A DARING ROBBERY. Joseph Buhl Knocked Senseless and Robbed of \$20. The city was thrown into great excitement Sunday evening by the startling information that a prominent citizen had been held up and robbed very near the corporate limits. Joe Buhl, a well-known and highly respected citizen of this place, had occasion on Sunday to visit his hop yard just north of the paper mill. He had on his person, from the sale of hops and otherwise, \$210, which was securely placed in his inside vest pocket, in an envelope. About dusk he started toward the city. When he approached the little bridge over the canal, through the Wasson place, it was nearly six o'clock and quite dark. Not thinking of robbers and footpads, he was startled by the command of a tall man standing on the bridge, to stop, which he did. Before he could realize what was the cause of this unusual command, he was struck over the head with a large club. The next thing he knew, he found himself in the cold waters of the canal, where he had some trouble in climbing up the slippery banks. This he finally did and hurried on to the public road. He reached Bud Thompson's residence near the paper mill, cold and bruised. He then ascertained that his watch and money were gone. Having obtained an overcoat, he came into town and reported his loss. Soon afterward, two boys brought in his watch and hat, which had been picked up by them near the bridge. The marshal with a posse of citizens went to the scene of the robbery and made a careful search for clues. The sheriff came out the next day. The officers and citizens are using every means in their power to ferret out the cowardly perpetrators of this bold robbery. If the parties had been caught Sunday night, they would have been elevated to the top of a telegraph pole. The boldness and brutality of this shows what we may expect, unless speedy and severe punishment is visited upon such offenders. No man's life is safe, if it known he has a dollar in his pocket. Mr. Buhl owes his life today to his good luck. His assailants evidently intended to kill him. Not For Sale. The much talked of question of bonding the city to purchase the electric light and water plant was brought to rather an abrupt finish last Saturday by Mr. Rawlings informing the citizens that he would withdraw his proposition to sell, and that the plant was now not for sale to the city at any price, that he had sold one-half interest to N. H. Allen, the well-known electrician of Albany, and that they would hereafter run it. This was quite a surprise to many of our citizens and it is said some of them were very sorry as it took all the air out their sails. A petition to Governor Penoyer is being circulated in this city and vicinity, asking that G. F. Russell, the embezzling county school superintendent be pardoned. It is a queer fact that the very men who probably criticized the outrageous wholesale pardoning of criminals from the penitentiary, do not hesitate to sign a petition asking that the practice be continued. A good many of them say that murderers and much worse criminals than Russell have already been pardoned, and the pardoning mill might as well go on to the bitter end. The Chrysanthemum Fair. The Chrysanthemum Fair under the auspices of the ladies of the Presbyterian church will be held at Miller's hall, on Friday evening, Nov. 16, 1894. Everybody is invited to bring flowers for the display. The exhibits will be made in three departments, viz: Bouquets, potted plants and designs. The flowers must be brought to the hall between the hours of 10 a. m. and 2 p. m. on Friday, Nov. 16, in order that the moral committee may complete their work before the opening of the doors. Six prizes will be offered, a first and second prize in each department. These prizes may be seen at N. W. Smith's drugstore. Good music will be furnished during the evening. Admission to the hall, 10c; refreshments 15c extra. Woolen Mills at Waterloo. Mr. Thos. Kay, the Salem Woolen Mill man, passed through this city this week on his return from Waterloo. He informed us that they had moved all the machinery out of the knitting department and stored it away, and would put in wooden mill machinery. He thought they would have the mills running some time the first of the year. We are glad to report that the mills at Waterloo will again be put in operation. Lost. Finder will be rewarded if he leave the same at Lasonb P. O. Mrs. E. Turnidge. A teachers' local institute will be held at Waterloo, Linn county, Oregon, beginning Friday night, November 23, and continuing during the following Saturday. All teachers and patrons of the vicinity are cordially invited to be present and take part in the discussions. The present absorbing question of a change of text-books is up for discussion, as well as many other interesting subjects.

