THE STRIKE.

The strike still continues and does not look as bright for a settlement as it did a week ago. Of course every one has a theory about the late strike, and there are about as many different theories as there are persons.

SYMPATHIZERS with the strikers are loud in their condemnation of the government for calling out the troops to put down the rioters. The strikers had a perfect right to quit the employ of the railroads, and had they gone no further government troops, nor even state or city officers, would have been called out, but when they resorted to violence and anarchy to prevent the railroads doing their accustomed service to the public it became necessary to call out officers, and when they were unable to cope with the situation it was necessary to call out government troops.

THERE seems to be a mistaken idea among patrons of the public schools that if they are unable to purchase books for their children that the latter are debarred from the advantages of attending school. Such is not the case, however. Under the law, upon proper representation of the fact that the parents are unable to purchase books for their children, the directors of the district are required to furnish the same from the funds belonging to the district.

OREGON continues to congratulate herself upon the good behavior of her people. It is the one state west of the Rockies which has not been the scene of disorder and violence. The strike tide has flowed and ebbed without leaving a visible sign of its presence in Oregon. We have stayed at home and attended to business, while other communities have been in upheaval and confusion.

ANOTHER star is to be added to the American flag; another state will be born to the Union as soon as the president signs the bill for the admission of Utah. Since Idaho, Wyoming and Nevada, with much less population and wealth were admitted, it was only fair to let Utah in.

CALIFORNIA'S militia have proved a detriment to the state, but the experience is worth considerable. Had the militia done their duty at the first call the strikers in that state would have been put to flight and serious trouble prevented, but the cowardice of the militia was the torch which fired the strikers to desperation and the result is naturally a heavy loss of life before forces could be brought to put down the rioters.

HARVEST APPROACHING.

The warm weather of the past few weeks has hastened the harvest season. Grain is ripening rapidly, and some of the fall grain is now being cut. Some of the wheat fields in this vicinity this year are the prettiest ever seen. The prospects are for a bountiful harvest of all kinds of grain, especially the fall grain, as it seems to be a settled fact that the aphid has done but little damage if any. It may prove later that they will injure the spring wheat and oats slightly, but this is not feared by many.

THE Knights of Labor, of Portland, have passed resolutions denouncing the Oregonian and Telegram for the course pursued against the laboring men in the present strike, and call on all merchants who are being patronized by members of the order to withdraw their support from those papers, under the boycott system. It is hardly likely that the demand will receive favorable attention, unless potent means are employed.

ABRAHAM LINCOLN in his message to congress, December 31, 1851 said: "Capital could not have existed if labor had not first existed. Capital is only the product of labor. Labor is the superior of capital and deserves by far the highest consideration."

A COMPANY has been organized at Portland to manufacture sugar from the sugar beet. This is probably a start in the development of the sugar beet industry.

THE editors of the Florence West and Junction City Times are indulging in considerable mudslinging of late.

COUNTY COURT.

Petition of Mark Curtis et al for bridge across Muddy creek, continued.
Petition of M. Shackelford and J. N. Rice for bridge across Calapooia, dismissed.
No action was taken in the matter of the appointment of deputy county clerk and deputy sheriff. The matter of an appointment of a deputy recorder was dismissed.
Matter of application of C. D. Jones for aid in turning Bear creek into the Santiam, continued.
THE FOLLOWING BILLS WERE ALLOWED.

THE Festive Tramp. Some people in Pendleton do not attach sufficient dignity to the tramp fraternity, says the East Oregonian. They do not seem to recognize the latter's right to go to a private residence and eat food earned by another. Sometimes the tramp resents such an attitude on the part of those to whom they apply for gratuitous meals. One here the other day asked a lady for wherewithal to appease the gnawing of hunger and the lady said she had nothing cooked. The tramp replied: "Oh, rats! I am getting tired of that excuse. It's a regular chestnut. Just bustle about and cook something. I don't propose to stand such treatment." Another some time since, after a good lady had given him a better meal than the family had just eaten, took his hat made a proper bow and said: "Now I suppose you did your best and your victuals are better than starving. I'll exonerate you from any evil intentions against my digestive organs. Having been on road fare for some months, I will be able to pull through." That tramp should be a politician or a journalist. He would rise to eminence.

WANTED - To employ a Lady or Gentleman to represent us in each County. Salary, \$40 per month. Ad dress with stamp. Chas. A. Robertson & Co., Salina, Kans.

Do You Need It? Here is a receipt for the cure of love sickness. It is submitted for the benefit of those who are violently taken with the disease on short acquaintance instantly or too previously. It is also expedient for the one who has loved wrongly or has been betrayed or jilted as the case may be. Take twelve ounces of dialike, one pound of resolution, two grains of common sense, twelve ounces of experience and five quarts of cooling water of consideration; set them over the fire of love, season with the essence of forgetfulness; skim with the spoon of melancholy; put it at the bottom of your heart; cork with a cork of clear conscience and let it remain for three days, and you will find ease and be restored to your senses again. The thing can be obtained at any apothecary shop, at the house of misunderstanding, next door to reason, on Providence street in the village of Contentment. To be taken when spells come on.

