TEACHERS AND EDUCATORS. The County Institute of Linn county will convene in the public school building at Albany Monday July 30th, and continue until Aug. 8th. Unusually strong interest is expressed among the teachers of Linn county this year, and the coming institute will bring the greatest revival of educational work we have yet experienced. An ample corps of able instructors have been secured and regular classes in all school work will be organized, giving all teachers an opportunity to take active part. Every teacher is coming prepared to work, bringing all text-books, note-books, pencils, etc. The institute will merge into the Third Judicial District Institute, including Linn, Marion, Polk, Yamhill, and Tillamook counties. The live teachers from the entire district will be present, and in their behalf it is expected the railroads will give reduced rates. Free lectures have been secured and the entire institute will be an intellectual treat to all interested in educational progress. Times are hard, money is scarce, we are aware of this, and in view of this fact the people and hotels of Albany feel a liberal disposition toward the teachers. All will make very reasonable rates for boarding and lodging. No active, energetic teacher can afford to stay away. Come out everybody; exchange ideas; come in contact with the strongest workers; imbibe new life and energy and go back to your schools, next fall to do more than you have ever done before. Forward, upward, is the watchword of this age. Let the teacher lead the advance. "New occasions make new duties. Time makes ancient good uncouth. They must upward still and onward Who would keep abreast of truth." G. H. W. Farewell Reception. Safety Lodge No. 13, A. O. U. W., gave a farewell reception last evening to Dr. Mackey. During the evening he was presented with a beautiful Past Grand Master's badge by the members of the lodge, the presentation speech being made by J. R. Wyatt in a few very appropriate remarks. Dr. Mackey responded very fittingly. After the exercises were over the members were invited down stairs where the Degree of Honor held full sway. They had prepared a splendid collation of ice cream and cake and every one was invited to partake. The program was splendidly arranged and faultlessly carried out. The doctor leaves this city with the best wishes of the order and of many other friends.—Herald. Bicycle Races at Independence. Chas. M. Anderson, of the EXPRESS force, went to Independence last Friday to be present at the bicycle races to be held there Saturday. There were to have been three races, a novice race, \$35 gold medal; one mile amateur race, Class A, \$35 gold medal, and a two mile amateur, Class A, \$50 gold medal. Three Salem men entered the novice race and it was run, being won in 2:54. There were no prizes there and when the one mile amateur race was called, the riders wanted a guarantee that they would get the prizes, but nobody would guarantee. It was afterwards learned that the medals were nothing but silver, gold plated, instead of solid gold. Hewitt, Frazier, and Howe, of Portland, and Sears, of Albany, the fastest men in the state, were present and ready to ride. Letter from Jas. J. Charlton. Mr. Jas. J. Charlton formerly of this county, writing to Nutting of the Democrat, from Denver Colorado, says the climate there seems to be the best possible for his needs, and so is probably a fixture there. He expects to begin practicing his profession the 1st of Sept, having put off active work until then by advice of his physician. He says "There has not been a lack of interest and excitement since I came here in early May. Cripple Creek, Coxeyites, the Turney incident, the convention of republican leagues, local matters of importance and several standing armies have kept matters lively." However he says Colorado is all right, and Denver is delightful. The letter was mailed June 29, being over three week on the way, where it usually takes only three days. Roll of Honor. The following are the names of pupils with name on the roll of honor for last month in Dist. 9: Paul Spring, Claude Lewis, Harry Page, Nettie DeBoise, Ralph Page. Those who visited the school during the month were: The Misses Arta Lewis, Maggie Reinhart, Louise Ware, Bertha Ludwik, Tessie Weddle, Stella DeBoise, the Mrs. Emma Powers, Nettie Page, Elizabeth Lewis, Alice Stitt, Messrs. Jerome Skelton, W. W. Wadsworth, Stewart Lewis, Willie McKinney, Miller Page and J. H. Brinhart. W. J. GRUBER, Teacher. To Trade. I have a good second-hand cook stove which I wish to exchange for a wood or a good milk cow. For particulars, call on me at the St. Charles hotel. J. B. THOMPSON. Frank Miller returned home yesterday from Lower Soda.

