

We Need Our Money.

The editor of the EXPRESS wishes to impress the fact upon the minds of those who are behind on subscription and otherwise, that he needs every cent due him. We have borrowed money from year to year in order to continue our business, before we would insist upon it from those who owe us, but pay day is now near at hand, and we shall be compelled to either collect, or sacrifice what we have worked for these many years. The amounts due us are small, taking them severally, and you would not miss the money, but put these amounts together and they make several thousand dollars. Will or will not our friends help us out by paying up?

Another notice will be given later. The postoffice department has decided that a letter is not the property of the person to whom it is addressed, and consequently its delivery may be countermanded by the sender, if he can prove that he did send it.—EX. A few days ago the First National bank of Eugene ordered from the San Francisco mint \$100 in dimes. Imagine their surprise when they opened the package and found it contained \$1,000 worth, a mistake having been made. All parties indebted to Cruson & Menzies for twine, will take notice that one cent per lb. and interest will be added after Oct. 1. These are the conditions we will have to comply with and we don't wish to slight our customers. Last Sunday evening while Hon. E. R. Skipworth was attending the services at the Southern Methodist church, some sneak thief stole an eight-dollar umbrella from him, which he had left in the vestibule. Mr. Skipworth has one advantage in the matter, and that is, if he should find the thief he can prosecute his own case. I N Bostwick, of Lebanon, arrived Sunday, and has spent the past week visiting old friends and looking over his former stamping grounds. Mr. Bostwick is permanently located in Linn county, but says if he could dispose of his land there, he would return to Crook county and engage either in cattle or sheep raising.—Ochoco Review (Prineville). Rev. E. P. Henderson, the aged pioneer teacher and preacher, of Eugene, died last Friday afternoon at two o'clock. He was not considered dangerously ill until just before his death, and even then it was hoped he would recover. His last illness was rheumatic fever, which afterward complicated with heart trouble and caused his death, as his old age, 75 years, rendered him unable to resist acute disease.

McDaniel and Miss Nellie A. Purdy, both of Linn county. G. M. Weimer, pastor of Christian church, officiating. Frank Siddall, the Philadelphia soap man, is credited with saying: "I have confined my advertising entirely to the newspapers. The man who does not read a newspaper does not use soap." This is the opinion of one successful business man, who has proven the benefits of judicious newspaper advertising. Mrs. C. C. Hackleman left Tuesday for Astoria. She will visit a couple of days in Albany and Portland, on her way down to Astoria, where she will spend a few weeks visiting her sister, Mrs. Wright. She will then go from there to Los Angeles, to join Mr. Hackleman, where they will make their future home. At Corvallis Friday, Judge Fullerton of the circuit court, issued an order directing the unrestricted sale of the Oregon Pacific railroad property by the sheriff on or before December 15. If reports are true there will be some lively bidding on the road at the approaching sale and the road will be sold this time without fail. Rev. N. J. Bryans and wife, Evangelists, are in our city, holding meetings in the South Methodist church. Both are fine speakers, and have had a good house every night. We hope they will do much good while among us. Their meetings in Albany and Eugene resulted in many conversions and additions to the different churches. Last week some sneak thief entered the residence of Wm. Marks and stole a purse with about \$9 in it. Mac Wiley discovered the thief and exchanged several shots with him, but did not capture him. Friday Mac had a search warrant sworn out, and with Constable Morgan went out and searched the house of John Marks, which resulted in his arrest. Marks was brought into town and on Saturday brought up before Justice Elson, but not being ready for trial was given until last Tuesday to make preparation. On Tuesday he waived examination and was bound over to appear before the grand jury. It is reported that the evidence against him is good. The Eugene cannery has completed the work of drying prunes for the season of 1898. The product dried amounts to about 25,000 pounds of the article ready for market, the green fruit amounting to about 118,000 pounds. At Dr. Sharple's dryer we are reliably informed there were 60,000 pounds of dried prunes, or 220,000 pounds of green fruit. In one day the Dr. turned out four tons of dried fruit, and he is confident that with proper furnaces he can easily dry five tons per day. The cannery will probably make a short run canning corn before it permanently closes down for the season. This has been a very poor year for canneries. Nearly every one of these institutions will lose money this year.—Eugene Guard.

