Hops are nearly all picked and in the kiln in this vicinity. While the quality is above average, the yield is light. There have been no sales made this week, although Lamberson offers to buy the entire crop at 16 cents per lb., for Geo. Pope & Co., of Portland. The same firm bought of White & Tyer at Brownsville, yesterday, thirty choice bales at 16 cents per lb. This shipment went direct to Glasgow, Scotland, and is the first shipment of hops made from this county of this year's crop. What the future will bring in regard to prices no one knows.

A woman in Nebraska recently swallowed some valuable diamonds while on her death-bed, dying a few minutes later. The diamonds were a part of the marriage portion of her husband's first wife, and he had presented them to the second wife. On his death, which occurred soon after his second marriage, the relatives of the first wife demanded the diamonds but were refused, and the jewels were swallowed to prevent their getting them even after the death of the one who held them. The first wife's relatives have brought the case into court, claiming their right to have the body exhumed in order to obtain the diamonds, while the relatives of the second wife contest it strongly.

The Prineville News says: "Mrs. Eliza Warren, of Browns Hill, accompanied by her son and his wife, visited her sister, Mrs. Wm. Wigle, and her daughter, Mrs. Joe Crooks, last week. Mrs. Warren's history is no doubt familiar to nearly all people in Oregon. She is now 57 years of age. At the age of ten years she was a member of the mission school at Walla Walla, and was an eye witness to the massacre that took place there on the 27th of November, 1847. In this Indian butchery the great Dr. Whitman fell, and his brave, heroic wife was also a victim of the tomahawk. Mrs. Warren with 51 others were taken prisoners, and were in captivity three weeks. They were ransomed by Hudson Bay Co. officers. At that time the subject of these remarks was Miss Spaulding. Her mother and Mrs. Whitman were the first white women to tread upon the soil of Oregon. These truly pioneer women crossed the plains in 1836. Mrs. Warren was born at Lapwai, Idaho, not far from the present town of Lewiston, and she is now the oldest white child born on this side of the Rocky mountains."

More Bank News.

It will be remembered by our readers that H. M. Beall, receiver of the Linn County National bank, commenced an action against J. L. Cowan for \$23,200.00, and attached all the property known as the Bank of Lebanon property, which was placed in the hands of three trustees for the security of the depositors. Mr. Beall, as supplementary to and in aid of that action, has instituted a suit in the U. S. Circuit Court against J. L. Cowan and W. B. Donaca, J. M. Settle and J. A. Roberts, the trustees, and the papers were served upon the defendants by J. D. Coleman, Deputy U. S. Marshal, requiring them to appear in that court on the 6th day of November, to answer the complaint. At the same time the Deputy U. S. Marshal served upon the defendants an order made by Judge Gilbert restraining them from doing anything with the property pending the litigation. Mr. Beall also seeks to have a receiver appointed to take charge of the property, and the defendants are required to appear on the 9th day of October to show cause why this should not be done. The institution of this suit brings into question the legality of Mr. Cowan's action in turning over his property to secure the depositors of the bank of Lebanon, and will stop all present efforts of the trustees to settle with them. The complaint of Mr. Beall not only questions the legality of the transaction, but also charges Mr. Cowan and the trustees with bad faith, and with the attempt to defraud the Linn County National Bank. No one, acquainted with the circumstances, will for a moment believe this, and if the case depended upon that question alone there would be no doubt as to the outcome. The trustees, we understand, will defend their position and not permit it to go by default. What the result will be is hard to tell, as there are several very close legal points involved, and it may be a long as well as a hard fight, but it is to be hoped that the trustees will save the little they have for the depositors rather than that it should all go to the Linn County Bank, which was practically J. L. Cowan's. We learn that W. B. Donaca, one of the trustees, and John M. Somers, one of the attorneys, will go to Portland Saturday to begin preparing for the defense.

Later—Just as we go to press, Geo. Humphrey, Deputy U. S. Marshal, arrives in the city and places another attachment on the Bank of Lebanon for the sum of \$6,438.62, which amount this bank owes the Bank of California, at San Francisco. Nearly every day brings something new to light—and verily, verily, the end is not yet.

