

# Lebanon Express.

H. Y. KIRKPATRICK,  
Editor - and - Proprietor.

LEBANON needs a bank.

LEBANON is an opening for a bank.

Some business man with money would do well in Lebanon by opening a bank.

There is more business transacted in Lebanon than any city in the state in proportion to its size.

There is not another city in the state the size of Lebanon and does the business that this city does without a bank, and we need one.

A BILL for the transfer of a portion of the exhibit of the Department of State at the World's Fair to the Columbia Museum of Chicago passed Congress Thursday.

The county division question is meeting with considerable opposition. The majority of the people say our taxes are high enough and old Linn county is good enough for them.

In spite of all this talk in favor of economy, there are still a number of perquisites attaching to the positions of state senator and representative. Each member of the senate this session is allowed \$3 worth of stamps, \$1 worth of newspaper wrappers and six daily newspapers. Each representative is allowed \$4 worth of stamps, \$2 worth of wrappers and three newspapers.

A DISPATCH from New York on Saturday says: The engagement of gold for shipment by today's steamers aggregates \$6,700,000. This makes a total export for the week of \$7,200,000 which is the largest amount shipped in any one week since April, 1893. Not since the United States treasury established the gold reserve has there been withdrawn for export in any one week a sum equal to this week's withdrawals. For the four weeks ending Saturday the gold shipments foot up nearly \$20,000,000.

An exchange says that a wagon-maker, who was dumb for years, picked up a hub and spoke. Yes, and a blind carpenter on the same day reached out for a plane and saw; and a deaf farmer went out with a dog and herd; and a noseless fisherman caught a barrel of pike and smelt; and a forty ton elephant inserted his tongue in a grate and blue; yes, and a dog walks off with his coat and pants; and just last night we noticed a bedbug listening to the bed tick. Yes, and some men in the woods saw the trees bark. Another man was astonished by seeing a horse fly as he was passing along the road.

SENATOR McCLEUNG has a measure now on its second reading providing a new rule for county courts in the matter of bridges. It provides that whenever any bridge is to be built by any county, the estimated cost of which exceeds \$200, the county commissioners shall advertise for plans, specifications and strain diagrams for two successive weeks in the official newspaper of the county, if a weekly, and ten days if a daily. The board shall select plans suitable, advertise as before for the construction of the bridge, letting the contract to the lowest responsible bidder, reserving the right to reject any and all bids. Each bidder shall deposit with his bid a good and sufficient bond, to be approved by the board, which bond shall be forfeited to the county in case the award is made to him and he fails, in five days after award is made, to enter into contract for the construction of the bridge. If, in their judgment, one is required, the commissioners may appoint a man to superintend the construction of the bridge.

## MARRIAGE AND DIVORCE.

A big discussion is going on in California upon the subject of divorce, on account of the extreme laxity of the laws there. The papers are well filled on the topic. Below we give a couple views of prominent people somewhat differing in the matter. The first is by Dr. M. M. Gibson: "I am opposed to divorce on any grounds except scriptural. I stand upon the ground that the marriage relation is the most sacred that exists. The home must be protected and kept inviolate even at the personal self-sacrifice of both parties. If any change be desired, I favor the granting of a bill of separation, but never divorce, except the most conclusively proven case of violation of the seventh commandment.

In that case, and that alone, I would permit the remarriage of the offended parties during the lifetime of the offender. But I am cautious even in making that concession. I believe that the fence around matrimony should be built as high as the walls of Jericho, with never a knot-hole for escape. I place myself unqualifiedly in the front rank in this movement to abolish divorce.

I cannot help but feel proud that this great wave of reform which at present is sweeping over our land emanated in the first instance from the church. I sincerely hope that the churches out here will take up the work and accomplish as practical, far-spread results as they have in the East. Assuredly no community needs it more than does ours."

The second is by the well known Sarah B. Cooper: "I do not think the churches will accomplish anything practical or lasting in that direction. I believe that there are other grounds for divorce than those laid down in the Scripture.