ROBBERY AT WATERLOO. Mayor Sanford Robbed of \$345 Wednesday in Broad Daylight. Wm. Slater, the stage driver, brought news to this city yesterday of a bold and daring robbery committed at Waterloo Wednesday afternoon between the hours of 1 and 4 o'clock. Mr. Andrew Sanford, a son-in-law of Mr. Curtis, being the victim. Mr. Sanford was away from home at 4 his wife, who was not feeling well, looked the doors after dinner and laid down to rest, dropping to sleep. During the time she was asleep someone entered by the back door, opening it with a skeleton key, and ransacked the house, scattering papers and clothing over the floor, and getting away with \$345 which had been hidden in the clothes chest. Mrs. Sanford did not awaken until her husband returned at 4 o'clock and then complained of feeling queer. The baby was aroused about 9 o'clock and it is believed they were chloroformed. Mr. Sanford is a hardworking man and could ill afford to lose that sum of money. It is to be hoped the robbers will be caught and brought to justice. There is no clue to the robbers. THANKSGIVING PROCLAMATION Washington, Oct. 31.—The President to-day issued the following: By the President of the United States of America—A proclamation: The American people should gratefully render thanksgiving and praise to the Supreme Ruler of the Universe, who has watched over them with kindness and fostering care during the year that has passed. They should also with humanity and faith supplicate the Father of all mercies for continued blessings according to their needs, and they should by deeds of charity seek the favor of the Giver of every good and perfect gift. Therefore, I, Grover Cleveland, President of the United States, do hereby appoint and set apart Thursday the twenty-ninth of November instant, as a day of thanksgiving and prayer to be kept and observed by all the people of the land. On that day let our ordinary work and business be suspended and let us meet in our accustomed places of worship and give thanks to Almighty God for our preservation as a nation, for our immunity from disease and pestilence, for the harvests that have rewarded our husbandry, for a renewal of national prosperity and for every advance in virtue and intelligence that has marked our growth as a people. And with our thanksgiving let us pray that these blessings may be multiplied unto us, that our national conscience may be quickened to a better recognition of the power and goodness of God, and that in our national life we may clearer see and closer follow the path of righteousness. And in our places of worship and praise as well as in the happy reunions of kindred and friends on that day, let us invoke Divine approval by generously remembering the poor and needy. Surely He who has given us comfort and plenty will look upon our relief of the destitute and our ministrations of charity as the work of hearts truly grateful and as proofs of the sincerity of our thanksgiving. Witness my hand and the seal of the United States, which I have caused to be hereto affixed. Done at the city of Washington on the first day of November, in the year of Our Lord, eighteen hundred and ninety-four, and of the independence of the United States, the one hundred and nineteenth. GROVER CLEVELAND. By the President: W. Q. GRESHAM, Secretary of State. Convicted of Manslaughter. The trial of the State vs. Lorin Parker, indicted by the grand jury of Harney county for the killing of Bud Howard, the murderer of Th. Glaze, took place last week in the circuit court and resulted in the jury bringing in a verdict of manslaughter. The Burns News says of the case: "Many ladies attended the Parker trial several days; being the first murder case ever tried at Burns, made it of absorbing interest to even those not particularly concerned for the welfare of the young man accused. The Burns church was never before so crowded as Wednesday evening by men, women and children to hear the argument in the case of the State vs. Parker for killing Bud Howard. This case has occupied the court from Saturday 9 a. m. to Wednesday 10 a. m., exclusive of Sunday. Jury reported at 9 a. m. Thursday, a verdict of manslaughter; recommended to the mercy of the court." Parker resided in Lane county for several years, prior to his removal to Eastern Oregon. Found Dead Near Scio. A message was received in this city yesterday from Scio, summoning the coroner, and saying that Wesley Downis, a farmer residing on the farm of Marion Alexander was found dead. No particulars were ascertained, but it is supposed that he committed suicide. The coroner will go over and investigate the case.—Herald.
