Disasterous flood threatens the whole Mississippi Valley from Cairo to New Orleans.

The Hillsboro Democrat has been burned out. Geo. D. Sanford, the proprietor, formerly ran the Jefferson paper.

The Brooklyn Bridge will celebrate its tenth anniversary on the 24th of the present month.

Baltimore is now insisting that the price of gas shall be reduced from \$1.25 to \$1 per thousand feet.

Floods in the St. Lawrence between Montreal and St. Johns, thirty miles below, have done great damage to farm property.

The gathering of the Women's Congress in Chicago last week is said to be the largest gathering of women ever known.

The general assembly of the Cumberland Presbyterian church of the U. S. will meet in Eugene in 1894. Quite an honor for Eugene.

The citizens of Creswell, Lane county, have decided to offer a bonus of \$20,000 and a block of land to secure the location of the county seat there.

Application have been made for permits to remove the bodies of 600 Chinamen from the burying grounds at San Francisco to China. Hereafter they will be sent back alive.

The people of Oregon who are complaining of our weather should be entirely satisfied on reading of the terrible storms and severe weather our Eastern friends are enduring.

It is now understood that the Southern Pacific proposes to give Southern Oregon a cut rate from Portland to freeze out the Oregon Pacific people and the proposed trade via Yaquina Bay with San Francisco. —S. F. Bulletin.

People coming to town from the country and city people who try to drive in the country agree that the roads are in the worst condition known for many years at so late a date in the season. The unusual rains have kept the thoroughfares in nearly as bad shape as they are in mid-winter. Consequently there is much talk about road improvement everywhere.

The East Oregonian draws this parallel: "Governor Penoyer is awaiting the decision of the supreme court of the State before putting a law, which is suspected of being unconstitutional, passed by the late legislature, into effect, while at the same time demanding that President Cleveland be impeached for awaiting a decision of the supreme court of the United States on the constitutionality of the Geary law before authorizing its enforcement. You 'pay your money and takes your choice' in deciding which is the greatest 'enemy to this country.'"

There is no disposition shown by the people of the Pacific coast, in general, to be unjust to the Chinese, but there is a strong feeling that they should conform to the law. A law not only legally passed by congress but judicially decided to be constitutional. It is well not to make undue haste in its execution, but those in authority should be firm in insisting upon compliance therewith. The notorious ignorance of the Chinese about our customs and manner of enforcing laws suggests the propriety of patience with the Celestials, until they have had time to realize the situation and act; but too much forbearance will in time cease to be a virtue.

The assessor of Lane county is compelling the payment of poll taxes when he makes the assessment. Otherwise most of the polls are never paid. A good idea.

Already some of the Oregon world's fair commissioners are complaining that the state's appropriation is too small. Why would it not be a good idea to have a tabulated account published of what is spent up to date? Washington and California have so required of their managers.

The City Marshal sold two ponies yesterday at auction one light bay mare, which brought \$4, and one bay pony horse which brought \$2.50 these ponies were well worth \$50. and they properly belong to a poor man who needs them. It does not look like there is any justice in selling horses with such notices as these. The horses did not pay half of the expense that the city has been paid for.

Last Friday evening about 5 o'clock as the steamer Elwood was close to Lincoln, on her way to Salem, the crew's attention was called to an object in the water, which, upon investigation, proved to be the body of a Chinaman. It was immediately identified as the body of Chung Ah Chong, the Celestial who, after filling his pockets with stones, jumped off the old Gilbert Bros. wharf into the river and drowned on April 30th last.—Statesman.