"The reform in the moral tone of our society will not come through the churches; it will not come through the law courts; it will come through the higher and nobler character of the people themselves, and until it does come in that way, it will not come at all.

"When moral principles have been instilled into the minds of children from babyhood by their mothers then we will have a race that will not need divorce laws of any kind. I have not given the matter sufficient thought to make any pronounced statement, but I am very sure that Scriptural reasons are not the only ones upon which divorces should be granted and that the reformation, when it does come must strike deep into the character and life of the people."

## OREGON'S SENATOR.

The failure of the Republican majority in the Oregon Legislature to elect a senator, is due to the influence of populism in Oregon. Two years ago, the same majority would have elected a senator and have got down to business long ago. The populist ideas, some of which are good, some indifferent and some worthless, have unmistakably infused themselves with the weak-kneed members of the grand old party. The people have heard much political discussion. They have seen and talked with Pennoyer. They have listened to the lesser lights of the party, on the streets and around the stores. They have experienced hard times, and, believing much of what they hear, they, even the Republicans, have been weaned from the grand old party. Many Democrats have trodden the same path. They are helplessly, hopelessly bewildered and resent the mention of the name of any man whose indications are toward gold, trusts and corporations. No one dares that Mr. Dolph is the ideal senator for trusts, monopolies and corporations. Therefore, those Republicans who have yielded to the arguments of the Populist, are sworn to slay Dolph. He is not their kind of a man and he isn't.

our kind either, but the Republicans must settle that little family quarrel among themselves or they will be called upon to "show cause" when the election comes again.

It is now settled that the authorities of Nebraska have been furnished with the names of every man who assisted in hanging Barrett Scott. One of the lynchers has confessed.

# ANCHOR S LIVERINE

THE GREAT LIVER, KIDNEY AND CONSTIPATION CURE.

The Manager of our Company is a practical physician and chemist, and nothing will pass through his hands without being first tested and proven fully up to the standard.

We ask you to procure a bottle of

## LIVERINE

from your druggist. If he does not have it in stock, ask him to send to the ANCHOR S CHEMICAL CO., Lebanon, Oregon, or to any wholesale drug house, where it is to be had in any quantities desired.

LIVERINE is pleasant to take. Any child will take it with a relish. Even a babe will not refuse it.

The properties of LIVERINE are mildly laxative in small doses and actively purgative when taken in full doses. It acts on the liver as no other compound does—mildly, thoroughly, without creating nausea, vomiting or griping. The latter quality has made it a general favorite with women before and after confinement.

LIVERINE is also an excellent KIDNEY COMPOUND.

A genuine renovator of the system without leaving any bad after effect.

LIVERINE has no equal for the relief of INDIGESTION, caused by defective action of the Liver or obstructed Kidneys.

LIVERINE cures sour stomach, bilious and sick headaches, bitter taste in the mouth, dizziness, roaring ringing in the ears, liver coughs, pain and soreness in the stomach, jaundice, and all other affections of the human system caused by defective LIVER.

LIVERINE is a positive and certain cure for chronic

## CONSTIPATION

or diarrhoea caused by derangement of the Liver. Pain in the back, aching in the hips, running down the thighs and legs, a heavy sediment in the urine, pain or soreness in the bladder, pain in passing urine are permanently cured by the proper use of LIVERINE.

After taking LIVERINE for a few days it frequently communicates a bright, healthy straw color to the urine, proving that the bile is being eliminated through the kidneys as it should be.

A continued use of LIVERINE increases instead of destroying the appetite. By its wonderful tonic effect it differs from other preparations by the dose not having to be increased by long taking. It may be taken by young or old with perfect safety.

LIVERINE is a purely VEGETABLE preparation, and has been submitted to the test of some of our best physicians, who speak of its praise.

The dose for an adult is ten or fifteen drops in a glass of water, three or four times a day, before meals. For a child one year old 20 to 30 drops, increased or decreased as required.

Some of the most prominent people of this city and Albany have been taking LIVERINE for two months past and are in all in its praise.
