C., stating that his pension had been allowed, amounting with back pay, to \$2,400. Byers served in the First Colorado regiment from December, 1861, to November, 1864. Every mother should know that croup can be prevented. The first symptom of true croup is hoarseness. This is followed by a peculiar rough cough. If Chamberlain's Cough Remedy is given freely as soon as the child becomes hoarse, or even after the cough has developed it will prevent the attack. 50 cent bottles for sale by N. W. Smith, druggist. There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. For sale by N. W. Smith, druggist. The Observation Social. The Observation Social given by the Epworth League at the M. E. Parsonage last Tuesday evening was enjoyed by everybody present. A very interesting programme, consisting of vocal and instrumental solos, instrumental duets, readings and quartettes, was rendered, after which refreshments were served. Games were then indulged in until a late hour when the gathering dispersed.

IN MEMORIAM. Jerome Gentry was born in Anderson county, Tennessee, Oct. 11, 1865, and died at the home of his parents near Lebanon, Oregon, Oct. 2, 1894. He was the eldest son of Mr. and Mrs. Charles Gentry who with their family emigrated to Oregon in 1874. During the summer of 1892 while with a threshing crew he contracted a severe cold which settled on his lungs, and developed into consumption, of which he died. A year ago his parents sent him on a visit to his old home in Tennessee, hoping that a change of climate would benefit him, but he gradually weaker and was brought home by his father last August. Rome was always a good boy and a general favorite with everybody. While away on his last trip he witnessed the baptism of his cousins, which together with the service, made a deep impression on him and brought him under conviction. His life seemed changed from this on, for he often spoke of the hope he had of the life beyond. He was a most patient sufferer—gentle and uncomplaining, doing everything he was bidden without a murmur. He was very fond of music and one day said, "If they have lots of music in Heaven, there's where I want to go." As the end drew near he called the sorrowing family about him, and calmly bid them all good bye, getting a promise from each one that they would all meet him in Heaven. Later he seemed to suffer a good deal, and whispered, "Ask the Lord to take me tonight," then soon he passed away to be forever with the Lord. "Blessed are the dead that die in the Lord." C. H. H. ACADEMY NOTES. School progressing smoothly and profitably. Miss Jessie Carleton and Ruby Bland entered school this week. A piano has been placed in the chapel and the music department is now in a flourishing condition. All former students or others who have books belonging to the library, are kindly requested to return the same as soon as convenient, in order that the library may not be decreased. The Academy National Bank has been established in the business department. Capital Stock, \$80,000. Although only recently established, it is already doing quite a lively business. Patronage solicited. On Friday evening, Oct. 29th, a social entertainment will be given in the chapel. The entertainment will be entirely informal, the evening being spent in sociability, games, etc., interspersed with vocal and instrumental music. All friends of the academy are invited to come and enjoy a few hours with us and become better acquainted. X. Light and Water. A petition signed by a majority of the business men and other citizens of the place, was presented to the council on Tuesday night, asking that the necessary steps be taken to enable the people to vote on the question of bonding the city for the purchase of the electric light plant. The petition was referred to the committee on ways and means, who will give it proper consideration. The petition was pretty generally signed and seemed to indicate a desire that the people be allowed to vote on the question. A thorough canvass is being made by our citizens and the matter is being discussed. There is an evident desire to own the plant, but the people are reluctant to bond the city. At present the resources do not meet the demand of the city and this deficiency will increase each year. A tax will be necessary, and it is hardly probable that a 3-mill tax, the limit under our charter, will suffice. It is claimed that the city can save several hundred dollars a year by purchasing this plant. Strawberries in October. While working in his strawberry patch one day this week, trimming the vines and preparing them for winter Mr. Stephen A. Cochell found a large bunch of strawberries in every stage of growth. There were, on one vine, a large bunch of blossoms, strawberries just forming, strawberries half grown, and the big, red, ripe strawberries. It can truly be said this is the land of gardeners, when it is considered that strawberries ripen early in June and are still with us the latter part of October. Cheadle—Hose Nuptials. Last Wednesday evening, at the residence of the bride's father, 313 Tillamook street, the contracting parties were Miss Clara M. Hose, daughter of Samuel Hose, Esq., and Dr. George W. Cheadle. The "Bethune" service was read by the Rev. E. A. Holdridge, pastor of the Forbes Presbyterian church, of which Dr. and Mrs. Cheadle are prominent members. At the close of the ceremony, refreshments were served and congratulations and social festivities were indulged in until a late hour.—Oregonian, Sunday, Oct. 14. Dr. Cheadle and wife arrived here on Thursday of last week. They will take up their residence on Mr. Cheadle's farm and he will open an office in Lebanon. The doctor has a host of friends here who extend their best wishes. The excelsior factory shipped a car load of excelsior this week.

