Earl, 13-year-old son of Frank Gilliam of Heppner, wandered into the hills Saturday afternoon and could not be found. That night the residents of Heppner turned out en masse with lanterns and searched the hills for miles west of town. Towards morning a child's tracks were discovered about four miles from town leading towards John Woodward's ranch. Calling there, the little fellow was found snugly tucked up in bed and sleeping soundly. He had been found on the road late the previous evening and taken in by the Woodward's. It seemed hardly credible that so young a child could have wandered so far. The explosion of two dynamite cartridges was the signal that stopped the search and brought joy to the Gilliam household.

She expressed surprise at specimens weighing five pounds, and suggests this weight must be notified. This was the only exhibit at which she tarried.

Nat Bowman came over the mountains Friday from Crook county with a number of pack animals, which he had wintered East of the mountains. He was the first man to cross this year. He reports about ten miles of ten foot snow still on the summit. The stock wintered very well in that country he reports, but the sheep increase the smallest for five years. The wool growers, who usually bring their produce to market in this valley he thinks will not be able to do so this year on account of depth of snow. Mr. Bowman was accompanied by Mr. Mulkey.
