

STATE AND COAST.

Taken From Our Exchanges Throughout the Northwest.

It is proposed to organize a stock company at Eugene to build a flour mill.

The Fondleton electric light plant will be materially enlarged and improved.

John Shields, an old pioneer of Lane county, died at Cottage Grove Wednesday, of paralysis.

J. B. Barns, of Gervais, while splitting hop poles Monday split his foot from toe to ankle.

A carload of dried prunes, apples, pears, etc., was shipped from Ashland to Atchison, Kan., last week.

The old electric power-house at The Dalles has been converted into a church for the Calvary Baptists.

Attachments to the amount of \$2500 have been filed against Haney Bros., merchants at Elkton.

It is feared that the unusually deep snow in Malheur county will cause the death of much stock, especially horses.

Many deer are seen along the base of the Cascades and Blue mountains, having been driven out by the deep snow.

Boys at Lone Rock caught a lynx and matched him against the fighting dogs of the town. There are no fighting dogs now.

The regular examinations of applicants for teachers' certificates are being held by the various county superintendents.

The Independence Amateur Athletic Club has rented a gymnasium room 24x40 feet, and will probably build an addition.

Machinery for the manufacture of laundry and high-grade toilet soaps will arrive at Independence from Chicago in a few weeks.

The woman's edition of the Salem Statesman netted \$243, which the ladies have turned over to the city board of charities.

A new machine for separating gold from black sand is being tested on the beach at Randolph, and is reported to work satisfactorily.

The New Era is the name of a paper that has been started at Roseburg by W. T. Fogle, published in the interests of the W. C. T. U.

The Puget Sound flouring mill has just completed boring an artesian well at Tacoma, that flows naturally 43,000 gallons a day.

An effort is being made to raise money to repair the dam at Lexington, and to put in a fishway so that salmon can ascend Willow creek.

William Sebring has bought a tract of 40 acres of bottom land near Riddle, and will experiment in raising cane for making sorghum.

The Baker City papers deny and the Huntington papers affirm that the movement to annex Huntington to Malheur county is serious.

Eugene has had several fires recently, and it is suspected that a firebug is at work. The last fire, in a barn, was evidently of incendiary origin.

Corvallis will have to raise a loan or shorten the school term next year, as pay will be five months in arrears at the end of the present term.

The chief of the Tillamook fire department is giving the firemen instruction in military drill, and it is proposed to introduce the drill into the public school.

Since Baker City imposed a license fee upon laundries, the Chinese washhouses have closed and the city is threatened with a superabundance of dirty linen.

A movement is on foot at Medford to erect a building for the Y. M. C. A. Half of the \$8000 necessary has been subscribed. The building will be a three story brick.

The receiver of the Baker City National bank announces himself ready to pay a dividend of 20 per cent, and says that another will be declared about the 1st of April.

Each of Linn county's representatives has introduced one bill, enough for any body to introduce. R. G. Smith, of Josephine, leads the house with 28. O. F. Paxton has only introduced one.

Senator McAlister has just finished drafting a bill providing for an election upon the question of the relocation of the state capital. Efforts are being made to induce him not to introduce it.

The report from Shedd, is that there was so much disturbance in the church during the meeting being held there, that the gallery had to be closed, and that the disturbance is caused by Halsey boys.—Halsey News.

Colonel Muncy tells the Baadon Recorder that the new machine being used at the Randolph black-sand mines, is a perfect success. It catches all the gold in the sand, and also saves the quicksilver that was lost by other machines.

A roof-repairer at Marshfield saved himself from falling off a roof by grasping a live wire. He then yelled for some one to save him from the wire, but managed to do it himself, escaping all injury but burns on his hands.

Last Saturday two sons of James Coulee, living near Newburg, started out for a hunt, and as they passed through the timber, a twig caught the hammer of a rifle carried by one of them, and the result was a bullet in the other's arm.

Three men plowing in a field near Irving left their teams and chased a ground squirrel. The teams took advantage of the excitement and ran away, smashing up the plows more or less. They killed the squirrel, but he was expensive.

Last Sunday a man named Martin, while hunting in the mountains with an old rifle, carelessly held his hand over the muzzle while fumbling with the gun, and had the palm pierced by a bullet. He was taken to Brownsville for surgical treatment.

Friday afternoon the residence of Eugene Brock was burned at Astoria. The fire was set in some way by a 2-year-old child, playing alone in an upper room. Frightened by what it had done, it crawled under a bed and was saved at the last moment with difficulty.

It took nearly 2000 pennies at the Astoria postoffice to make change for those receivers of valentines who had to pay 1 cent postage due because the sender had only put on a 1-cent stamp. This is paying too much for the hideous pictorial insult most of them received.

Perhaps the oldest horse in the United States died last week on Upper Willow creek. The horse lacked just one month of being 40 years old, and was the property of Mr. Rose, a farmer, who had owned the animal since it was 8 years old. Mr. Rose deeply regretted the death of his old friend and gave him a very respectable burial.

Joseph Palmer, the stockman, has returned to La Grande from Omaha, where he has been engaged for several weeks winding up and closing out a large stock shipment, in which he was interested. During the last summer and fall he bought fed and shipped about 2000 head of cattle. The stock was secured principally in Malheur county, and the prices realized in the Omaha market were satisfactory.

Adolph Geyer killed a ferocious-looking cougar on Savage creek about eight miles from Grant's Pass last Thursday. The animal had been tamed by Adolph's dogs but on seeing the gun approach left his refuge and broke for tall timber when he was stopped by a Winchester ball which went straight through his

body. Calkhoun Bros. bought the trophy for \$5, and Mr. S. H. Calkhoun will probably mount his cougar in all the naturalness of the taxidermist's art. Seven feet was the measurement from tip to tip. The cougar had been living off the farmers' hogs and was very fat, weighing 125 pounds.

