The Prince of Wales has been appointed Grand Master of the English Freemasons.

The soldier's home matter is now settled, and work has commenced at Roseburg on construction. It is to be hoped there will be no further hindrance.

Don't expect an advertisement, says Printers' Ink, to bear fruit in one night. You can't eat enough in a week to last you a year, and you can't advertise on that plan either.

The English government proposes to introduce a bill for the compulsory confinement of confirmed inebriates in curative asylums. Such a plan would not be a bad one for this country to adopt.

Woman suffrage has been carried in Colorado by a large majority, and henceforth women will vote at all elections in Wyoming and Colorado. It is probable that the same policy will gradually be adopted by other states.

In the new river and harbor bill there is an item of \$12,000 for a survey of the upper Willamette and another of \$60,000 for the improvement of the Willamette above Portland. The Coos bay harbor gets \$500,000 and Yaquina bay \$120,000.

A Kansas couple who have been married three years have six children. One came at the end of the first year, two the second and three the third. The head of the house is debating whether to take to the wilderness or brave it out and stand the logical results of the fourth year.—Cottage Grove Echo-Leader.

At Portland Mrs. George H. Williams, the fasting fanatic, has just finished a forty days' fast. She is alive and strong enough and crazy enough to repeat the dose, which she says will drive the devil completely out of the system. People with minds less deranged than that of Mrs. Williams have been committed to the Oregon insane asylum.—Statesman.

A Missouri editor says he has a subscriber who gets drunk every little while and invariably insists on paying a year's subscription. He has his paper paid for in advance up to 1926. We wish the editor of that paper would find out what brand of whiskey the fellow drinks and send us a few gallons. We will pay him a good price for it, and if it proves what he says we will take a barrel.—Scout.

The Oregonian brings up the road improvement question again. A good time. We have very few good roads in Oregon this winter. The summer following, that only makes dust in summer and mud in winter, and does vastly more harm than good, should be abandoned—but we don't know just how or when this is going to be done—it has grown to be such a fad—such a craze—in this Webfoot state.—Statesman.

Like all great minds, Edison is an intensely practical man. During the course of some incandescent lamp experiments he wished to know the amount of space included in the glass bulb, and asked two of his learned assistants to figure out the cubic contents for him. After taking considerable time and several sheets of paper they brought the result to Edison, only to be told that they were wrong. The electrical experts again went over their figures, checked them and tried all the forms of mathematical calculation, from arithmetic to applied mechanics, but without avail, for the final result was again declared wrong by Edison. After several more useless attempts, and when a good portion of the day had been wasted, the professors would work no more on the problem. The "Wizard" then simply took the cap off an incandescent lamp, filled it with water, and then poured the water into an instrument used to determine the volume of a sphere, whence the cubical contents were known.—Ex.

The Salem Journal says the republican state ticket is Binger Hermann for governor and T. T. Geer for congress. That is evidently imaginary.

It is said by real estate men that Oregon is already feeling the benefit of the World's fair. Immigrants are coming in increasing numbers. Oregon's display at the Midwinter fair will undoubtedly attract many desirable settlers to this state and particularly to this valley.

BALD HEADS!

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Has it a lifeless appearance? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a heated condition? If these are some of your symptoms be warned in time or you will become bald.

Skookum Root Hair Grower

is what you need. Its production is not an accident, but the result of scientific research. Knowledge of the causes of the hair and scalp led to the discovery of how to treat them. "Skookum" contains neither minerals nor oils. It is not a dye, but a delightfully cooling and refreshing tonic. By stimulating the follicles, it stops falling hair, cures dandruff and grows hair on bald heads.

Keep the scalp clean, healthy, and free from irritating eruptions, by the use of Skookum Skin Soap. It destroys parasitic insects, which feed on and destroy the hair.

If your druggist cannot supply you send direct to us, and we will forward prepaid, on receipt of price. Grower, \$1.00 per bottle; 2 for \$2.00. Soap, 50c. per jar; 3 for \$1.50.
