I got some of Chamberlain's Colic, Cholera and Diarrhoea Remedy from Rev. Chapman. It cured both of them. I knew of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." 25 and 50 cent bottles for sale by M. A. Miller, Druggist.

A funny man who asked "where is the State of Matrimony," received the following answer: "It is in the United States. It is bounded by hugging and kissing on one side, and cradles and babies on the other. Its chief products are population and broomsticks, and staying out at night. The climate is very sultry until you pass the tropics of housekeeping, when squall weather sets in with sufficient power to keep all hands as cool as cucumbers. For the principal road leading to this interesting state, consult the first pair of bright eyes you run across.

L. J. Thompson, of the Excelator fruit farm in Corvallis Wednesday, reports the trees set out last winter as making a good growth and looking well. A number of Corvallis people are interested in this farm, which is located in the southern part of the county. On Wednesday of last week, Mr. John Morrow, while threshing in the south part of Linn county, became incensed at something and struck his partner, Mr. Tibbley, over the head with a leg of the machine table, a heavy stick several feet in length. Mr. Morrow, who bears the reputation of a quiet, peaceable man, was seized with instant remorse, and wept while he took the injured man in his arms and helped convey him to his home. The flesh was lacerated in a terrible manner, but the jugular vein although being laid bare was not severed. Dr. Royles was summoned to care for the boy, and thinks there is possibility of his recovery, although there is considerable doubt in the matter. The boy was unconscious for 24 hours.

Mr. Thomas Ratte, editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence." 25 and 50 cent bottles for sale by M. A. Miller Druggist.

The Brownsville Times tells the following: On Tuesday evening a portion of this place was treated to a genuine fistie encounter, in which Jerry Keeney and Jas. Blackburn did the "battery" work. The parties had been "edgeways" for some time and upon meeting on the evening mentioned they met with the results herein stated. The fight started in front of the Royal saloon, and after the contestants had rolled and battled for some time they found themselves some sixty feet away, with Blackburn under and calling "enough." After this part of the performance was over Jas. hid himself away in search of a gun and some ammunition, which he procured, but in the meantime Keeney bent a hasty retreat, routed Marshal Powell for a body guard and returned to the scene of action. The officer requested Mr. Blackburn to give up the gun, but he assured him that he had no intention of using the gun unlawfully but was going "busting" next day, and he was allowed to retain possession of the same. There were no arrests.

Ed. Keebler, Jr., is the owner of two horses that Ed. thinks are threatened with speed. He matched them to run to the pole against the well known running horse, "Sidegait." "Sidegait" will be known as the little white horse sold to John Cave by Ed. Carr and the one formerly used by Carr on the delivery wagon. This little running horse has been transferred several times at fabulous prices and has been known to kick the dust of 200 yards of Mother Earth in 6 minutes and 32 seconds. John Donaca is now the owner of "Sidegait" and drove him to the thills in the race with Keebler. He beat Keebler 9 lengths according to the decision of the Judge of the race, A. F. Stowe, who rode with Donaca behind "Sidegait." Keebler says he will run his horses against grass in the near future.

SPORTING CLUB REPORTER.

The following from the Review, of Roseburg, emphasizes the uncertainty of buying subpoenas before county courts have passed on the claims: "F. L. Leonard was arrested Friday morning by Marshal Carroll and locked up in the city jail, charged with obtaining money by false pretenses. Leonard was a witness in the 'Hero' Richardson case and was subpoenaed in Roseburg. He claimed mileage from Portland, 396 miles, and one day's attendance, amounting to \$41.60, when he was only entitled to one day's attendance and two miles, amounting to \$2.20. He disposed of his claim to Mrs. Nellie Moore, who caused his arrest. At the examination before Justice Hamlin it was found that Leonard really had no intention of swindling, and thought he was entitled to the amount claimed. It seems that he came from Portland at the request of the prosecuting attorney but was not subpoenaed until after he arrived in Roseburg, and the county court would only allow him twenty cents mileage. As a consequence Mrs. Moore is out considerable money.

FAMIES.

On Monday evening there arrived in this place two gentlemen with a trunk full of notions which they intended to sell at auction on our streets, but upon application to the authorities for a license they were informed that the fee for such a privilege is \$10 which scared them out. They went across the bridge and proceeded to sell their goods, but owing to the scarcity of buyers the auction soon came to an end. We have no objection whatever to these gentlemen, or to their business, but we do feel like crawling out on the balcony of enthusiasm and sending up a hurrah for the honorable city council of North Brownsville for their recent action in raising the license for street peddlers. The merchant pays his taxes and helps to keep up the city and why should he not be protected in his business interests. It seems as though every swindle ever introduced in the state of Oregon during the past five years has been by some unknown power directed to this place, but thanks to the rulers of our city, the money earned here shall be kept and enjoyed in our city instead of being dragged from our city by itinerant dealers.—Brownsville Times.

A. Kees and Lulu Kees, his niece, and the three children of Mrs. John West which are great grand-children of Mr. and Mrs. G. W. Wilson, making a total of forty-one persons. Mr. and Mrs. Wilson are aged respectively 75 and 67 years. They were married Nov. 7, 1844. Their living children, 10 in number, were all present except Mrs. Joe Claypool and Wm. There were seven grand-children absent and one great grand-child, two daughters-in-law and two sons-in-law. The eldest great grand-child used a table fork at dinner that is valued for its age. Of most of those present will remember the event with pleasure in the years of the future.