LEBANON, OR., July 27, 1894. To the Editor of the EXPRESS. Your correspondent had the pleasure last evening of attending the first of a series of free instrumental recitals given under the management of Miss Hattie Warner, the able director of the music department of the Santiam Academy. The performance was a success, as every one present testified by their hearty cheers. Especially noticeable were the well rendered of the large number of beginners in the class. All expected something good from such members of her class as the Misses Simpson and Elkins and Messrs. Aldrich and Marks whose voices we knew had been in training, and we were not disappointed, but were really surprised at the excellent results brought to our notice by this recital in both the vocal and piano classes who have but a few months' training. The promise for the future is very bright for this lady, and the Academy is to be congratulated in securing the services of such a teacher. The friends of Miss Warner and of the school are very enthusiastic over this first public effort. It seems to be opinion of all that the lady is full of enthusiasm and will succeed. The next recital will occur at the academy about the first of October. The public may anticipate many rare treats from these performances. L. D. E. Strikers Cannot Get Back. SAN FRANCISCO July 24—General Superintendent J. A. Fillmore returned from Sacramento last evening. He said that the situation had quieted down and did not demand his presence any longer. He had accomplished the object of his mission. The blockade had been broken and the strike had died a natural death. "The strike is over," he said. "It does not make any difference now whether it is called off or not. We have all the men we want, and the strikers can hold together as long as they please without affecting us in the least. We don't need their services any longer. That is not to say that none of the strikers will be taken back. There are a few who will be given their positions again, but we will take our time about it. The company has not receded from the position assumed at the beginning of the trouble. Not a solitary man who has taken an active part in the strike will ever go back to work for the company again. Everything is quiet at every point on the system. I apprehend no further trouble." Stabbing Affray at Harrisburg. Harrisburg is again brought into notice by a stabbing affray that occurred near there last Monday. The particulars in the case are about as follows: Some time ago Avarilla Warner began a suit for divorce against her husband, Seldon Warner. The case is now pending and they are living separate. Mr. Warner has two nephews, Vernon and Chas. S. Warner, brothers. In the divorce matter Warner took Mrs. Warner's side, while Chas. Warner took Seldon Warner's side. As a result bad blood existed between the brothers and Charles went to the home of Mrs. Warner to give Vernon a thrashing. Charles being the larger, Vernon drew his knife and stabbed him. He then went to the city and gave himself up. He was bound over in the sum of \$500 for assault to await the action of the grand jury. He furnished bonds and was released. Our Mail Service. There is no strike here in Lebanon but the mail has been delayed. The government has discontinued the service of the mail carrier from the depot to the office and insists upon the railroad delivering the mail to the postmaster at his office. Mr. Bennett, the agent, delivered it one day but as he cannot get off till after the train leaves, the mail has to lay at the depot from a half hour to an hour after it arrives before it gets to the office, and it leaves the office nearly a half hour before the trains arrive. Postmaster Chas. Smith has been kind enough for the past few days to go after the mail as soon as it arrives but it is only an accommodation that he does it. Something should be done at once. A Little Runaway. Yesterday as N. W. Smith and wife were returning from his father's farm, while passing the machine shop on Bridge Avenue the whistle was blown, frightening the horse and causing him to runaway. Norman and wife were thrown out but not seriously injured while the buggy was upset and badly demoralized. The horse was caught after running a short distance. Did Not Go to Work. The men who went from Albany to Ashland to take the place of the S. P. strikers on the Shasta division, came back on Friday's overland. Their reception was so inhospitable there that they concluded to let some one else try it. According to the story they tell the people are in hearty sympathy with the strikers, and all the hotels and restaurants were closed against them so that they were forced to eat hardtack with the soldiers.—Eugene Review.
