NEWS ITEMS.

Mr. George Buhl and Miss Iva Smith were united in the holy bonds of matrimony last Wednesday morning at 9 o'clock, July 18, 1894, at the home of the bride's parents in this city, Rev. J. H. Beattie officiating, using the beautiful and impressive ring service in the ceremony. There were present the parents of the bride, also brothers and sisters, with the brother of the groom and a few select friends. Mr. Buhl is one of Lebanon's most popular young men of a good character and fine business qualifications and is well thought of by all who know him. Miss Smith is the second daughter of our townsman P. M. Smith and is an accomplished and highly respected young lady. Mr. Buhl is to be congratulated on winning the heart and hand of such a helpmeet through life.

The newly married couple left on the morning train immediately after the ceremony for Portland where they will spend a few days. On their return they will begin house keeping in their new residence which is now being erected.

Mr. and Mrs. Buhl have a host of friends in this place with whom the Express joins in wishing them a happy journey through life.

Five Generations.

On Monday C. G. Rawlings had Mr. Boyd, the photographer, to go up to Mrs. Simons' and take a group of five generations, such a group as one will hardly see in a life-time. They were all of the feminine gender, the eldest being 101 years old, while the youngest was three and a half months. The group consisted of Mrs. Simons, aged 101 years, Mrs. Joe Welt, aged 64 years, Mrs. J. H. Clelan, aged 44 years, Mrs. C. G. Rawlings, aged 20 years, and Mrs. Rawlings' baby, aged three and a half months. Whether it is on account of such a healthy country that members of this group have reached this age or not we are unable to say. But we do say that we will wager that a person will have to hunt a long time before they could find another such group.

One of Oregon's Pioneers.

We had the pleasure of meeting Mr. Edward Loat this week, of Solo. Mr. Loat was in the city on his return from a visit to Mr. Meadows Vanderpool, of Sodaville. Mr. Loat is an old pioneer of this valley, he having landed in Portland the last day of January, 1850 and then walked to this valley. He took up a ranch near Solo where he still resides. Mr. Loat is 79 years old and has never had to use eye-glasses, his eyesight being as good as it ever was. His memory is very accurate and it was a great pleasure to converse with him. He said he had lived in country probably longer than any one now in it—44 years, and is, perhaps, as little known as any one. He has not had his hair cut for 12 years and long, golden locks hang down over his shoulders. Mr. Vanderpool, his old friend whom he visits quite often, is now 97 years of age.

We learn from Superintendent Downing that there are now 388 prisoners in the penitentiary, one of whom is a woman. This is one count to about 883 of our population. The highest number in our penitentiary at one time was in June 1892, when it was 424—Salem Independent.

The Junction City Times says: During the session of the last legislature Lane county headed the list on the call of "yeas" and "nays" in both branches of the legislature. Senator Alley in the senate and D. C. Baughman in the house. This was considered rather a remarkable coincidence. This coincidence will be repeated next January so senator Alley will continue to head the list in the senate and C. H. Backer will head the list in the house. Lane county is determined to keep at the head of the procession.

Several of them had not reached home when Mr. Meeker wrote Mr. Ellis on the 6th inst. They will try again some of these days.

All Trains Now Running.

CHICAGO, July 17.—The railway strike was not in evidence today except at the headquarters of the American Railway Union. There the committee declared strike was on "red-hot," but the railroad showed no signs of trouble. The packing-houses were all at work, and business was apparently assuming its normal condition.

CHICAGO, July 17.—A Milwaukee St. Paul suburban train today was wrecked at Kinzie street. No one was hurt. Officers of the road deny strikers caused the wreck.

The first break in the ranks of Pullman strikers has occurred; 150 Holders have been put to work on the tracks back of the Pullman foundry. No effort was made to prevent the men from going to work.

Lack of Trainmen at Oakland.

OAKLAND, Cal. July 18.—The situation is unchanged here. Passenger trains are moving, but the company is embarrassed by a lack of trainmen and are unable to successfully handle freight. The strikers say that the average freight business out of Oakland is 18 or 20 trains daily, and declare that in two days past but five freight trains have left the city. "If this is running the road," said a leading striker, "we are beaten, but it is not."