Accident at Sweet Home. Last Sunday John Foster came nearly passing in his checks, says the Brownsville Times, and taken his departure into the great beyond. He and a son of Harvey Hamilton were handling an "empty" revolver, when it was discharged, the bullet cutting off a thumb for young Hamilton, and continuing in its course. Went through the Foster boy's neck, missing the arteries and doing no damage, save scaring the boy out of a year or two's growth. It is a significant fact that boys have no business with revolvers, and perhaps these young men are aware of it. The physician who attended them says that it appears incredulous that a bullet should pass through the neck in this manner, and not cause instant death.

Last June, Crawford brought his twelve months old child, suffering from infantile diarrhoea, to me. It had been weaned at four months old and being sickly, everything ran through it like water through a sieve. I gave it the usual treatment in such cases but without benefit. The child kept growing thinner until it weighed but little more than when born, or perhaps ten pounds. I then started the father to giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. Before one bottle of the 25 cent size had been used, a marked improvement was seen and its continued use cured the child. Its weakness and puny constitution disappeared and its father and myself believe the child's life was saved by this Remedy. J. T. MARLOW, M. D., Tamaroa, Ill. For sale by N. W. Smith, druggist.

W. H. Nelson, who is in the drug business at Kingville Mo., has so much confidence in Chamberlain's Colic, Cholera and Diarrhoea Remedy that he warrants every bottle and offers to refund the money to any customer who is not satisfied after using it. Mr. Nelson takes no risk in doing this because the remedy is a certain cure for the diseases for which it is intended and he knows it. It is for sale by N. W. Smith, druggist.

A horse kicked H. S. Shafer, of the Freemyer House, Middleburg, N. Y. on the knee, which laid him up in bed and caused the knee joint to become stiff. A friend recommended him to use Chamberlain's Pain Balm, which he did, and in two days was able to be around. Mr. Shafer has recommended it to many others and says it is excellent for any kind of a bruise or sprain. This same remedy is also famous for its cures of rheumatism. For sale by N. W. Smith, druggist.

Diabetes Cured!

Wonderful Work.

A New Being Created!

Dear Sir: If you could see the writer of this letter and note the wonderful change that has been effected in his case by taking Dr. Grant's Kidney and Liver Cure, you would certainly be astonished. I was a most wretched sufferer for three years, trying all kinds of medicine and getting no relief. The flow of urine was very excessive. I was very constipated and also covered with carbuncles, and felt at war with myself and the world at large; but, thanks to your wonderful medicine, I felt as though I was a new being, and I consider a wonderful cure has been effected in my case.

With my best wishes for your further success, I remain Yours respectfully, A. McDONALD, Ashland, Wis. For sale by M. A. Miller.

Has Saved His Life! Marvelous Cure!

HARNEY, Oregon, April 30, '93. O. W. R. Mfg. Co., Portland, Ore. Dear Sir: About a year ago I was laid up with rheumatism. I was in a terrible state. I could not turn over in bed without assistance. As there was no physician in Harney I tried various liniments, but they all failed. When my condition was very serious, as the pain seemed to be striking near the heart, your agent came along and had a bottle of Congo Oil. Having it with me, I commenced rubbing me with it, and in less than five minutes I was relieved; in half an hour I was able to swing my feet out of bed, and one hour I was down stairs. He left the bottle with me and I applied it several times. From that day to this I have not been troubled with rheumatism. I feel that I owe my life to the wonderful oil. All this can be verified by Fred Holmes, of Harney, also the landlord of the hotel and several others. I always carry a bottle of Congo Oil in my grip now.

Yours very truly, C. H. NORFOLK, Assayer Burns, Harney Co., Oregon. Price 50 cents and \$1 per bottle. For sale by M. A. Miller.

Scrofula Cured.

Twenty-seven Years. Suffered at the time I was a young man with a skin disease which was cured by Dr. Grant's Sarsaparilla and Grape Root Cure. Since my eleven years I have been afflicted with various skin diseases, on various occasions. The skin of my face was most affected. I have used many different remedies, but their effect has been to make my skin worse. I commenced taking Dr. Grant's Sarsaparilla and Grape Root Cure, and the first bottle was doing good. I continued until I had taken six bottles, and am now completely cured. I have never felt so well in my life as I do now. It certainly was a most wonderful cure. The total cost of the medicine was only \$6.50. I now cordially recommend Dr. Grant's Sarsaparilla as the King of Blood Purifiers.