THROUGH EASTERN OREGON. To the Editor of the Express. I promised you an epitome of my peregrinations through Eastern Oregon a few weeks since, and this is to redeem my promise. On the 25th of August, Mr. Isaac Saltmarsh and myself left Lebanon for a trip east of the Cascades, in search of what has for many years been known as the "Blue Bucket," or "Meek's Cut-Off Mine," having in our possession a chart, made by one of the discoverers of the mine, by which I felt confident I could find the mine. I, then a little boy, was one of the party known as the "Lost Emigrant Party" of 1845, under the leadership of "Steve Meek," brother of the Col. J. L. Meek, and who came near perishing, and doubtless would have perished but for the snow-capped Mt. Hood, which was a "bencon light," to point us to the waters of the Columbia river, which we reached after an almost indescribable suffering, late in September of that year. That gold was discovered by our party during the time of our meanderings in what is now known as Eastern Oregon, is a well-known fact. But that the richness of that discovery has been greatly exaggerated is, I think, no doubt true. That we, Mr. Saltmarsh and myself, found the place for which we started, I have no doubt, but which, as I feared might be the case, had been located, and is now being worked, under the title of the "Claypool Discovery" which lays in a northeasterly direction from Harney City, in Harney county, and about fifty miles from that city. We crossed the Cascade mountains, over what is known as the Santiam Pass, and followed the main traveled road, going through Prineville in Crook county, following up Crooked river and Beaver creek, passing over Rock mountain and so, on to Harney valley, arriving at Burns on the day of the double murder of Till Glaze and Bud Howard, and met the hearse bearing them to their last resting place. Having satisfied ourselves that the mine was taken, also that there were no inducements to search further for gold in that region, as the Claypool Discovery extends over a quite extended territory, and not a very rich discovery at that, we turned our ponies' heads toward home, arriving here on Sunday morning, Sept. 23, in good health, feeling greatly benefitted in that respect. LEBANON, Oct. 10, 1894. F. DILLARD HOLMAN. COUNCIL PROCEEDINGS. City council met in regular session Tuesday evening. All the members were present. Minutes of previous meetings were read and corrected. The committee on ordinances reported that the proposed ordinance sent to the council by the S. P. Railroad Company was faulty and did not meet with their approval. The matter in question is the building of crossings over the railroad track on certain streets. The matter was discussed by the council, and some of the members expressed themselves as being strongly opposed to the propositions of the company. The company want crossings made on only two streets, and want the council to agree to never make nor attempt to make any more crossings across the track; besides, the company wants the city to build the crossings and keep them in repair. The committee was instructed to reply to the company, admitting nothing and granting nothing, and to draw up an ordinance to suit themselves. A petition, signed by many citizens, asking that the question of bonding the city for the purpose of buying the light and water systems be submitted to the voters at the coming election, was presented to the council. Received and referred to the committee on ways and means. Following bills were read and warrants were ordered drawn for the same: G. I. Alexander \$1 70, A. McCurdy \$7 90, M. A. Miller \$4 80. Adjourned. PROBATE COURT. In estate of John Brown, will admitted to probate; James Blakely appointed executor. In estate of Richard Fox, personal property reported sold for \$13.70, and semi-annual account filed. In estate of Joseph Pearl, inventory filed; personal property, \$27.50; real estate, \$3027; set apart for widow, \$90; petition to sell personal property granted. In estate of Pearl & Brandon, John R. Pearl was appointed administrator, bond \$3,000. In estate of Thomas Hogan, inventory filed; personal property, \$15.75; real property, \$2,000; W. G. Morgan, administrator. In guardianship of Gus Warmouth et al first account filed. In estate of Lorenzo Hasbrouck, citation issued for a hearing on Nov. 5. In guardianship of William J. Thompson et al; first account approved. In estate of H. L. Brown, second account approved; resignation of J. M. Moyer accepted, and W. P. Elmore and Elizabeth Moyer appointed administrator and administratrix with the will annexed. In estate of Laura Taylor, Phil Ritter was appointed administrator; bond, \$800. Wm. Hildreth has got into trouble at Palmyra, Wash.
