A crank has been sending letters of advice to Governor Penneyer, of Oregon. This is a clear case of dog eat dog.—Chicago Herald.

President Cleveland is reported to have been simply amused, when he heard of Penneyer's proclamation, and gave it little notice.

We would advise the farmers who have potatoes on hand to hold them, until the California crop is worked off of the market, as all indications point to a good price for them within the next two months.

A Portland woman whose husband is suing for a divorce says the Lord will act as her attorney. This will be a startling innovation in divorce court proceedings, besides being a valuable acquisition to the Multnomah Bar Association.—Telegram.

The eloquent champion of the populists—Mrs. Lease—has forsaken her former friends and has gone over to the republicans. It is said that the populist senators will flock with the democrats. One by one the leaders forsake "the dear people." Having gotten what they want, or seeing that there is no chance to get it, they forsake the sinking ship. "The people" are honest, but their dear disinterested leaders—male and female—are just as bad as other people.

The Astorian, in speaking of Penneyer's Thanksgiving proclamation, says: "But he wants office. He is dangling a very rusty hook for the Populist vote, and to catch that vote, or any other vote that would put him into the senate, he would turn his grandmother's funeral oration into an election speech, or engrave on her tombstone his profound outbursts of drivel, and then run it into a 'heeler's' political procession as a transparency."

It is said that one of our largest universities is about to add to its faculty a professor of chiropody, whose main business will be to attend to the lame feet in the lines of the spring poets among the undergraduates. As ourselves are among the victims of afflictions and inflictions of these sad-eyed riders of Pegasus, we heartily congratulate the institution on this new departure. It would be a mercy to us and others should the professor referred to not only depede the lines, but decapitate the poets also.

This thing of letting assassins of prominent men off without punishment because they are "cranks" is the making of cranks. A man who is sane enough to make his living and manage his business affairs is sane enough to know better than to commit an unprovoked murder, and if a few of these cranky assassins were given their deserts on the gallows, murderous cranks would be few. In being lenient with those fellows we are endangering the lives of all our prominent men, the ones most needed in conducting affairs of government.

The hop company spoken of in this paper two weeks ago, has materialized. The members of the company are W. C. Cooley, Henry Archibald, J. L. Say and J. D. Irvine. They have purchased 195 acres of land in the outskirts of South Brownsville of Henry McFarland, consideration \$10,000. They will commence active operations immediately, and as they are all young men, full of push and energy, we predict that success will be the result of their labors. It is an enterprise, which, if successful, will add dollars and cents to a large number of people in this vicinity.—Brownsville Times.

BALD HEADS!

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Has it a lifeless appearance? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a heated condition? If these are some of your symptoms be warned in time or you will become bald.

Skookum Root Hair Grower

is what you need. Its production is not an accident, but the result of scientific research. Knowledge of the diseases of the hair and scalp led to the discovery of how to treat them. "Skookum" consists neither in sugar nor oil. It is not a dye, but a delightfully cooling and refreshing Tonic. By stimulating the follicles, it stops falling hair, cures dandruff and grows hair on bald heads.

Keep the scalp clean, healthy, and free from irritating eruptions, by the use of Skookum Hair Soap. It destroys parasitic insects, which feed on and destroy the hair.

If your druggist cannot supply you send direct to us, and we will forward prepaid, on receipt of price. Grower, \$1.00 per bottle; \$ for \$2.00. Soap, 50c. per doz. for \$2.00.