Two days and a number of dollars were consumed at Fossil the past week in trying a store-keeper for selling goods on Sunday, contrary to a city ordinance. It was proved that the store was open and several men were within, but the only transaction in evidence was the transfer of a plug of tobacco by the proprietor to a man, with the remark that he would give it to him. The verdict was not guilty.

The last census report just received shows 63,791 families in Oregon; 29,400 own property free from debt, and 9,992 incumbered, and 24,399 families hire property. The percentage is, owing, 61.75, hiring, 38.25. Only ten states exceed the percentage on ownership, 74.63 per cent own property free from incumbrance and 25.37 incumbered property.

The Salem Post says: Dawson Linn county's senator, has a bill for the protection of game, fish and wild fowl. It provides for a "game and fish protector" of course, with a salary of \$2,000 per annum, together with traveling and other expenses not to exceed \$500 a year. The man who had the gall to introduce such a bill would make a slaughter house blush for shame.

Sam Tracer, who resides about a mile northwest of Junction City, says the Times, thinks an attempt was made to poison him. He had been away from home, and on his return Sunday morning he became aware of the fact that his wife was absent. While eating a cold lunch he noticed a white substance sprinkled on the meat. A portion of it was brought to town and an analysis made, which revealed poison. His wife is still missing, and the outcome of the case will be watched with interest.

If you want to sell property list it with Peterson & Andrews.

Cedar Posts. First-class cedar posts for sale cheap. Call on or address Walter Brown, Albany office, at French's jewelry store or see N. A. Nickerson at Lebanon.

Administrator's Notice. Notice is hereby given that the undersigned has been duly appointed by the County Court of Linn county, Oregon, the administrator of the estate of A. V. Gamate, deceased, and has duly qualified as such administrator. All persons having claims against the estate are hereby required to present them, with proper vouchers, within six months from the date hereof, to the undersigned at the office of W. M. Brown, in Lebanon, Linn county, Oregon.

SUMMONS. In the Circuit Court of the State of Oregon, in Linn county. In department No. 2. Me vs. J. Henderson, plaintiff vs. Jacob W. Henderson, defendant.

IN THE NAME OF THE STATE OF OREGON: You are hereby required to appear and answer the complaint of the above named Plaintiff, in the above entitled court, now on file with the Clerk of said Court, on or before the first day of the Regular Term of the above entitled Court, to wit: Monday the 11th day of March, 1895, court being held at Albany, Linn county, Oregon; and you are notified that if you fail to appear and answer said complaint, as hereby required, the Plaintiff herein will apply to the Court for the relief prayed for in Plaintiff's complaint, filed in the above entitled Court; to wit:

For a decree dissolving the bonds of matrimony now existing between Plaintiff and Defendant; and for an absolute divorce for Plaintiff from Defendant, and for the care, custody and control of their minor daughter Vesta; and for the costs and disbursements of this suit to be taxed.

LIVERINE THE GREAT CURE FOR LIVER, KIDNEY AND CONSTIPATION.

The Manager of our Company is a practical physician and chemist, and nothing will pass through his hands without being first tested and proven fully up to the standard.

LIVERINE

from your druggist. If he does not have it in stock, ask him to send to the ANCHOR S. CHEMICAL CO., Lebanon, Oregon, or to any wholesale drug house, where it is to be had in any quantities desired.

LIVERINE is pleasant to take. Any child will take it with a relish. Even a babe will not refuse it.

The properties of LIVERINE are mildly laxative in small doses and actively purgative when taken in full doses. It acts on the liver as no other compound does—mildly, thoroughly, without creating nausea, vomiting or griping. This latter quality has made it a general favorite with women before and after confinement.

LIVERINE is also an excellent KIDNEY COMPOUND.

A genuine renovator of the system without leaving any bad after effect. LIVERINE has no equal for the relief of INDIGESTION, caused by defective action of the Liver or obstructed Kidneys.

LIVERINE cures sour stomach, bilious and sick headaches, bitter taste in the mouth, dizziness, roaring ringing in the ears, liver coughs, pain and soreness in the stomach, jaundice, and all other affections of the human system caused by defective LIVER.

LIVERINE is a positive and certain cure for CHRONIC CONSTIPATION

or diarrhoea caused by derangement of the Liver. Pain in the back, gentle pain or itching in the hips, running down the thighs and legs, a heavy sediment in the urine, pain or soreness in the bladder, pain in passing urine are permanently cured by the proper use of LIVERINE.

After taking LIVERINE for a time it frequently communicates a bright, healthy straw color to the urine, proving that the bile is being eliminated through the kidneys as it should be.

A continued use of LIVERINE increases instead of destroying the appetite. By its wonderful tonic effect it differs from other preparations by the dose not having to be increased by long-usage. It may be taken by young or old with perfect safety.

LIVERINE is a purely VEGETABLE preparation, and has been submitted to the test of some of our best physicians, who speak in its praise.

The dose for an adult is from a teaspoonful to a tablespoonful three times a day, before meals. Dose for a child one year old 20 to 30 drops, increased or decreased as required.

Some of the most prominent people of this city and Albany have been taking LIVERINE for two months past, and are loud in its praise.

ANCHOR S. CHEMICAL CO.

KARL'S CLOVER ROOT, the great blood purifier gives freshness and clearness to the complexion and cures Constipation, 25 cts., 50 cts., \$1. Sold by N. W. Smith.
