THE TEACHERS' INSTITUTE.

By the many expressions of enthusiasm among the many teachers returning from the Institute which closed last evening at Albany, we readily experience the revival of energy among the teachers of Linn county.

The county teachers Institute convened at the central school building at Albany July 30th and continued in unbroken session until Saturday evening Aug 4th. Monday morning Aug 5th, the boundary walls were melted away, and county Institute merged into the 3d Judicial District Institute under the direction and management of State Sup't E. B. McElroy. The Co. Institute proved one of unparalleled interest and profit to the teachers of Linn co.

The District Institute following, formed an enthusiastic climax, being formed and shaped by the state sup't, with the most efficient aid of Prof. Burnham of Portland and Prof. D. V. S. Reid of Eugene. There were many school workers from abroad whose efforts towards our educational progress will be long remembered. Among whom we would mention the names of J. M. Bliss, of Corvallis, Dr. Chapman of Eugene, Pres. Campbell of Monmouth Prof. M. L. Pratt and D. W. Jarvis of Portland.

It is evident the teachers of Linn co. have caught new inspiration, and the coming year will enter upon their work with broader conceptions of their duties and responsibilities.

DIED.

Mrs. Addie Catherine Howard died in Lebanon, Or., August 6th, 1894, at 7:30 A. M. She was the daughter of Mr. and Mrs. P. M. Smith of this place, and the wife of Mr. A. J. Howard, of Portland. Mrs. Howard has been sick a long time and very earnest has been the effort of her faithful husband to prolong her life. They have been for some time past in Colorado at the famous Colorado Springs to see what the climate there would do for her but no avail, for the dread disease, consumption, had too firmly established itself to be so easily unseated. She came home two weeks ago to bid the home folks and friends good bye, ere she went to the long home, whence none ever return. Mrs. Howard died trusting in Jesus as her Savior. She was converted at the Academy at some meetings several years ago, but like a great many others neglected her duty in regard to coming out and making proper profession of it before the world. The funeral was very largely attended by the town people, beside many friends and relations who came from a distance. Her body was interred in the old cemetery, near the main part of town, by the side of her brother, Rial, who died about six years ago. The many tributes of love in the way of flowers and kindly attention are highly appreciated by the bereaved family. The flowers were especially beautiful, there being in the neighborhood of fifty floral pieces besides bouquets. The services were conducted by Rev. Edward Eccleston, who is here on a visit from California. Mrs. Howard was 23 years and nine months old at the time of her demise. She was married on the 23d, of Sept., 1891, to A. J. Howard, who is left to mourn her loss. At her own request the 14th chapter of the Gospel of St. John was read at the service. Her longings seemed to be to hasten to those mansions which her Savior had gone to prepare.

Baffled Their Skill.

For the past two days a remarkable case at St. Vincent hospital has baffled the skill of several of the surgeons in the city. Tuesday evening a man and wife named Cannon, living four miles out of Salem came here with a 10-months old child that had swallowed long hat pin 12 days ago. The little sufferer was taken to St. Vincent hospital for an operation but none of the surgeons would venture to perform it, as they were unable to locate the pin with any degree of exactness. The parents returned home with the little sufferer last evening with heavy hearts, as there seems to be no relief for their loved one this side of the grave. It is said the child has suffered indescribable misery since the accident.—Portland Telegram.

Scott and Wallace, the two young Corvallis desperadoes, who have been in the county jail at that city, several weeks, escaped from the old shack on Friday night. They sawed a hole through the floor, and getting water of managed to leave the cracks full of dirt so they were not seen. They have not been captured, and it is not known where they are. This was their second attempt, the first one being a failure.

My boy was taken with a disease resembling bloody flux. The first thing I thought of was Chamberlain's Colic, Cholera and Diarrhoea Remedy. Two doses of it settled the matter and cured him sound and well. I heartily recommend this remedy to all persons suffering from a like complaint. I will answer any inquiries regarding it when stamp is enclosed. I refer to any county official as to my reliability. Wm. Roach J. P., Prineville, Campbell Co., Tenn. For sale by N. W. Smith druggist.

BEDROCK.

Another Pioneer Gone.

After a lingering illness, Mrs. Elizabeth Denny passed away, at Jefferson, Marion county, at 5 A. M., Friday, Aug. 3, 1894. She was aged 87 years. Mrs. Denny was born in Massachusetts, moving to Ohio, and from there to Oregon in 1852. Her maiden name was Nickerson. A while after reaching Oregon her husband died at the home of Mr. William Ralston in this city, and she was left with several children to battle with the world. She leaves six children, one, Hon. O. N. Denny; another, Presley Denny, is a leading attorney of Salt Lake City; Mr. John Denny is a prosperous farmer near this city; Mrs. William Ralston and Mrs. W. H. Goltra are among Albany's most respected citizens, and Mrs. Pike, a resident of Eastern Oregon. The deceased has been a member of the M. E. church for probably over 50 years. The funeral was one of the most notable that has occurred in Linn county, and was largely attended by relatives and friends from Portland, Salem, Jefferson and Albany, as well as many of the leading citizens of Lebanon and vicinity. Rev. B. F. Denison, pastor of the Centenary M. E. church, of Portland, preached a most earnest, sympathetic funeral discourse in such tender language as to reach the hearts of the large congregation. The death of Mrs. Denny removes from our county another of those magnificent pioneer women who will always be the pride and glory of the early history of Oregon.

Typographical Errors.

All newspapers and books are full of errors. It can't be helped. One would think, though, that schoolbooks would be correct. See how far from it they are. The Pope Manufacturing Company sent out an offer to the young people of the United States of five bicycles as prizes for those discovering the greatest number of errors in text books published in this country. As a result of the contest, from 102 critics, 5,300 alleged errors were pointed out, 673 admitted by the judges as real errors, 3,114 rejected and 1,573 not considered. The prizes went to six persons, all gentlemen, and residing respectively in New Jersey, Kentucky, Pennsylvania (2), Massachusetts, and Iowa. The order given indicates the precedence from the highest number given to the lowest, and the range was 23 to 25. The two last were ties and the Pope Company to make it satisfactory gave each one a machine, making six in all. When all the returns were in the publishers of the text books were notified and in nearly every instance changed the plates from which the books were printed. No disputed historical point, no difference of opinion, no typographical error was admitted to figure in the contest.
