this place.

Bids will be received during the next twenty days for 900 or 1000 (a few more or less) round, live green cedar poles, peeled with knots trimmed close to pole; same to be delivered at the holes between Albany and Brownsville via Lebanon. The dimensions must be as follows: Twenty-five feet long, not less than six inches or more than nine inches across the top. Bids must be addressed to M. A. Miller, Lebanon, stating price per pole delivered as above.

E. Osborne traded his city property including the Lebanon machine shop, to J. H. Whedbee from the forks of the Southern. Mr. Osborne traded the property for a fine farm of about 200 acres. Mr. Whedbee has control of the machine shop.

Rev. W. S. Holt will give a Stereopticon entertainment and lecture in the Presbyterian church on the 12th of April, at 7:30 p. m. Dr. Holt was for many years a missionary in China, and it will be a rare treat to hear him lecture. All are invited to come.

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and at last resort we gave Chamberlain's Pain Balm a trial. To our great surprise began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work. E. H. Johnson, of C. J. Knutson & Co., Kensington, Minn. 50 cent bottles for sale by M. A. Miller.

At last the rush for Chinese registration has begun. Of course only a fraction of those liable to deportation can get in between now and May 6th unless some extraordinary measures are taken to facilitate the process, but there is still time enough for several thousand to get through. Once started the rush is likely to grow, although it is not very big yet.—S. F. Bulletin.

There will be services in the First Presbyterian church every Sunday, morning and evening. The evening sermon is especially intended for the young people. Young People's prayer meeting at 7 p. m. on Sundays. All are cordially invited to come and worship with us. Please make yourself known to the Pastor.

EDWARD ECCLESTON.

We hear that game warden McGuire will be in this city in a few days, to investigate the killing of an elk near Mill City, recently. It is reported that it was an old doe elk, that annually for six or eight years has come down in the fall and raised one or two calves, following the snow back in the spring. This year she was killed by some hunters who may have trouble on hand.—Albany Telescope.

Persons who are subject to attacks of bilious colic can almost invariably tell, by their feelings, when to expect an attack. If Chamberlain's Colic, Cholera and Diarrhoea Remedy is taken as soon as these symptoms appear, they can ward off disease. Such persons should always keep the Remedy at hand, ready for immediate use when needed. Two or three doses of it at the right time will save them much trouble. For sale by M. A. Miller.

Last Wednesday Moses Parker brought to town 22 pairs of Chinese pheasants and delivered them to E. W. Langdon, who shipped them to a gentleman in New York, where they will be turned loose, to multiply, and replenish the land. The legislature of that state has passed a stringent law protecting them, and they should do well there. Mr. Parker was paid the neat sum of \$220 for the birds.—Telescope.

The more Chamberlain's Cough Remedy is used the better it is liked. We know of no other remedy that always gives satisfaction. It is good when you first catch cold. It is good when your cough is severe and your lungs are sore. It is good in any kind of a cough. We have sold twenty-five dozen of it and every bottle has given satisfaction. Steadman & Friedman, druggists, Minnesota Lake, Minn. 50 cent bottles for sale by M. A. Miller.

PASTOR.

Miss Adams, who lives near Silverton, Marion county, went horseback riding the other day. Her saddle had been hanging all winter in the barn, and she noticed that the seat of the saddle appeared as though a stick might be under it, but could not be removed without ripping the saddle. After riding for several miles the horse became suddenly frightened and began to rear and plunge. Upon looking around she discovered a snake crawling from the saddle, and with its head began striking at the horse and then at her. Realizing her situation she jumped to the ground. Holding the horse with one hand she killed the snake with a club she held in the other. It was found to be a black rattlesnake three feet long, and was entirely too much warmed up to be a comfortable companion.—Ex.