Harry Singleton went to Mehamm Sunday on his wheel in two hours and twenty-five minutes. The distance is twenty-seven miles. Previously Wm. Miller has held the record for the Mehamm trip from Salem, having made it in two hours and forty minutes. Singleton says that he did not start out to make a record, but surprised himself by the time he was able to make over the hills, and after he had covered nearly half the distance he concluded to see what he could do. He came back in two hours and a half, and he avers that he can make the run in two and a quarter hours. The roads are in prime condition.—Statesman.

As showing the scarcity of silver in certain small towns of Oregon, a young man of Walla Walla, lately returned from a visit to friends at Sweet Home, relates a peculiar experience. Accompanied by several friends, he went buckberrying along the Santiam river. They succeeded in gathering a large quantity of the luscious fruit, and one young friend desired to preserve a few gallons to send home to Walla Walla. Arriving back to Sweet Home he purchased one dozen glass jars at the one store in town, and in payment thereof proffered a five-dollar gold piece. With a look of astonishment the proprietor informed him that he could not change it. All the business places in town were searched for "change" with the same result. The proprietor of the store then proposed to hold the jars while the young man went to the next town—Lebanon—for the silver. After a trip to Lebanon and a visit to several business houses, the gold piece was changed and the jars obtained after a full day's search for ten pieces of silver.—Walla Walla Statesman.

Two Were Drowned.

PORTLAND, Sept. 18.—A young man named McKeechle, a tutor of two little daughters of Daniel Magoon of Oswego, Clackamas county, took a walk with his pupils yesterday afternoon.

One of the children ventured out on a plank in the canal, which runs from the Tualatin river into Sucker lake, and fell in. Mr. McKeechle plunged into the water after his ward, bringing her back to the surface and getting hold of the plank from which she had fallen, and at the same time warning the other girl not to approach the bank too closely.

The young hero had scarcely admonished the child when he lost his grip on the plank and he and the first child sank and were drowned. Later in the day both bodies were recovered. McKeechle was a well-educated young man and the son of a good English family.

Best of 'em Fooled.

From Corvallis Gazette.

Yesterday morning our "devil," who has recently contracted the habit of "early to bed and early to rise," while on one of his morning tours parolined from some secreted nook which is his custom to frequent, a bunch of fruit and placed it in the display window of the Gazette stationery store, with the label "Oregon grapes" attached. One of Corvallis' enterprising fruit growers and real estate dealers was attracted by the magnificent specimen and made anxious inquiries as to the source from whence they came. Visions of untold wealth flashed through his brain in anticipation of the crop that he would realize from seed of this variety, for indeed it was a beautiful specimen; in fact it so far surpassed the ordinary Oregon grape that he was suspicious of the fact of its being an Oregon product and offered to bet a dollar on his judgement, which the "devil" promptly covered. The chagrin that overspread his countenance when he learned it was only a joke was pitiful to behold. It was only a bunch of Blue Damson plums.

Notice to Delinquent Tax-payers.

I positively intend to collect all delinquent taxes remaining unpaid after Oct. 1st, by levy and sale of property belonging to the delinquent tax-payers. The taxes must be paid, and after said date I will make the levies as fast as myself and deputies can do so. All those wishing to save a call from me, as well as the expense of the levy, can do so by settling their taxes before October 1st.

O. C. JACKSON, Sheriff and Tax Collector.

Grand Millinery Opening.

Mrs. H. J. Sower, of Albany, will hold a reception Friday and Saturday this week, (Sept. 22 and 23) in the millinery parlors of the Ladies Bazaar, in their new store next to Foshay & Mason's. All are cordially invited to attend. An entire new stock and all the latest styles.

"We know the public is down upon us," remarked the old milkman as he dipped the required quart out of his can, "but the public is mistaken. In the first place we put in a lecture water, only a bit to make up for shrinkage. It goes to the big dealers, and they ain't a bit keeful when they pour in the water. They sell it to the retailers and they put chalk in with, one hand and water with the other, and they are thinking about influenza and put in too much. The servant girl goes after the milk for the family and drinks a third of it, and she puts in water to make up measure; and you see, when the family gets it there is no taste, and they goes for us poor old men, who haven't a dishonest hair in our heads. That's the way, mister Goe up there, Homer."—N. Y. Telegram.