Thursday morning, Oct. 12, Mrs. James Harris, residing in Benton county, a few miles from Albany, had washed her face and was reaching for a towel when she fell to the floor and expired almost instantly. The cause was heart disease. Mrs. Harris was 55 years of age and was highly esteemed by her neighbors. It seems to us that it would be a good idea for the city council to pass an ordinance making it a finable offense to ring the church bell longer than one minute at any one time. The way some of the ringers have, of ringing the bell for ten or fifteen minutes at one time, has grown to be a nuisance that should be abated. Charles Millbern, an employe of the Oregon Pacific company in this city, was arraigned before Justice L. M. Curl yesterday on a charge of abduction. The alleged crime consists in having enticed away from her home Miss Martha Spaight, the 14-year-old daughter of Mr. and Mrs. George Spaight. Millbern waived examination, and was held in \$100 bonds, which he gave, to await the action of the grand jury.—Albany Herald. "During my term of service in the army I contracted chronic diarrhoea," says A. E. Bending, of Halsey, Oregon. Since then I have used a great amount of medicine, but when I found any that would give me relief they would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow. For sale by M. A. Miller, Druggist. The fanny man of the Eugene Guard got off the following at Junction City's expense. "We are told one of Junction City's young men has undoubtedly a very bad case of lovesickness. A few days ago he called on the lady love of his choice, and informed her of the state of his affections, and that he could not live without her; that unless she reciprocated with him exclusively he would take strychnine and commit suicide. To prove his assertion he pulled a phial out of his pocket and poured part of the contents into his hand. The horror struck maiden was equal to the occasion. 'Hold on!' she exclaimed, 'I will get you some water and it will not taste so bad.'" Mrs. Sadie Toole, wife of Wm. Toole, who lives on a farm near Albany, was arraigned in Justice Curl's court yesterday on a charge of "pointing a firearm at a human being." The complaining witness was L. O. Hiatt. It appears that young Hiatt had some difficulty with Mr. Toole on account of some cattle having got out of the field, and threatened to whip the latter. Mrs. Toole procured a pistol and went gunning for the man who was going to whip her husband, and for her display of firearms was placed under arrest by Constable C. G. Burkhart. She waived examination and gave \$100 bonds for her appearance before the grand jury.—Herald. As will be remembered by our readers some months ago Elizabeth Jordan mysteriously disappeared from the residence of her brother, near Dexter. The case excited the community and there were some who unhesitatingly claimed foul play and designated W. E. Jordan as the party responsible for the lady's disappearance. The talk has now brought out a suit for slander and damages, W. E. Jordan being the plaintiff and Joseph Parker defendant. The amount of damages asked by the plaintiff is \$22,500. The case will come before the next term of circuit court and no doubt will be hotly contested by both sides. The result of this case will probably decide the fate of some others in that neighborhood.—Eugene Register. The suit brought against the town of Selma by the Mongolians who were turned out by the mob was not entirely unexpected. It has, however, come in a different form from what was anticipated. The Chinamen, if the complaint is correctly reported, claim no damages for personal abuse or for property destroyed, but ask the town to make good to them money, clothes and jewelry stolen. They will have to prove to the satisfaction of the jury that they lost any clothes or money. Their property was damaged but they have only their own testimony that they did not do some of the destroying themselves. We do not see why or how the town can be any more responsible for the thefts than they would be for any other house-breaking. The action of the mob is by no means justified and the town might be liable for property destroyed by them, but we think it going just a little too far to ask pay for felonious sums of money claimed by the Chinmen, to have been stolen.—Selma (Cal.) Irrigator.

Council Proceedings. Council met last Tuesday evening in regular meeting. All the members answered to the roll call except Councilman Dalgleish. The minutes of the last two meetings were read and approved. The committee who were to look into the matter of having the cross-walks put in across the railroad track, made a verbal report, and after discussing the matter for some time it was decided to drop the cross-walk business for the present. Quite a long petition was presented by Mr. O'Neil, asking for an arc light near Mr. Wasson's residence. Another petition was read, asking for a light near Chas. Stokes' residence. Another petition was read, asking for a cross-walk across the street near Mr. Wasson's. All these petitions were referred to the committee. A new cross-walk was ordered put in across the street, at Judge Miller's. The propriety of moving the arc light from the corner at Judge Miller's to the corner at J. W. Menzies' was discussed, but dropped for the present. By motion an arc light was ordered to be put in at the cross street at the Baptist church. W. C. Peterson, of the fire department, was present and made a report of the condition of the department. He reported that the company badly needed six hundred feet of hose. The council discussed the propriety of buying new hose, and decided to postpone it for the present. The bills from the fire company, amounting to \$8.25, were read, and by motion the rules were suspended and the bills allowed and ordered paid. The council then adjourned until next Monday evening, Oct. 23. Hiram Baker is now selling all of his suits of clothing at actual cost. Call and get a bargain. A good light-second-hand buggy and harness for sale at a bargain. Inquire at the Express office. How to make the "mighty dollar" go a long ways—Go to Baker's and buy your boots and shoes, that have been cut down to hard times prices. Now is the time to select your winter millinery. Call at the Ladies Bazaar in Albany, where you can have the choice of the largest new stock and best styles ever shown in the valley. Prices to suit the times. Mike Sexton, who for several years has filled the position of section foreman on the Niagara division on the O. P. in a very workman-like manner, was recently for some cause removed from the position. Sexton blamed C. J. Mulcahy, father of Supt. R. E. Mulcahy, for the loss of his position, and met him on the train last Monday and beat him in a shameful manner. Sexton's friends regret very much that he so far forgot himself as to assault and maltreat a man too old to defend himself. No wonder time is represented as haggard and worn out; a watch keeps time, the chorister beats time, the clock strikes time, the cars run on time, the foreman lays out time, horses run against time, people threaten to do things if they get time, at a prize fight they call time, soldiers mark time, criminals serve time, few can spare time, everybody now and then tries to kill time, and perhaps your subscription to this paper is behind time; if so, please save time, by paying up this time. The good people of the north-east end of the city have been much annoyed for a long time by petty thieving. Bits of harness, fat chickens, ducks and turkeys, vegetables, oats, and things too numerous to mention, have been stolen. The injured parties have a strong suspicion as to who is the thief, and a vigorous prosecution will follow him to the jail. They mean business, and the unlucky thief that falls in their hands will fare badly. County Judge J. N. Duncan and Commissioner J. W. Pugh have been over to see the Sanderson wagon bridge, which is again threatened with destruction by the changing of the Santiam's channel. The recent flood washed away about fifty feet of the bank, and the river threatens to leave the bridge out on dry land. The river cut just this caper a few years ago, and the bridge was built twice its original length to cover the new channel. The bridge has already cost about \$30,000 and the county officials are debating whether it will be cheaper to keep following up the changing channel or tear the bridge down and rebuild it at some point where is a more permanent channel.—Herald.
