Mention was ninde in the week's paper of the mining party who went-to the flue River Mines. Tuesday morning Messrs. Dickover and Henton given the gold regions a thorough and careful examination. Mr. Dickover did not remain long in Brownsville on the return trip, but, loaded with some of experience, have given in their testimony on the bright side, for what more can the people wish? We know
—they want to see the gold coming out in bricks and if you will wait patiently about three months that very seem will be yours to gaze upon. Perhaps there will be fewer doubting Peters than now.—Brownsville Times.

A Human Curlosity. Within the limits of Lane county there is a freak of humanity with few if any parallels, and which might well interest the student of physical science. About Il miles west of Eugene near many Long Tom postoffice resides Mrs. Mary Over Long Tom postoffice resides Mrs. Mary Marsh, a widow woman and the mother of several children, all of whom except one have the usual developments of body and mind. This one is a girl 13 years of age, only weighs 35 pounds and is but 33 leclies in beight. But the strange part of the development of this little girl is that of iter mind. She has never passed the period of babyhood, and her talk, play and actions are that of a two or three-year-old baby. She is well formed and preity, has pleasant was and is pleased with attentions. Her hair is long and heavy and of a beautiful listre. From the account given us by our laf-rmant the account given us by our laf-rmant is ement. In this exposition, as in every Chabruan County Central Committee, this youth in years, but baby in mind

(Weekly Circular Letter-No. 38.) the return trip, but, loaded with some the specture of one, boarded the first training or more instructive. The sound train for South Dakota, where he will expect in repairs to buildings already make a thorough test of the mineral and then return to this city. Mr. Heuton, however, remained here and will be a citizen of Brownsville for some time. He says the prospects are excellent and that the companies have chough fine ore now before them to some time. He says the prospects are excellent and that the companies have enough fine ore now before them to warrant the putting forth of a very large amount of work in developing the various claims now laid out. Numbers of men have gone to these mines for the sole purpose of investigating them and they have all returned with the universal verdict that the claims are very valuable property. Now that these men, with their years of experience, have given in their teacher.

One color which has been added to the chromatic effects at Sunset City is the chromatic effects at Sunset City is the vivid green of the growing grass. The slopes and lawn patches in the central court are beautiful as if they had been developed under the hands of expert gardeners for season after season, yet the seed from which this green has grown was sown only two or three grown was sown only two or three months ago, and today the lawn mower finds enough green blades for its blades of steel to take fast hold of. In the midst of these green lawns are beautiful beds of flowers. The California poppy has been given a place here, in the very center of this great exposition where so many thousands can visit it daily. Over five thousand different varie-

the account given us by our informant it is well worth the time of any one passing that vicinity to stop and see this youth in years, but baby in mind and development.—Guard.

A General Exodus From Haisey.

There seems to be a general exodus. There seems to be a general exodus. attention to its advantages. The letters that have been written to home papers are constantly on the spot, and those to whom familiarity has bred the common-place. Ex-President Harrison spent a the most active beatness business mentare preparing to leave for Southern Oregon, so we are informed.—Harrisburg Courier.

Hather Reminiscent.
