To the people of Lebanon. You will wait for ever if you think I will call at your houses to examine your eyes. Call and see me at my office and have a chat about your eyes, and you will then see that men travelling from house to house can not examine eyes.
Yours on sight,
PROF. J. HARRY GAY.

The Eugene Guard says: Salem is now "kicking" because it is likely that the Soldiers' Home will be located at Roseburg. The public institutions of the state should not all be centered at one place, and we are glad that Governor Pennoyer has appointed a board of trustees that assures the beautiful city of Roseburg this institution. Salem should remember the fate of Sacramento, or else she may be treated likewise.

4000 union laborers at the world' fair struck, the first of the week. The matter was settled by the leaders, and all have returned to work again. 200 painters there, who were getting 35 cts an hour, struck for 40 cts. A request was made for those who were willing to stay at 35 cts to step to one side. 125 of them moved aside, and after the rest had been dismissed the others were told they would be paid 45 cts an hour, 5 cts an hour more than they asked.

The Albany Democrat, says the Eugene Register, in speaking of our city election, says the saloon ticket won. That paper would confer a favor on the people of this city by stating the matter properly if they circulate the matter. There was no saloon ticket in the field. No saloon men took any part in nominating any candidate. The issue was, saloons under control of the council elected by the people, or saloons under the control of the people, with the result that it was left in the hands of the council. Styling the winning ticket the saloon ticket is an insult to the people of this city.

A young man by the name of Munroe was drowned Sunday evening in the South Umpqua river, 30 miles east of Canyonville, at the mouth of Elk creek, while trying to ford the creek. It seems that his horse became fractious while in the stream and in rearing up, the horse's head struck Munroe's head, knocking him into the river. Before he regained consciousness he was drowned. The body has not been recovered.

OF LEBANON.

Look Out for us next week.

Prof. J. Harry Gay,
Ophthalmic Optician,

YOUR EYE when examined by an Ophthalmic Optician may show errors of refraction (defect of sight) causing you those Nervous Headaches, undue sensitiveness to light, smarting along the lids, pains at back of neck, Frontal Headaches, that tired feeling at evening in your eyes. You may have called them disease, when they are not, and thought them such, and why? Because you are refractive media of your eyes. You may have given it but a passing thought.

ASTIGMATISM.

Thousands to-day are not having perfect vision, either with or without glasses, because the cornea of the eye curves more in one direction than in the other. Such should have glasses ground on axis, each curve fitting curve of eye. Be sure the frame fits your face; you see narrow faces and wide frames, wide faces and narrow frames, nose-piece too high or nose-piece too low. Every person should have frame fitted so each eye will come in exact center of lens. I take your order and have frame made and lenses ground for you. High-sounding names for glasses amount to nothing. The value of glasses depends on the skill of the optician. Combine skill with the best that money can buy and you have perfection. References cheerfully given. Living in your state, fitting complicated cases every day, with letters from hundreds of people you may know, I come not as a stranger to your city. Remember I guarantee satisfaction.
Respectfully,

Come To-Day and Bring Your Children. J. HARRY GAY.
